Native American Arts and Cultures Mary Connors,1994-10 Explore the traditional arts and cultures of Native Americans through hands on activities **Reference Encyclopedia of the American Indian** Barry T. Klein,2000 **Art in the Pre-Hispanic Southwest** Radoslaw Palonka,2022-07-07 In Art in the Pre Hispanic Southwest An Archaeology of Native American Cultures Radoslaw Palonka reconstructs the development of pre Hispanic Native American cultures and tribes in the American Southwest and Mexican Northwest Palonka also examines the wider context through the lenses of settlement studies and social transformation while paying close attention to the material manifestations of pre Hispanic beliefs including intricately decorated ceramics and rock art iconography in paintings and petroglyphs **American Indian Art** Beverly Gordon,Melanie Herzog,1988 Even the earliest European explorers to the Americas collected objects made by native people The ongoing fascination with the artistic and cultural expressions of American Indian people is documented historically along with a close look at seven midwestern collections The wide array of art encompassed is handsomely illustrated and includes pottery weavings basketry beadwork and carvings Distributed for the Chazen Museum of Art University of Wisconsin Madison **Books in Print** ,1991 Rethinking Professionalism Kristina Huneault,Janice Anderson,2012-04-11 The history of women and art in Canada has often been celebrated as a story of progress from amateur to professional practice Rethinking Professionalism challenges this narrative by questioning the assumptions that underlie the category of artistic professionalism a construct as influential for artistic practice as it has been for art historical understanding Through a series of in depth studies contributors examine changes to the infrastructure of the art world that resulted from a powerful discourse of professionalization that emerged in the late nineteenth century While many women embraced this new model others fell by the wayside barred from professional status by virtue of their class their ethnicity or the very nature of the artworks they produced The richly illustrated essays in this collection depict the changing nature of the professional paradigm as it was experienced by women painters photographers craftspeople architects curators gallery directors and art teachers In so doing they demonstrate the ongoing power of feminist art history to disrupt patterns of thought that have become naturalized and accordingly invisible Going beyond the narratives of recovery or exclusion that the category of professionalism has traditionally encouraged Rethinking Professionalism explores the very consequences of telling the history of women s art in Canada through that lens Contributors include Annmarie Adams McGill University Alena Buis Queen s University Sherry Farrell Racette University of Manitoba Cynthia Hammond Concordia University Kristina Huneault Concordia University Loren Lerner Concordia University Lianne McTavish University of Alberta Kirk Niergarth Mount Royal University Mary O Connor McMaster University Sandra Paikowsky Concordia University Ruth B Phillips Carleton University Jennifer Salahub Alberta College of Art Design and Anne Whitelaw Concordia University *Subject Guide to Books in Print* ,1996 **Sibling Relations and Gender in the Early Modern World** Naomi J. Miller,Naomi

