# Nationality And Citizenship In Revolutionary France The Treatment Of Foreigners 1789 1799

**Steven O'Connor, Guillaume Piketty**

## **Nationality And Citizenship In Revolutionary France The Treatment Of Foreigners 1789 1799:**

*Nationality and Citizenship in Revolutionary France* Michael Rapport, 2000-07-06 In 1789 the French Revolution opened with a cosmopolitan flourish and progressive observers across the world hailed a new era of international fraternity based on a new kind of politics. Foreigners were welcomed to France to enrich the regenerated nation and to become citizens. By the Terror of 1793-94 however this universalist promise had all but died. Some foreigners in France were guillotined, hundreds of others were jailed, expelled, watched closely and were obliged to carry special identity cards. How and why foreigners were squeezed out of French social and political life and to what extent is the subject of this book. Besides such issues as citizenship, nationality, passports and surveillance, this study considers the experience of specific types of foreigners like those who served in the French army, in the clergy, foreign radicals or patriots and those who contributed to French economic life. The dramatic transformation in the fortunes of foreigners during the revolution reveals much about the origins of modern concepts of nationality and citizenship and the development of national identities. In defining the limit of the nation, the revolutionaries and foreigners alike faced difficulties which have particular resonance today.

*Nationality and Citizenship in Revolutionary France* Michael Rapport, 2000 In 1789 the French Revolution opened with a cosmopolitan flourish and progressive observers across the world hailed a new era of international fraternity based on a new kind of politics. Foreigners were welcomed to France to enrich the regenerated nation and to become citizens. By the Terror of 1793-94 however this universalist promise had all but died. Some foreigners in France were guillotined, hundreds of others were jailed, expelled, watched closely and were obliged to carry special identity cards. How and why foreigners were squeezed out of French social and political life and to what extent is the subject of this book. Besides such issues as citizenship, nationality, passports and surveillance, this study considers the experience of specific types of foreigners like those who served in the French army, in the clergy, foreign radicals or patriots and those who contributed to French economic life. The dramatic transformation in the fortunes of foreigners during the revolution reveals much about the origins of modern concepts of nationality and citizenship and the development of national identities. In defining the limit of the nation, the revolutionaries and foreigners alike faced difficulties which have particular resonance today.

*The Oxford Handbook of the French Revolution* David Andress, 2015 The Oxford Handbook of the French Revolution brings together a sweeping range of expert and innovative contributions to offer engaging and thought provoking insights into the history and historiography of this epochal event. Each chapter presents the foremost summations of academic thinking on key topics along with stimulating and provocative interpretations and suggestions for future research directions. Placing core dimensions of the history of the French Revolution in their transnational and global contexts, the contributors demonstrate that revolutionary times demand close analysis of sometimes tiny groups of key political actors, whether the king and his ministers or the besieged leaders of the Jacobin republic, and attention to the deeply local politics of both rural and urban populations. Identities of class, gender and ethnicity are

interrogated but so too are conceptions and practices linked to citizenship community order security and freedom each in their way just as central to revolutionary experiences and equally amenable to critical analysis and reflection This Handbook covers the structural and political contexts that build up to give new views on the classic question of the origins of revolution the different dimensions of personal and social experience that illuminate the political moment of 1789 itself the goals and dilemmas of the period of constitutional monarchy the processes of destabilisation and ongoing conflict that ended that experiment the key issues surrounding the emergence and experience of terror and the short and long term legacies for both good and ill of the revolutionary trauma for France and for global politics      **Revolutionary France** Malcolm Crook,2002 In this volume one of the first to look at Revolutionary France as a whole a team of leading international historians explore the major issues of politics and society culture economics and overseas expansion during this vital period of French history

*Power and the Nation in European History* Len Scales,Oliver Zimmer,2005-06-09 Few would doubt the central importance of the nation in the making and unmaking of modern political communities The long history of the nation as a concept and as a name for various sorts of imagined community likewise commands such acceptance But when did the nation first become a fundamental political factor This is a question which has been and continues to be far more sharply contested A deep rift still separates modernist perspectives which view the political nation as a phenomenon limited to modern industrialised societies from the views of scholars concerned with the pre industrial world who insist often vehemently that nations were central to pre modern political life also This book engages with these questions by drawing on the expertise of leading medieval early modern and modern historians      **Life in Revolutionary France** Mette Harder,Jennifer Ngaire Heuer,2020-08-20 The French Revolution brought momentous political social and cultural change Life in Revolutionary France asks how these changes affected everyday lives in urban and rural areas and on an international scale An international cast of distinguished academics and emerging scholars present new research on how people experienced and survived the revolutionary decade with a particular focus on individual and collective agency as discovered through the archival record material culture and the history of emotions It combines innovative work with student friendly essays to offer fresh perspectives on topics such as Political identities and activism Gender race and sexuality Transatlantic responses to war and revolution Local and workplace surveillance and transparency Prison communities and culture Food health and radical medicine Revolutionary childhoods With an easy to navigate three part structure illustrations and primary source excerpts Life in Revolutionary France is the essential text for approaching the experiences of those who lived through one of the most turbulent times in world history      *Europe against Revolution* Matthijs Lok,2023-02-21 Contemporary Europe seems to be divided between progressive cosmopolitans sympathetic to the European Union and the ideals of the Enlightenment and counter enlightened conservative nationalists extolling the virtues of homelands threatened by globalised elites and mass migration This study seeks to uncover the roots of historically informed ideas of Europe while at the same

