MacDonald illuminates topics including race and avant-garde film, the political implications of the nature film, the inventive single-shot films of the late 1960s and early 1970s, why men use pornography and what they are looking at when they do, poetry and the poetic in avant-garde film, the widespread failure of film studies academicians to honor those who keep film exhibition alive and other topics. Several of the interviews: those with Korean filmmaker Gina Kim, French nature filmmakers Claude Nuridsany and Marie Perrenou, Microcosmos Canadian media artist Clive Holden, formalist conceptualist David Gatten and New York's Film Forum director Karen Cooper are the first substantial conversations with these filmmakers available in English.
