**The Internationalists** Oona Anne Hathaway, Scott J. Shapiro, 2017-09-12 A bold and provocative history of how an overlooked 1923 treaty was among the most transformative events in modern history On a hot summer afternoon in 1928 the leaders of the world assembled in Paris to outlaw war Within the year the treaty signed that day known as the Peace Pact had been ratified by nearly every state in the world War for the first time in history had become illegal the world over But the promise of that summer day was fleeting Within a decade of the signing of the Pact each state

that had gathered in Paris to renounce war was at war And in the century that followed the Peace Pact was dismissed as an act of folly and an unmistakable failure This book argues that that understanding is inaccurate and that the Peace Pact ushered in a sustained march toward peace that lasts to this day This book tells the story of the Peace Pact by placing it in the long history of international law from the seventeenth century through the present It details the brutal world of conflict the Peace Pact helped extinguish and the subsequent era where tariffs took the place of tanks Accessible and gripping this book will change the way we view the history of the twentieth century and show how we must work together to protect the global order the internationalists fought to make possible Jacket      Lords of Poverty Graham Hancock, 1989 First published in Great Britain in 1989 by Macmillan London Limited T p verso Bibliography p 195 226      *Foreign Policy of the New Taiwan* Jie Chen, 2002-01-01 The title of this book does not do it justice for the book ranges far beyond Taiwan's diplomacy in Southeast Asia The most authoritative book published to date on Taiwan's foreign policy 1949 to 2000 it covers Taiwan's foreign relations and diplomacy with Western developed states the states of Africa and Latin America Japan the People's Republic of China and the countries of Southeast Asia Based on Chinese and English sources as well as personal interviews and correspondence Chen Jie presents a wide ranging comprehensive view of Taiwan's efforts to gain greater international recognition Combining impressive scholarship with interesting analysis Chen Jie presents new ways of understanding why Taiwan acts the way it does and sprinkles the explanations with wry humor All in all a tour de force Summing Up Essential S Ogden Choice Taiwan has become a significant player on the world stage in many areas and has developed a distinct international profile and influence Its pro active foreign policy firmly reminds the world of a new political entity's achievement aspirations and unfulfilled ambitions This pioneering book discusses Taiwan's pragmatic diplomacy as a way of seeking legitimacy survival and development for a burgeoning nation state against the dynamic changes in domestic and international scenes and tumultuous relations with China      The Oxford Handbook of Religious Space Jeanne Halgren Kilde, 2022 Introduction Thinking about religious space an introduction to approaches Jeanne Halgren Kilde Conceptualizing space and place genealogies of change in the study of religion Juan E Campo Hermeneutics of space sacred space Michael J Crosbie Urbanism and religious space Paul Francois Tremlett Shared space or mixed Robert M Hayden Decommissioning and reuse of liturgical architectures historical processes and temporal dimensions Andrea Longhi The impermanence of religious space three approaches to change in the American religious landscape Jeanne Halgren Kilde Planetary identities globalization climate change and meaning making practices Whitney A Bauman Whose place is it Layers of community and meaning in the land of Shinto and power spots Caleb Carter Religious place space in premodern China Wei Cheng Lin National treasures vs alien species religious spaces raccoons and national identity in contemporary Japan Barbara R Ambros Visualizing Himalayan Buddhist sacred sites in 3D VR pedagogy and partnership Lauren Leve and Bradley Erickson Form and function in the ancient synagogue evidence from the second to seventh centuries in Palestine and the diaspora Marilyn J Chiat A little bit of

**Painting and Reality** Etienne

Gilson, 2023-10-17 A classic study of the art of painting and its relationship to reality In this book Gilson puts forward a bold interpretation of the kind of reality depicted in paintings and its relation to the natural order Drawing on insights from the writings of great painters from Leonardo Reynolds and Constable to Mondrian and Klee Gilson shows how painting is foreign to the order of language and knowledge Painting he argues seeks to add new beings to nature not to represent those that already exist For this reason we must distinguish it from another art that of picturing which seeks to produce images of actual or possible beings Though pictures play an important part in human life they do not belong in the art of painting Through this distinction Gilson sheds new light on the evolution of modern painting A magisterial work of scholarship by an acclaimed historian of philosophy Painting and Reality features paintings from both classical and modern schools and includes extended selections from the writings of Reynolds Delacroix Gris Gill and Ozenfant

**The Commercialisation of Sport** Trevor Slack, 2004-03-01 What does commercialisation mean for the future of sport Modern sports links to commerce are highly visible Stadiums and arenas bear the names of businesses while sponsors logos appear on athletes clothing and equipment on the facilities in which they play and in the titles of the events in which they compete Media companies pay vast sums for the rights to broadcast sports events and advertisers pay a premium to promote products during the screening of these events Cities invest at the expense of other social projects in the staging of major sports events and to attract professional teams to their areas Star athletes are transferred for multi million fees and professional sport franchises are sold for sums higher than the gross domestic products of some countries Even recreational athletes are subject to a constant barrage of commercial pressures to improve their game Sport s links to commerce have intensified over the past 30 years but have been subjected to little academic analysis This book represents an attempt to fill that significant gap in the literature by examining five different aspects of the commercialisation of sport The sports industry The public sector The commercialisation of amateur sport Sport and television Sports sponsorship There has been a rapid and widespread commercialisation of sport and it is vital that we now raise critical questions and analyse the changes that have taken place

A UN 'Legion' Stephen Kinloch Pichat, 2004-09-30  
A fresh examination of the origins evolution and future of proposals for a UN Legion a permanent military force recruited trained and deployed by the UN  
This new book shows how this idea has grown re emerged and evolved in direct connection with the development of UN international military forces  
The legionnaires have been seen as the future representatives of a modern constabulary international police or humanitarian chivalry  
They have also invariably evoked the idea of mercenaries and resurrected fears of supranational government and a world army  
Such a force has been unattainable when needed not needed when attainable revealing the deficiencies of the international system in the perspective of a particular task  
The idea highlights the inadequacy of the means as compared to the objectives and the limits of the UN s capacity to adapt itself to new challenges  
This study examines how the project of a UN Legion is conditional on the viability of the original Utopia and vice versa  
It also argues that the extreme polarization of the debate may reflect a tendency to negate the inherent contradictions of reality reminding us of the historical dimension of the building of an international organization a work in progress
