Nationalist Era In China 1927 1949:

The Nationalist Era in China, 1927-1949 Lloyd E. Eastman, 1991-08-30 In recent years historians of China have focused increased attention on the critical decades of National rule on the mainland This recent scholarship has substantially modified our understanding of the political events of this momentous period shedding light on the character of Nationalist rule and on the sources of the Communist victory in 1949 Yet no existing textbook on modern China presents the events of the period according to these new findings The five essays in this volume were written by leading authorities on the period and they synthesize the new research Drawn from Volume 13 of *The Cambridge History of China* they represent the most complete and stimulating political history of the period available in the literature The essays selected deal with Nationalist rule during the Nanking decade the Communist movement from 1927 to 1937 Nationalist rule during the Sino Japanese War the Communist movement during the Sino Japanese war and the Kuomintang Communist struggle from 1945 to 1949

Historical Dictionary of the Chinese Civil War Christopher R. Lew, Edwin Pak-wah Leung, 2013-07-29 The Chinese Civil War which lasted several years or several decades depending on how you define it was one of the most momentous wars of the 20th century for it determined the fate of the world's most populous country and was bitterly fought with millions of combatants involved and hundreds of millions of civilians affected More to the point it was won by the Chinese Communist Party under Mao Zedong who imposed Communist rule while the Nationalists retreated to Taiwan It also heated up the Cold War for quite some time as the Communists were supported by the Soviet Union and the Nationalists by the United States This second edition of the *Historical Dictionary of the Chinese Civil War* studies the longer broader war and its chronology carefully tracks the major events The introduction then provides a broad overview describing the contending forces and showing how the Communists come out on top The details and these are crucial are laid out in over 200 cross referenced dictionary entries dealing with the opposing forces and parties the major campaigns and battles the Long March and of course the leadership on both sides This book one of few such in English provides a very solid basis for study but that can be accomplished more effectively by consulting the titles listed in an extensive bibliography

Wu Han, Historian Mary G. Mazur, 1955-01-01 This biography spotlights the life of a key Chinese intellectual Wu Han well known in China as a major twentieth century historian and democratic political figure World attention was drawn to Wu in the mid 1960s as the first of Mao Zedong's targets in the Cultural Revolution The biography locates Wu in the rapid changes in the social and political environment of his times from the early years of the twentieth century until his death in prison in 1969 With Wu Han's life as the focus the narrative deals with the momentous changes in Chinese society and government during the last century Mazur bases the biographical account on extensive interviewing in China and penetrates a great deal deeper than the conventional conception of the shift from Nationalist to Communist regimes in the PRC The complex life of Wu Han is of interest to specialist and non specialist readers alike both because of the broad relevance of the historical and political issues he and

those around him confronted in the context of the times in China and because of the direct narrative biographical style revealing the conflicts and depth in the human situation Mazur relates Wu Han's life to the momentous changes and conflicts surging through Chinese society with special emphasis on the complex role intellectuals have played during the course of change

Reconfiguring Chinese Nationalism J. Leibold, 2016-09-23 The first full length treatment of ethnic and national identity in early Twentieth century China Leibold traces the political and cultural strategies employed by Han Chinese elites in the process of incorporating both discursively and physically the diverse inhabitants of the last Qing dynasty into a new homogenous national community

Accidental State Hsiao-ting Lin, 2016-03-14 Defeated by Mao Zedong Chiang Kai shek's Nationalists fled to Taiwan to establish a rival state thereby creating the Two Chinas dilemma that vexes international diplomacy to this day Hsiao ting Lin challenges this conventional narrative showing the many ways the ad hoc creation of this not fully sovereign state was accidental and serendipitous

