## **Native Americans Discoveries:**

**The American Discovery of Europe** Jack D. Forbes, 2010-10-01 The American Discovery of Europe investigates the voyages of America's Native peoples to the European continent before Columbus's 1492 arrival in the New World. The product of over twenty years of exhaustive research in libraries throughout Europe and the United States, the book paints a clear picture of the diverse and complex societies that constituted the Americas before 1492 and reveals the surprising Native American involvements in maritime trade and exploration. Starting with an encounter by Columbus himself with mysterious people who had apparently been carried across the Atlantic on favorable currents, Jack D. Forbes proceeds to explore the seagoing expertise of early Americans, theories of ancient migrations, the evidence for human origins in the Americas, and other early visitors coming from Europe to America, including the Norse. The provocative, extensively documented, and heartfelt conclusions of *The American Discovery of Europe* present an open challenge to received historical wisdom.

*Native America, Discovered and Conquered* Robert J. Miller, 2006-09-30 Manifest Destiny as a term for westward expansion was not used until the 1840s. Its predecessor was the Doctrine of Discovery, a legal tradition by which Europeans and Americans laid legal claim to the land of the indigenous people that they discovered. In the United States, the British colonists who had recently become Americans were competing with the English, French, and Spanish for control of lands west of the Mississippi. Who would be the discoverers of the Indians and their lands, the United States or the European countries? We know the answer of course, but in this book Miller explains for the first time exactly how the United States achieved victory, not only on the ground but also in the developing legal thought of the day. The American effort began with Thomas Jefferson's authorization of the Lewis and Clark Expedition, which set out in 1803 to lay claim to the West. Lewis and Clark had several charges among them: the discovery of a Northwest Passage, a land route across the continent in order to establish an American fur trade with China. In addition, the Corps of Northwestern Discovery, as the expedition was called, cataloged new plant and animal life and performed detailed ethnographic research on the Indians they encountered. This fascinating book lays out how that ethnographic research became the legal basis for Indian removal practices implemented decades later, explaining how the Doctrine of Discovery became part of American law as it still is today.

**Florida Natives: Revealing the State's Native American Legacy** Pasquale De Marco, 2025-08-09 *Florida Natives: Revealing the State's Native American Legacy* is the definitive guide to Florida's rich Native American heritage from the earliest Paleo-Indian inhabitants to the modern-day Seminole Tribe. This comprehensive and engaging book explores the diverse cultures, traditions, and struggles of Florida's indigenous peoples, providing a unique perspective on the Sunshine State's past and present. Through meticulous research and vivid storytelling, Pasquale De Marco brings to life the vibrant world of Florida's Native Americans. The book delves into their intricate social structures, their spiritual beliefs, and their artistic expressions. It also highlights the challenges they have faced throughout history, from European colonization to forced removal and assimilation. But Florida

Natives Revealing the State's Native American Legacy is more than just a historical account. It is also a celebration of the resilience and adaptability of Florida's Native American communities. Despite centuries of adversity, they have managed to preserve their cultural identity and traditions. Today, they are actively involved in protecting their ancestral lands, promoting economic development, and educating future generations about their heritage. Whether you are a history buff, a nature lover, or simply someone who wants to learn more about the diverse cultures that have shaped Florida, *Florida Natives Revealing the State's Native American Legacy* is an essential read. It is a testament to the enduring legacy of Florida's Native Americans and a valuable resource for anyone interested in the rich history of the Sunshine State. Here's what you'll find inside: A comprehensive overview of Florida's Native American history from the earliest Paleo Indian inhabitants to the modern-day Seminole Tribe. In-depth explorations of Native American cultures, traditions, and struggles. Vivid accounts of archaeological discoveries and their impact on our understanding of Florida's past. Insights into the challenges facing Native American communities today and their efforts to preserve their cultural heritage. A celebration of the resilience and adaptability of Florida's Native American peoples. With its engaging narrative, stunning photography, and detailed maps, *Florida Natives Revealing the State's Native American Legacy* is the perfect guide to Florida's Native American legacy. It is a must-read for anyone who wants to learn more about the Sunshine State's rich and diverse history. If you like this book, write a review.

*Fossil Legends of the First Americans* Adrienne Mayor, 2023-04-11 This book examines the discoveries of enormous bones and uses of fossils for medicine, hunting, magic, and spells. Well before Columbus, Native Americans observed the mysterious petrified remains of extinct creatures and sought to understand their transformation to stone. In perceptive creation stories, they visualized the remains of extinct mammoths, dinosaurs, pterosaurs, and marine creatures as Monster Bears, Giant Lizards, Thunder Birds, and Water Monsters. Their insights, some so sophisticated that they anticipate modern scientific theories, were passed down in oral histories over many centuries. Drawing on historical sources, archaeology, traditional accounts, and extensive personal interviews, Adrienne Mayor takes us from Aztec and Inca fossil tales to the traditions of the Iroquois, Navajos, Apaches, Cheyennes, and Pawnees.
