The Extreme Right in Interwar France Samuel Kalman, 2016-12-05 Historians of the French extreme right frequently denote the existence of a strong xenophobic and nationalist tradition dating from the 1880s a perpetual anti republicanism which pervaded twentieth century political

discourse Much attention is habitually paid to the interwar era deemed the zenith of this success when the leagues attracted hundreds of thousands of members and enjoyed significant political acclaim Most works on the subject speak of the French right or French fascism presenting compendia of figures and organizations from the Dreyfus Affair in the 1890s through the notorious Vichy regime the authoritarian construct which emerged following the defeat to Nazi Germany in June 1940 However historians rarely discuss the programmatic elements of extreme right wing doctrine which demanded the eradication of parliamentary democracy and the transformation of the nation and state according to group principles Instead most detail the organization and membership of various organizations and often recount their quotidian activities as political actors within and in opposition to the Third Republic This book offers a new interpretation of the extreme right in interwar French politics focusing upon the largest and most influential such groups in 1920s and 1930s the Faisceau and the Croix de Feu It explores their designs for extensive political economic and social renewal a project that commanded significant attention from the leadership and rank and file of both organizations providing the overarching goal behind their aspiration to power The book examines five components of these efforts A renewal of politics and government the establishment of a new economic order a revaluation of gender and familial relations the role of youth in the new socio political construct and the politics of exclusion inherent in every facet of Faisceau and CDF doctrine In so doing it contributes to a historical understanding of the programmatic elements of the interwar extreme right while simultaneously situating its most prominent exponents within their broader historical context

Dreyfus and the Literature of the Third Republic Evelyn Gould, 2012-10-06 Captain Alfred Dreyfus a French Jewish army officer spent twelve years from 1894 to 1906 in solitary confinement for a crime he did not commit Amidst the dramatic and shifting revelations of what would come to be known throughout the world as the Dreyfus Affair four influential authors reassessed their moral convictions on the civic questions posed by this abuse Emile Zola Maurice Barres Bernard Lazare and Marcel Proust offered fictive articulations of response to these questions Among them national citizenship and the roles of secularism and public education as well as tolerance of Jews and other immigrants to France loom largest The four authors considered dilemmas still unresolved in the modern democratic cultures of Europe today Moreover as this critical study illuminates the writers in effect were teaching readers to negotiate individual desires and collective purpose and to assess their own values as the effects of Dreyfus continued to ripple through society

The Politics of Racism in France P. Fysh, J. Wolfreys, 2003-01-31 While most analyses of the French National Front NF see it as a threat to democracy the exact nature of this threat has never been clearly defined Drawing on interviews with leading far right figures and access to internal party documents this book identifies the NF as a modern fascist party The authors produce an uncompromising assessment of attempts to confront the NF and explain how it emerged as the leading challenger to a discredited mainstream in the 2002 presidential election

From victory to Vichy Chris Millington, 2013-07-19 The most up to date and comprehensive English language study of its kind From victory to Vichy explores the political mobilisation of the two largest French veterans associations during the interwar years the Union française des combattants UFC and the Union nationale des combattants UNC Drawing on extensive research into the associations organisation policies and tactics this study argues that French veterans were more of a threat to democracy than previous scholarship has allowed As France descended into crisis the UFC and the UNC sought to extend their influence into the non veteran milieu through public demonstrations propaganda campaigns and

the foundation of auxiliary groups Despite shifting policies and independent initiatives by the end of the 1930s the UF and the UNC had come together in a campaign for authoritarian political reform leaving them perfectly placed to become the eyes and ears of Marshal P tain s Vichy regime Offering an original contribution to the history of late Third Republican political culture From victory to Vichy will appeal to students and scholars of modern France and Europe

Globalizing Race Dorian Bell, 2018-04-15 Globalizing Race explores how intersections between French antisemitism and imperialism shaped the development of European racial thought Ranging from the African misadventures of the antisemitic Marquis de Mor s to the Parisian novels and newspapers of late nineteenth century professional antisemites Dorian Bell argues that France s colonial expansion helped antisemitism take its modern racializing form and that conversely antisemitism influenced the elaboration of the imperial project itself Globalizing Race radiates from France to place authors like Guy de Maupassant and mile Zola into sustained relation with thinkers from across the ideological spectrum including Hannah Arendt Friedrich Nietzsche Frantz Fanon Karl Marx Max Horkheimer and Theodor Adorno Engaging with what has been called the spatial turn in social theory the book offers new tools for thinking about how racisms interact across space and time Among these is what Bell calls racial scalarity Race Bell argues did not just become globalized when European racism and antisemitism accompanied imperial penetration into the farthest reaches of the world Rather race became most thoroughly global as a method for constructing and negotiating the different scales national global etc necessary for the development of imperial capitalism As France Europe and the world confront a rising tide of Islamophobia Globalizing Race also brings into fascinating focus how present day French responses to Muslim antisemitism hark back to older problematic modes of representing the European colonial periphery
