## **National Language Question Linguistic Pr:**

**Negotiating Linguistic Plurality** María Constanza Guzmán, Şehnaz Tahir Gürçağlar, 2022-02-15 Cultural and linguistic diversity and plurality are seen as markers of our time linked to discourses about citizenship and cosmopolitanism in the context of economic globalization in the late twentieth century It is often monolingualism however that informs understanding and policies regulating the relationship between languages nations and communities Grounded by the idea of language as lived experience Negotiating Linguistic Plurality assumes linguistic plurality to be a continuing human condition and offers a novel transnational and comparative perspective on it The essays featured cover concepts and praxis in which linguistic plurality surfaces in the public sphere through institutional and individual practices The collection adopts a critical view of language policies and foregrounds distances and dissonances between policy and language practices by presenting lived experiences of multilingualism Translation seen as constitutive to the relations inherent to linguistic plurality is at the core of the volume Contributors explore a range of social and institutional aspects of the relationship between translation and linguistic plurality foregrounding less documented experiences and minoritized practices Presenting knowledge that spans regions languages and territories Negotiating Linguistic Plurality is a thoughtful consideration of what constitutes language plurality what its limits are as well as its possibilities

**Language Politics and Public Sphere in North India** Mithilesh Kumar Jha, 2017-11-21 Moving beyond the existing scholarship on language politics in north India which mainly focuses on Hindi Urdu debates Language Politics and Public Sphere in North India examines the formation of Maithili movement in the context of expansion of Hindi as the national language It revisits the dynamic hierarchy through which a distinction is produced between major and minor languages The movement for recognition of Maithili as an independent language has grown assertive even when the authority of Hindi is resolutely reinforced The book also examines increasing politicization of the Maithili movement from Hindi Maithili ambiguities and antagonisms to territorial consciousness and subsequently to separate statehood demand along with the persistent popular indifference Mithilesh Jha examines such processes historically tracing the formation of Maithili movement from mid nineteenth century until its inclusion into the eighth schedule of the Indian constitution in 2003

**Minority Languages, National Languages, and Official Language Policies** Gillian Lane-Mercier, Denise Merkle, Jane Koustas, 2018-12-30 In a context where linguistic and cultural diversity is characterized by ever increasing complexity adopting official multilingual policies to correct a country's ethno linguistic socio economic and symbolic imbalances presents many obstacles but the greatest challenge is implementing them effectively To what degree and in what ways have official multilingualism and multiculturalism policies actually succeeded in attaining their goals Questioning and challenging foundational concepts Minority Languages National Languages and Official Language Policies highlights the extent to which governments and international bodies are unable to manage complex linguistic and cultural diversity on an effective and sustained basis This volume examines the principles theory intentions and outcomes of official

policies of multilingualism at the city regional and national levels through a series of international case studies The eleven chapters most focusing on lesser known geopolitical contexts and languages bring to the fore the many paradoxes that underlie the concept of diversity lived experiences of and attitudes toward linguistic and cultural diversity and the official multilingual policies designed to legally enhance protect or constrain otherness An authoritative source of new and updated information offering fresh interpretations and analyses of evolving sociolinguistic and political phenomena in today's global world *Minority Languages National Languages and Official Language Policies* demonstrates how language policies often fail to deal appropriately or adequately with the issues they are designed to solve Human Rights and World Public Order Myres Smith McDougal, Harold Dwight Lasswell, Lung-chu Chen, 2019 As a classic text of the New Haven School of International Law this book explores human rights and international law in the broadest sense taking into account social sciences research while embracing all values secured or consequently fulfilled or needed to thus be achieved The re issuance of this venerable title unveils this work to a new generation of scholars students and practitioners of international law and human rights **The Handbook of Applied Linguistics** Alan Davies, Catherine Elder, 2008-04-15 The Handbook of Applied Linguistics is a collection of newly commissioned articles that provide a comprehensive and up to date picture of the field of Applied Linguistics Provides a comprehensive and current picture of the field of Applied Linguistics Contains 32 newly commissioned articles that examine both the applications of linguistics to language data and the use of real world language to ameliorate social problems Valuable resource for students and researchers in applied linguistics language teaching and second language acquisition Presents applied linguistics as an independent discipline that unifies practical experience and theoretical understanding of language development and language in use **New Dimensions in African Linguistics and Languages** Paul A. Kotey, 1999 Presents the papers delivered during the Plenary Sessions at the 27th Annual Conference on African Linguistics Contents cover issues relating to phonology syntax historical linguistics and language and society as well as pedagogical issues that relate to the learning and teaching of African languages *Current Trends in Nigerian Pidgin English* Akinmade T. Akande, Oladipo Salami, 2021-10-25 This book focuses on the structure and sociolinguistics of Nigerian Pidgin English Its major aim is to serve as a compendium which touches different major aspects of NPE as it has been observed that earlier works in this area have focused only on one aspect or the other It will offer a broad survey of the form and functions of Nigerian Pidgin NP in different domains The book promises to investigate the use of NP in such domains as popular culture advertisement social media and online discussion fora One major strong point of this volume is the fact that it will direct attention to different fertile areas of NP by focusing inter alia on its social functions its morphology and syntax its regional varieties its possible use as a viable medium of instruction in school the changing attitudes of people towards its use the place of NP in relation to language planning and policy in Nigeria as well as sociolinguistic variation within NP The book will make a significant contribution to the existing literature on NP as unlike earlier studies in this area it will explore the