time underlining the fundamental differences between the writings of the older counter revolutionary Europeanists and their self appointed successors and detractors in the twenty first century In the decades around 1800 the era of the French Revolution counter revolutionary authors from all over Europe defended European civilisation against the onslaught of nationalist revolutionaries bent on the destruction of the existing order or so they believed In opposition to the new revolutionary world of universal and abstract principles the counter revolutionary publicists proclaimed the concept of a gradually developing European society and political order founded on a set of historical and ultimately divine institutions that had guaranteed Europe s unique freedom moderation diversity and progress since the fall of the Roman Empire These counter revolutionary Europeanists drew on the cosmopolitan Enlightenment and simultaneously criticized its alleged revolutionary legacy Throughout the nineteenth and twentieth centuries these ideas of European history and civilisation were rediscovered and adapted to new political contexts shaping in manifold ways our contested idea of European history and memory until today

**Law Addressing Diversity** Gijs Kruijtzer, Thomas Ertl, 2017-09-25 Of late historians have been realising that South Asia and Europe have more in common than a particular strand in the historiography on the rise of the West would have us believe In both world regions a plurality of languages religions and types of belonging by birth was in premodern times matched by a plurality of legal systems and practices This volume describes case by case the points where law and social diversity intersected

*Cosmopolitan Patriots* Philipp Ziesche, 2010-02-17 This truly transnational history reveals the important role of Americans abroad in the Age of Revolution as well as providing an early example of the limits of American influence on other nations From the beginning of the French Revolution to its end at the hands of Napoleon American cosmopolitans like Thomas Jefferson Gouverneur Morris Thomas Paine Joel Barlow and James Monroe drafted constitutions argued over violent means and noble ends confronted sudden regime changes and negotiated diplomatic crises such as the XYZ Affair and the Louisiana Purchase Eager to report on what they regarded as universal political ideals and practices Americans again and again confronted the particular circumstances of a foreign nation in turmoil In turn what they witnessed in Paris caused these prominent Americans to reflect on the condition and prospects of their own republic Thus their individual stories highlight overlooked parallels between the nation building process in both France and America and the two countries common struggle to reconcile the rights of man with their own national identities

*Historical Dictionary of the French Revolution* Paul R. Hanson, 2015-01-15 The French Revolution remains the most examined event or period in world history It was most historians would argue the first modern revolution an event so momentous that it changed the very meaning of the word revolution from restoration as in the Glorious Revolution of 1688 in England to its modern sense of connoting a political and or social upheaval that marks a decisive break with the past one that moves a society in a forward or progressive direction No revolution has occurred since 1789 without making reference to this first revolution and most have been measured against it One cannot utter the date 1789 without thinking of revolution and so significant were the

changes unleashed in that year that it has come to mark the dividing line between early modern and late modern European history Kings This second edition of Historical Dictionary of the French Revolution covers its history through a chronology an introductory essay and an extensive bibliography The dictionary section has over 400 cross referenced entries on the causes and origins the roles of significant persons crucial events and turning points important institutions and organizations and the economic social and intellectual factors involved in the event that gave birth to the Declaration of the Rights of Man and Citizen This book is an excellent access point for students researchers and anyone wanting to know more about this period

Thomas Paine J. C. D. Clark, 2018-03-16 Thomas Paine 1737 1809 was England s greatest revolutionary no other reformer was as actively involved in events of the scale of the American and French Revolutions and none wrote such best selling texts with the impact of Common Sense and Rights of Man No one else combined the roles of activist and theorist or did so in the age of revolutions fundamental as it was to the emergence of the modern world But his fame meant that he was taken up and reinterpreted for current use by successive later commentators and politicians so that the historic Paine was too often obscured by the usable Paine J C D Clark explains Paine against a revised background of early and mid eighteenth century England He argues that Paine knew and learned less about events in America and France than was once thought He de attributes a number of publications and passages hitherto assumed to have been Paine s own and detaches him from a number of causes including anti slavery women s emancipation and class action with which he was once associated Paine s formerly obvious association with the early origin and long term triumph of natural rights republicanism and democracy needs to be rethought As a result Professor Clark offers a picture of radical and reforming movements as more indebted to the initiatives of large numbers of men and women in fast evolving situations than to the writings of a few individuals who framed lasting and eventually triumphant political discourses