Age of Exploration Elisabeth Kaske, Elisabeth Köll, 2024-08-19 In the early twentieth century Chinese intellectuals came to realize that Westerners surpassed them not only in knowledge of the world but also in knowledge of China itself A rising generation of Chinese scientists engineers and administrators was eager to address this state of affairs and began to retrace the footsteps of Western explorers who had crisscrossed China during the preceding century The nine case studies assembled in this book show how a new cohort of professional Chinese explorers traveled studied appropriated and reshaped national space from the 1920s to the 1950s In

some instances the explorers drew directly from the fieldwork practices of their Western predecessors In others they trained compilers to collect and systematize local knowledge that could be passed up the administrative hierarchy to government and national institutions Their projects helped to claim natural resources prepare for infrastructural development and create new institutionalized knowledge and public engagement with textual representations of China s geobody This book elucidates the ways in which knowledge production in early twentieth century China centered on space and contributed to China s transformation into a modern nation state

Developing Mission Joseph W. Ho,2022-01-15 In *Developing Mission* Joseph W Ho offers a transnational cultural history of US and Chinese communities framed by missionary lenses through time and space tracing the lives and afterlives of images cameras and visual imaginations from before the Second Sino Japanese War through the first years of the People s Republic of China When American Protestant and Catholic missionaries entered interwar China they did so with cameras in hand Missions principally aimed at the conversion of souls and the modernization of East Asia became by virtue of the still and moving images recorded quasi anthropological ventures that shaped popular understandings of and formal foreign policy toward China Portable photographic technologies changed the very nature of missionary experience while images that missionaries circulated between China and the United States affected cross cultural encounters in times of peace and war Ho illuminates the centrality of visual practices in the American missionary enterprise in modern China even as intersecting modernities and changing Sino US relations radically transformed lives behind and in front of those lenses In doing so *Developing Mission* reconstructs the almost lost histories of transnational image makers subjects and viewers across twentieth century China and the United States

Saving the Nation Margherita Zanasi,2010-02-15 Economic modernity is so closely associated with nationhood that it is impossible to imagine a modern state without an equally modern economy Even so most people would have difficulty defining a modern economy and its connection to nationhood In *Saving the Nation* Margherita Zanasi explores this connection by examining the first nation building attempt in China after the fall of the empire in 1911 Challenging the assumption that nations are products of technological and socioeconomic forces Zanasi argues that it was notions of what constituted a modern nation that led the Nationalist nation builders to shape China s institutions and economy In their reform effort they confronted several questions What characterized a modern economy What role would a modern economy play in the overall nation building effort And how could China pursue economic modernization while maintaining its distinctive identity Zanasi expertly shows how these questions were negotiated and contested within the Nationalist Party Silenced in the Mao years these dilemmas are reemerging today as a new leadership once again redefines the economic foundation of the nation

The Lost Chance in China and the Rise of Cold War Populism Stephen J. Hartnett, 2025-10-01 The Lost Chance in China and the Rise of Cold War Populism offers a rollicking retelling of the fate of America s diplomats stationed in China during World War II and the start of the Chinese Civil War documenting how their efforts to find peace in China clashed with the anti Communist network of right wing advocates known as the China Lobby Fueled by America s end of the war fury over the loss of China to Mao and the Communists the on the ground experts in Asia lost the public relations battle to Cold War populists who pushed a toxic version of public anger that built the rhetorical foundation of McCarthyism Hartnett diagnoses the moment s political battles by mapping a series of interlocking dispositions emotion based reactions that short circuited critical thinking and empathy instead feeding strident anti Communism xenophobia and class based resentments Hartnett s masterwork offers a haunting prehistory to our contemporary moment when populism again stokes outrage and fear at the cost of nuanced international understanding

Image, Perception, and the Making of U.S.-China Relations Hongshan Li, Zhaohui Hong, 1998 Image Perception and the Making of U S China Relations examines major events in the history of the relationship between the U S and China to show the development and effects of national images and perceptions These essays expose the effects of ideology as represented through foreign policy and the actions of leaders as well as the role of the media and governments in shaping public opinion and attitudes They show the evolution of the influential forces from the nineteenth century through the twentieth century In each country a small group of people has always controlled these forces by manipulating the power of the media and governments The nature of this situation changed national perceptions as power often moved from one small group to another As a result of manipulating the images and perceptions of each country these biased and untrue views have inevitably led to conflict between the two countries

