David Ovason, 2011-02-28 The secrets the myths and the facts behind Washington D C's design and its Masonic significance In this groundbreaking original work David Ovason reveals the intimate connections between the mysterious zodiacal symbols and the stellar lore of Washington D C and the secret plan for the city There are over fifty complete zodiacs in Washington D C all witness to an extraordinary stellar mystery Why did generations of architects and

artists put their lives and energies on the line when designing this City of the Stars What was their shared secret language What or who drove them to create a city overflowing with such esoteric symbolism What is the meaning behind the secret symbolism of Washington D C s layout And what does it mean for America s future Fowl Weather Bob Tarte,2025-04-08 In Bob Tarte s home pandemonium is the order of the day and animals literally rule the roost thirty nine of them at last count Whether it s the knot tying African grey parrot or the overweight cat who s trained Bob to hold her water bowl just above the floor or the nightmarish duck who challenges him to a shoving match this menagerie along with his endlessly optimistic wife Linda provides daily lessons on the chaos inherent in our lives But not until this modern day Noah s Ark hits stormy weather and Bob s world spins out of control does he realize that this exuberant gaggle of animals provides his spiritual anchor It is their alien presence their sense of humor and their impulsive behavior that both drive Bob crazy and paradoxically return him to sanity With the same sly humor and dead on character portraits that made *Enslaved by Ducks* such a rousing success Tarte proves that life with animals offers a wholly different perspective on the world **Cleopatra's Daughter** Duane W. Roller,2018-05-14 The Roman emperor Augustus gave his name to the age he dominated from the latter half of the first century BC until the second decade of the following century Yet he shared the age with several royal women who ruled parts of the Mediterranean world in a symbiotic relationship with Rome This book is the first detailed portrait of these remarkable women Previous accounts of the period have centered on Augustus or Rome s allied kings with scant attention to the women who ruled as their partners or on their own The most famous of these is Cleopatra Selene the daughter of the great Cleopatra VII of Egypt and her partner the Roman magistrate Marcus Antonius Her very survival following Roman victory over her mother s forces is itself noteworthy but she went on to rule Mauretania northwest Africa with her husband for more than twenty years She even attempted to reconstitute her mother s legacy in this remote region and like her mother was an ardent patron of the arts and scholarship Other women of note included in this book are Pythodoris of Pontos who ruled northern Asia Minor for forty years and Salome of Judaea the sister of Herod the Great who while never queen exercised significant power for nearly half a century These and others Glaphyra of Cappadocia Dynamis of Bosphoros Abe of Olbe and Mousa of Parthia were all part of the interrelated dynasties of the Augustan Age Their values and attitudes toward rule directly affected the emergent Roman imperial system and their legacy survived for centuries through their descendants and the goals of the royal women of Rome such as Livia and Octavia the wife and sister of Augustus Assimilating all of the historical and archaeological evidence *Cleopatra s Daughter* recovers these extraordinary women from the dim shadows of the ancient past Sun, Moon, and Stars Frank Murphy,Deborah Rovin-Murphy,Mary Beth Spann,2001 This engaging thematic unit includes songs pocket chart poems word wall activities mini books hands on math and science activities easy to make manipulatives literature links and more which are all related to the sun the moon and the stars Includes a big colorful poster Illustrations