### **Foreign Fighters and Multinational Armies**

Steven O'Connor, Guillaume Piketty, 2022-05-11 This book showcases new historical research on foreign soldiers including an overview of the early modern period and numerous case studies which cover the last 175 years and stretch over 5 continents The last two decades have seen the term foreign fighter enter our everyday vocabulary The insurgencies in Afghanistan and Iraq the Syrian Civil War and the rise and fall of the Islamic State group have sparked public interest in the phenomenon of people choosing to leave their own country and fight in a foreign conflict Foreign fighters their origins motives activities and potential danger to their home countries have become subjects of debate attracting contributions from politicians military personnel the media political scientists legal scholars but to a much lesser extent from historians The ten essays in this volume showcase new historical research on foreign military labour The aim of the volume is to better understand the experiences and challenges faced by both the foreigners and the host country particularly its armed forces and to highlight the significance of these trends to the contemporary debate on foreign fighters The chapters in this book were originally published as a special issue of the journal European Review of History

*Foreign Jack Tars* Sara Caputo, 2022-11-17 The

British Royal Navy of the French Wars 1793-1815 is an enduring national symbol but we often overlook the tens of thousands of foreign seamen who contributed to its operations. *Foreign Jack Tars* presents the first in-depth study of their employment in the Navy during this crucial period. Based on sources from across Britain, Europe, and the US and blending quantitative, social, cultural, economic, and legal history, it challenges the very notions of Britishness and foreignness. The need for manpower during wartime meant that naval recruitment regularly bypassed cultural prejudice and even legal status. Temporarily outstripped by practical considerations, these categories thus revealed their artificiality. The Navy was not simply an employer in the British maritime market but a nodal point of global mobility. Exposing the inescapable transnational dimensions of a quintessentially national institution, the book highlights the instability of national boundaries and the compromises and contradictions underlying the power of modern states. **Dr. John Moore, 1729-1802** Henry L. Fulton, 2014-12-24

This book is the first biography of Scottish-born physician John Moore. Here Henry L. Fulton recounts Moore's childhood, education, and medical training in Glasgow and abroad; discusses his marriage, family, and friendships, particularly with Tobias Smollett; and depicts his professional practice in the north. The narrative uncovers Moore's transformative experience accompanying a young nobleman on the Grand Tour through Europe and provides a detailed account of the journey's highlights and difficulties. When Moore returns, he moves his family to London to begin a second career in literature and to acquire patronage for his sons' professions. In this biography, Fulton covers not only Moore's publications but also discusses his circle of friends among nobility, politicians, artists, and others. Also discussed is Moore's involvement in the French Revolution, his correspondence with Robert Burns, and his strained family relationships. Additionally presented here is new information regarding Moore's finances drawn from archival records in Glasgow and Edinburgh and his bank ledgers in London. *Asylum Between Nations* Janet Polasky, 2023-01-01

Why some of the most vulnerable communities in Europe, from independent cities to new monarchies, welcomed refugees during the Age of Revolutions and prospered. Janet Polasky unearths an unappreciated history of the experience of asylum in Europe and the United States since the Age of the Democratic Revolutions. Facing squarely the destruction of asylum in our own time, she ends with a stunningly optimistic vision of a path toward its reconstruction. Linda K. Kerber, author of *No Constitutional Right to Be Ladies*. Driven from their homelands, refugees from ancient times to the present have sought asylum in worlds turned upside down. There is an age-old story. So too are the solutions to their plight. Historian Janet Polasky looks at the asylum freely offered in a revolutionary era when refugees sought shelter among emerging nation-states intent on securing their borders. This book reclaims the lost story of refugees and of the vulnerable communities that harbored them in the first modern refugee crisis. In the wake of the American and French Revolutions, thousands of men and women took to the roads and waterways on both sides of the Atlantic in search of their inalienable rights. Although larger nations fortified their borders and circumscribed citizenship, two port cities, German Hamburg and Danish Altona, opened their doors as did the