Building Local States Elizabeth Remick, 2020-03-17 This book examines two eras of Chinese history that have commonly been viewed as periods of state disintegration or retreat And they

were at the central level When re examined at the local level however both are revealed as periods of state building In both the Nanjing decade of Guomindang rule 1927 1937 and the early post Mao reform era 1980 1992 both national and local factors shaped local state building and created variations in local state structures and practices This book focuses on one key area of the state taxation and public finance to trace the processes of local state building in these two eras Using the records of local tax and finance offices in the Tianjin area and in Guangdong province the author maps the process by which these county level offices grew This book highlights variation in local state structures and practices between localities and between the central and local governments As the author shows this variation is important because it results in regional differences in state society relations and affects central state capacity in terms of the local state s ability to implement central state policies as well as its own

Mission to Mao Sara B. Castro, 2024 In the midst of World War II the United States sent a liaison mission to the headquarters of Chinese Communist forces behind the lines in Yan an China Nicknamed the Dixie Mission for its location in rebel territory it was an interagency delegation that included intelligence officers from the Office of Strategic Services OSS The intelligence officers were there to gather intelligence that would help the war effort against Japan but interagency and political conflicts erupted over whether or not the mission would expand beyond intelligence collection to operations with the Communists Mission to Mao is a social history of the OSS officers in the field and their clash with political appointees and Washington over the direction of the US relationship with the Chinese Communists The book reveals the attempts of America s inexperienced intelligence officers to improvise operations and to try to define a role for themselves The book takes us beyond the history of China hands versus American anticommunists who backed Chinese Nationalist Chiang Kai shek introducing more nuance Sara B Castro shows how potential benefits for the war effort were thwarted by politicization but she also shows how the OSS officers overreached their authority and suffered from their own biases and blindspots The book draws upon over 14 000 unpublished records from five archives plus numerous published white papers memoirs and scholarly studies to with a focus on the individual American intelligence officers who spent time in Yan an working with Communist leaders

China at War Hans van de Ven, 2017-08-24 China s War of Resistance against Japan as WWII is known in China was never about the defeat of Japan alone China was also at war with itself Between 1937 and 1949 a vicious revolutionary war between Nationalists and Communists divided by radically different views about China s future ravaged the country killing millions and laying waste to cities and the countryside The outcomes of these wars have shaped the country and the world since China at War focuses on this period examining the complex truth behind the propaganda of both East and West Cambridge professor Hans van de Ven shows how the results of the fighting ended European imperialism in East Asia restored China to its traditional position of regional centrality and gave the USA a decisive role in East Asian politics In the process he argues it also triggered profound changes in warfare as important as the development of atomic weapons and gave the countryside a new social political and military significance Through fascinating

personal accounts and extensive scholarship China at War casts new light on this crucial period of history and harnesses contemporary art culture and ideology to illuminate world changing events **Shanghai Filmmaking** HUANG

Xuelel,2014-09-03 In Shanghai Filmmaking Huang Xuelel invites readers to go on an intimate detailed behind the scenes tour of the world of early Chinese cinema She paints a nuanced picture of the Mingxing Motion Picture Company the leading Chinese film studio in the 1920s and 1930s and argues that Shanghai filmmaking involved a series of border crossing practices Shanghai filmmaking developed in a matrix of global cultural production and distribution and interacted closely with print culture and theatre People from allegedly antagonistic political groupings worked closely with each other to bring a new form of visual culture and a new body of knowledge to an audience in and outside China By exploring various border crossings this book sheds new light on the power of popular cultural production during China s modern transformation

Tibet and Nationalist China's Frontier Hsiao-ting Lin,2011-01-01 In this ground breaking study Hsiao Ting Lin demonstrates that the Chinese frontier was the subject neither of concerted aggression on the part of a centralized and indoctrinated Chinese government nor of an ideologically driven nationalist ethnopolitics Instead Nationalist sovereignty over Tibet and other border regions was the result of rhetorical grandstanding by Chiang Kai shek and his regime Tibet and Nationalist China s Frontier is invaluable for an understanding of past and present China Tibet relations Tibet and Nationalist China s Frontier makes a crucial contribution to the understanding of past and present China Tibet relations A counterpoint to erroneous historical assumptions this book will change the way Tibetologists and modern Chinese historians frame future studies of the region