grammatical sociolinguistic and perceptual aspects of the language By bringing together the expertise of renowned Nigerian and international scholars who have conducted research in this area the volume will be an essential resource for researchers graduate and undergraduate students interested not only in Nigerian Pidgin but also on contact linguistics **An**

The Language Question in Europe and Diverse Societies Dario Castiglione,Christopher Longman,2007-03-12 Recent developments in the European integration process have raised amongst many other things the issue of linguistic diversity for some a stumbling block to the creation of a European democratic polity and its legal and social institutions The solution to the question of language involves an understanding of the role played by natural languages and the consequent design of policies and institutional mechanisms to facilitate inter linguistic and intercultural communication This is not an exclusively European problem and nor is it entirely new for it is also the problem of linguistic majorities and minorities within unitary nation states However the effects of globalization and the diffusion of multiculturalism within nation states have given renewed emphasis to the question of language in diverse societies Facing the question anew involves reconsidering traditional ideas about social communication and the public sphere about opinion formation and diffusion about the protection of cultural and linguistic minorities and about the role that language plays in the process of formation of political and legal cultures This volume is intended as a multidisciplinary contribution towards studying and assessing the range of problems that form the language question in Europe and diverse societies *Afro-Asian Bulletin* ,1962 Language Policy and Linguistic Justice Michele Gazzola,Torsten Templin,Bengt-Arne Wickström,2018-09-03 Language policies are increasingly acknowledged as being a necessary component of many decisions taken in the areas of the labor market education minority languages mobility and social inclusion of migrants They can affect the democratic control of political organizations and they can either entrench or reduce inequalities These are the central topics of this book Economists philosophers political scientists and sociolinguists discuss from an interdisciplinary perspective the distributive socio economic effects of language policies their impact on justice and inequality at the national or international level as well as the connection between language choices and an inclusive access to public services The range of social and economic issues raised by linguistic diversity in contemporary societies is large and this requires new approaches to tackle them This book provides new input to design better more efficient and fair language policies in order to manage linguistic diversity in different areas Topics covered include theoretical models of linguistic justice and linguistic disadvantage the assessment of the socio economic consequences of language policies the evaluation of the costs benefits and degree of inclusion of language planning measures the politics of migrants linguistic integration as well as multilingualism and economic activities

These topics are discussed in different contexts including the areas inhabited by linguistic minorities cities receiving migrants and supranational organizations Language Policy and National Unity William R. Beer, James Jacob, 1985-06 The central focus of each chapter is language policy and how it accomplishes or fails to accomplish the task of maintaining national unity in the face of linguistic diversity Included among the nations considered are examples of postcolonial cultures as well as nations that have sheltered linguistic minorities within their borders throughout their history countries fragmented into tribal groups and those divided by a plethora of local dialects Library of Congress Subject Headings Library of Congress. *Language Planning from Practice to Theory* Robert B. Kaplan, Richard B. Baldauf, 1997-01-01 Language Planning from Practice to Theory examines and reviews the field of language policy and planning In the first section of the book language policy and planning definitions current practices goals and ways of thinking are discussed as a foundation for understanding current practice in the discipline The central elements of language policy and planning practice are then described from two perspectives In the second section the methodology for collecting language planning data is outlined and the key cross societal issues of language in education planning literacy and economics in language planning are discussed In the third section case studies related to language and power bilingualism and status and specific purpose issues in language planning are covered The final two chapters draw together the critical issues and problems which have arisen from current practice and which must be considered in building a theory of the discipline A reference appendix to language planning in national situations is included The book provides the only up to date overview and review of the field of language policy and planning and challenges language planners to think more critically about their discipline Since language will be planned there is a need to consider how it will be done **The Politics of Cultural Pluralism** Crawford Young, 1979 *Lived Islam in South Asia* Imtiaz Ahmad, Helmut Reifeld, 2017-08-03 South Asia is probably the largest area in the world where Islam exists within a mixed composite culture overlapping with several other religions No matter how many origins of political conflicts one may find in the domain of culture and religion there are at the same time elements of peaceful co existence as well
