**Foreclosed** Christopher K. Odinet, 2019-02-07 In *Foreclosed* Christopher K. Odinet gives voice to the stories of homeowners that have been neglected particularly those facing foreclosure and deep financial distress The book reveals the powerful and often invisible mortgage servicing industry the tremendous discretionary power it wields over the housing lives of most Americans and the servicing problems that still persist today In doing so it unveils a quiet and dangerous market shift in mortgage servicing namely an ongoing move toward a shadow banking sector where regulation is weak that threatens the stability of our housing finance system Ultimately the book demonstrates how the law does not afford homeowners the protection most think and how regulation of these mortgage middlemen remains weak *Foreclosed* should be read by anyone concerned with the state of housing and home ownership in the United States

*Encyclopedia of Human Services and Diversity* Linwood H. Cousins, 2014-09-05 *Encyclopedia of Human Services and Diversity* is the first encyclopedia to reflect the changes in the mission of human services professionals as they face today's increasingly diverse service population. Diversity encompasses a broad range of human differences including differences in ability and disability, age, education level, ethnicity, gender, geographic origin, religion, sexual orientation, socioeconomic class, and values. Understanding the needs and problems of Asian Americans, Hispanic Americans, the deaf, the blind, the LGBT community, and many other groups demands an up-to-date and cutting-edge reference. This three-volume encyclopedia provides human services students, professors, librarians, and practitioners the reference information they need to meet the needs of an increasingly diverse population. Features 600 signed entries organized A to Z across three volumes. Entries authored by key figures in the field conclude with cross references and further readings. A Reader's Guide groups related articles within broad thematic areas such as aging, community, mental health, family, and child services, substance abuse, etc. A detailed index, the Reader's Guide, and cross references combine for search and browse in the electronic version. A helpful Resource Guide guides students to classic books, journals, and web sites, and a glossary assists them with the terminology of the field. Available in both print and electronic formats, *Encyclopedia of Human Services and Diversity* is an ideal reference for students, practitioners, faculty, and librarians.
