Daily Telegraph Book of Hymns Ian Bradley, 2006-09-14 Here are the full original texts of 150 of the best loved hymns in the English language Each is accompanied by a fascinating commentary giving biographical details of the author such as the Calvinist creator of Rock of Ages who once calculated that the average human sins 2 522 880 000 times notes on the circumstances in which the hymn was written and variant versions Each hymn is prefaced by an urbane written and agreeably subjective commentary with a wealth of anecdotes and a few ribald parodies This charming book should also be required reading for all those responsible for choosing hymns in church Ian Bradley writes with wit elegance and charm and is quite exceptionally knowledgeable about his subject

message or significance for her at key moments in her own life sometimes these are moments of joy and happiness and sometimes at times of tragedy and sadness Sally Magnusson also explains why she dislikes many hymns and why they are not included Who is these days of political correctness for example can sing lustily words like The rich man in his castle the poor man at his gate More pertinent to our day and age are hymns with phrases such as Change and decay in all around I see and the celebrated hymn by Martin Luther which runs A Firm Stronghold is our God In a reference to a number of hymns which do not appeal to her Sally Magnusson writes I can only take so much blood stained imagery before lunch At all times Sally Magnusson writes with great charm a charm which those who watch Songs of Praise will recognise as being entirely her own This is a perfect gift book

Hymns and Constructions of Race Erin Johnson-Williams, Philip Burnett, 2024-02-07 Hymns and Constructions of Race Mobility Agency De Coloniality examines how the hymn historically and today has reinforced negotiated and resisted constructions of race It brings together diverse perspectives from musicology ethnomusicology theology anthropology performance studies history and postcolonial scholarship to show how the hymn has perpetuated generated and challenged racial identities The global range of contributors cover a variety of historical and geographical contexts with case studies from China and Brazil to Suriname and South Africa They explore the hymn as a product of imperialism and settler colonialism and as a vehicle for sonic oppression and or resistance within and beyond congregational settings The volume contends that the lived tradition of hymn singing with its connections to centuries of global Christian mission is a particularly apt lens for examining both local and global negotiations of race power and identity It will be relevant for scholars interested in religion music race and postcolonialism

Wittgenstein's Secret Diaries Dinda L. Gorlée, 2020-02-06 Ludwig Wittgenstein's works encompass a huge number of published philosophical manuscripts notebooks lectures remarks and responses as well as his unpublished private diaries The diaries were written mainly in coded script to interpolate his writings on the philosophy of language with autobiographic passages but were previously unknown to the public and impossible to decode without learning the coding system This book deciphers the cryptography of the diary entries to examine what Wittgenstein's personal idiom reveals about his public and private identities Employing the semiotic doctrine of Charles S Peirce Dinda L Gorlée argues that the style of writing reflects the variety of Wittgenstein's emotional moods which were profoundly affected by his medical symptoms Bringing Peirce's reasoning of abduction together with induction and deduction the book investigates how the semiosis of the emotional energetic and logical interpretations of signs and objects reveal Wittgenstein's psychological states in the coded diaries

Worship and Congregational Singing David Neu, 2016-06-30 This book constitutes the author's effort to provide a biblical foundation for answers to questions regarding congregational singing The present work is broader in scope than the author's smaller book Volumes of Praise for a Vanishing God and unlike the earlier volume contains full documentation and end notes many of which pursue topics of interest that are mentioned only briefly in the text proper Each chapter of this book ends with a brief list of questions to spur

further study and discussion It is hoped that this book may be useful as a text for a seminary course on congregational singing a course that the author believes to be great need for the church of the twenty first century Special attention is given to the issues raised in the music wars of the past fifty years **Hymns that Every Child Should Know** Dolores Bacon,1907
