Taber, 2007-04-13 Asks how science teachers can make their classes more stimulating and challenging for the most able students to encourage them to continue their science education beyond compulsory schooling **The Times Index**, 2009 Indexes the Times Sunday times and magazine Times literary supplement Times educational supplement Times educational supplement Scotland and the Times higher education supplement *EBOOK: Changing Teaching and Learning in the Primary School* Rosemary Webb, 2006-09-16 With care and in partnership with others it may yet be possible to overcome contemporary dilemmas and to provide the high quality rounded and fulfilling education for all to which so many aspire This book helps considerably in understanding contemporary problems and challenges in primary education it is important timely and deserves to be widely read Andrew Pollard Institute of Education London What is the impact of New Labour s education policies on primary schools What are the main lessons to be learned from recent research on primary schools What are the implications for the future of primary education In this topical book leading academics in primary education evaluate New Labour s Education policy They draw on the findings of the latest research to discuss the impact of policies on primary school practice and on the views and experiences of primary school teachers and pupils Current issues and initiatives are analysed to identify the extent to which policy is shaped by past events trends and assumptions The contributors consider the future of primary education offer recommendations at school LEA and national level and make suggestions for future research *Changing Teaching and Learning in the Primary School* emphasises the central importance of taking children s perspectives into account when making changes in policy and practice By focusing predominantly on teaching and learning at Key Stage 2 the book addresses the imbalance between the range and depth of information offered on pre school and infant education and that available on junior teaching This is key reading for students on primary initial teacher training programmes Education Studies students primary school teachers and classroom assistants as well as education researchers and school leaders Parliamentary Debates (Hansard). Great Britain. Parliament. House of Commons, 2008 **The Sutherland Inquiry** Stewart R. Sutherland, Great Britain. Department for Children, Schools and Families, 2008 The Sutherland Inquiry HCP 62 session 2008 09 ISBN 9780102958393 is an independent inquiry remitted by the Office of the Qualifications and Examinations Regulator Ofqual and the Secretary of State for Children Schools and Families into the delivery of the National Curriculum tests in 2008 In July 2008 1 2 million pupils heard that their National

Curriculum test results would be delayed The test delivery service represented a failure in customer delivery service to the pupils schools and also the markers upon whom the National Curriculum testing regime relies The primary responsibility must therefore rest with the American organisation ETS Global BV ETS which won the public contract to deliver the tests and failed its customers This report examines how this organisation secured the contract what its plans were and why its systems and process as a whole were not properly tested The report will also describe how ETS s systems failed during the test delivery process There was also a failure on the part of the Government s Non Departmental Public Body the Qualifications and Curriculum Authority to deliver its remit The report also sets out the procurement process that QCA used to select its delivery supplier ETS and how it managed the contract The report sets out a number of recommendations on how test delivery can improve in future years and has set out a number of key priorities including that the delivery process of the National Curriculum tests should be modernised and improved in consultation with the marking community including piloting online marking that whatever process is used should be thoroughly piloted and project managed to ensure schools and pupils get their results on time that the customer service provided to markers must be vastly improved to ensure that they are properly supported and are able to access up to date information