federated Swiss cantons and the newly independent Belgian monarchy The refugees thrived and the societies prospered The United States followed not only welcoming waves of immigrants in the mid nineteenth century but offering them citizenship In this remarkable story Polasky shows how open doors can be a viable alternative to the building of border walls *The United States of Belgium* Jane Judge,2018-10-24 New and comprehensive insights into the seminal events that shaped Belgian identity In 1790 between the birth of America 1776 and the creation of the French National Assembly 1789 nine provinces nestled between the French and Dutch borders declared themselves a new free and independent country the United States of Belgium Before then the provinces had been part of the vast Austrian Habsburg Empire ruled by Joseph II In 1789 revolutionaries from Brussels to Ghent to Namur recruited a grass roots army that to the surprise of many successfully chased imperial forces from the majority of the territories The exhilaration of military triumph and political independence quickly faded as revolutionary factions fought each other and the European monarchies became more nervous in the face of French radicalization Yet the course of events had fostered the solidification of a new identity among the provinces inhabitants Belgianness This is the story of the emergence of Belgianness in the crucible of revolution The United States of Belgium tells the story of the First Belgian Revolution before the creation of a language barrier between French and Dutch It incorporates over 50 contemporary images of the revolutionary era **Company Politics** Elizabeth Cross,2023 Focusing on the little known French East India Company Company Politics explores corporate politics financial scandals and rival empires shedding light on both the rise of European rule in India and the origins and economic consequences of the French Revolution *British Women Writers and the French Revolution* A. Craciun,2005-08-01 British Women Writers and the French Revolution provides an overview of a wide range of British women s writings on the French Revolution from writers sympathetic to the Revolution like Mary Robinson Helen Maria Williams and Charlotte Smith to anti revolutionary writers like Hannah More and Jane West Based on new research in French and British archives and libraries the book uncovers little known writings by British women and argues that these writers developed a distinct antinationalism in some cases even a feminist cosmopolitanism in their responses to the European revolutionary crisis *The French Revolution 1787-1804* P. M. Jones,2021-09-30 Now in its fourth edition P M Jones The French Revolution has been extensively revised and incorporates the most recent research on race religion gender and citizens rights It also covers in detail the colonial repercussions of the revolution in both the Caribbean and the Indian Ocean Written with the needs of students in mind this volume recounts the dramatic years from 1787 to 1804 when the ancien r gime was replaced by a constitutional monarchy and then a republic Jones covers the difficulties facing King Louis XVI in the run up to the attack on the Bastille and explains how the Revolution led to the creation of the First French Empire by France s most successful General Napoleon Bonaparte Wherever possible the actions and reactions of ordinary men and women who found themselves caught up in the turmoil are recorded By analysing the revolution s significance for both Europe and the world beyond the concluding section sets the revolution in a

global context With study aids such as a chronology who s who glossary and an enlarged selection of documents to allow for research and discussion this book remains a useful tool for students interested in politics culture and society during the French Revolution

*A Social History of France 1780-1914* Peter McPhee, 2017-03-03 This volume provides a lively and authoritative synthesis of recent work on the social history of France and is now thoroughly updated to cover the long nineteenth century from 1789 1914 Peter McPhee offers both a readable narrative and a distinctive coherent argument about this remarkable century and explores key themes such as Peasant interaction with the environment The changing experience of work and leisure The nature of crime and protest Changing demographic patterns and family structures The religious practices of workers and peasants The ideology and internal repercussions of colonisation At the core of this social history is the exercise and experience of social relations of power not only because in these years there were four periods of protracted upheaval but also because the history of the workplace of relations between women and men adults and children is all about human interaction Stimulating and enjoyable to read this indispensable introduction to nineteenth century France will help readers to make sense of the often bewildering story of these years while giving them a better understanding of what it meant to be an inhabitant of France during that turbulent time

### **Nationality And Citizenship In Revolutionary France The Treatment Of Foreigners 1789 1799 Introduction**

In the digital age, access to information has become easier than ever before. The ability to download Nationality And

Citizenship In Revolutionary France The Treatment Of Foreigners 1789 1799 has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Nationality And Citizenship In Revolutionary France The Treatment Of Foreigners 1789 1799 has opened up a world of possibilities. Downloading Nationality And Citizenship In Revolutionary France The Treatment Of Foreigners 1789 1799 provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Nationality And Citizenship In Revolutionary France The Treatment Of Foreigners 1789 1799 has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Nationality And Citizenship In Revolutionary France The Treatment Of Foreigners 1789 1799. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Nationality And Citizenship In Revolutionary France The Treatment Of Foreigners 1789 1799. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Nationality And Citizenship In Revolutionary France The Treatment Of Foreigners 1789 1799, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Nationality And Citizenship In Revolutionary France The Treatment Of Foreigners 1789 1799 has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous

learning and intellectual growth.

### FAQs About Nationality And Citizenship In Revolutionary France The Treatment Of Foreigners 1789 1799 Books

1. Where can I buy Nationality And Citizenship In Revolutionary France The Treatment Of Foreigners 1789 1799 books?  
Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