Yavneh,2017-05-15 While the relationships between parents and children have long been a staple of critical inquiry bonds between siblings have received far less attention among early modern scholars Indeed until now no single volume has focused specifically on relations between brothers and sisters during the early modern period nor do many essays or monographs address the topic The essays in *Sibling Relations and Gender in the Early Modern World* focus attention on this neglected area exploring the sibling dynamics that shaped family relations from the fifteenth through the seventeenth centuries in Italy England France Spain and Germany Using an array of feminist and cultural studies approaches prominent scholars consider sibling ties from a range of interdisciplinary perspectives including art history musicology literary studies and social history By articulating some of the underlying paradigms according to which sibling relations were constructed the collection seeks to stimulate further scholarly research and critical inquiry into this fruitful area of early modern cultural studies **Humanities** ,1993 *The Hemingway Short Story* Robert Paul Lamb,2013-01-02 In *The Hemingway Short Story A Study in Craft for Writers and Readers* Robert Paul Lamb delivers a dazzling analysis of the craft of this influential writer Lamb scrutinizes a selection of Hemingway s exemplary stories to illuminate the author s methods of construction and to show how craft criticism complements and enhances cultural literary studies *The Hemingway Short Story* the highly anticipated sequel to Lamb s critically acclaimed *Art Matters Hemingway Craft and the Creation of the Modern Short Story* reconciles the creative writer s focus on art with the concerns of cultural critics establishing the value that craft criticism holds for all readers Beautifully written in clear and engaging prose Lamb s study presents close readings of representative Hemingway stories such as *Soldier s Home* *A Canary for One* *God Rest You Merry Gentlemen* and *Big Two Hearted River* Lamb s examination of *Indian Camp* for instance explores not only its biographical contexts showing how details incidents and characters developed in the writer s mind and notebook as he transmuted life into art but also its original deleted opening and the final text of the story uncovering otherwise unseen aspects of technique and new terrains of meaning Lamb proves that a writer is not merely a site upon which cultural forces contend but a professional in his or her craft who makes countless conscious decisions in creating a literary text Revealing how the short story operates as a distinct literary genre Lamb provides the meticulous readings that the form demands showing Hemingway practicing his craft offering new inclusive interpretations of much debated stories reevaluating critically neglected stories analyzing how craft is inextricably entwined with a story s cultural representations and demonstrating the many ways in which careful examinations of stories reward us **The Writer's Market** Kathryn Struckel Brogan,2003 *American Art Directory 2009* National Register Publishing,2008 [Women Artists of the American West](#) Susan R. Ressler,2003 Profiles more than 150 women artists of the nineteenth and twentieth centuries from the American West offers fifteen interpretive essays and includes nearly three hundred reproductions of their works **Humanities** National Endowment for the Humanities,1987 [Hollywood's West](#) Peter C. Rollins,John E. O'Connor,2005-11-11 American historians such as Frederick Jackson Turner have argued that the

West has been the region that most clearly defines American democracy and the national ethos Throughout the twentieth century the frontier thesis influenced film and television producers who used the West as a backdrop for an array of dramatic explorations of America's history and the evolution of its culture and values The common themes found in Westerns distinguish the genre as a quintessentially American form of dramatic art In Hollywood's West Peter C Rollins John E O Connor and the nation's leading film scholars analyze popular conceptions of the frontier as a fundamental element of American history and culture This volume examines classic Western films and programs that span nearly a century from Cimarron 1931 to Turner Network Television's recent made for TV movies Many of the films discussed here are considered among the greatest cinematic landmarks of all time The essays highlight the ways in which Westerns have both shaped and reflected the dominant social and political concerns of their respective eras While Cimarron challenged audiences with an innovative complex narrative other Westerns of the early sound era such as The Great Meadow 1931 frequently presented nostalgic visions of a simpler frontier era as a temporary diversion from the hardships of the Great Depression Westerns of the 1950s reveal the profound uncertainty cast by the cold war whereas later Westerns display heightened violence and cynicism products of a society marred by wars assassinations riots and political scandals The volume concludes with a comprehensive filmography and an informative bibliography of scholarly writings on the Western genre This collection will prove useful to film scholars historians and both devoted and casual fans of the Western genre Hollywood's West makes a significant contribution to the understanding of both the historic American frontier and its innumerable popular representations

The Living Church, 1964 **The Part and the Whole in Early American Literature, Print Culture, and Art** Matthew Pethers, Daniel Diez Couch, 2024-04-12 The essays in this pathbreaking collection consider the significance of varied early American fragmentary genres and practices from diaries and poetry to almanacs and commonplace books to sermons and lists to Indigenous ruins and other material shards and fragments often overlooked by critics in a scholarly privileging of the whole Contributors from literary studies book history and visual culture discuss a host of canonical and non canonical figures from Edward Taylor and Washington Irving to Mary Rowlandson and Sarah Kemble Knight offering insight into the many intellectual ideological and material variations of form that populated the early American cultural landscape As these essays reveal the casting of the fragmentary as aesthetically eccentric or incomplete was a way of reckoning with concerns about the related fragmentation of nation society and self For a contemporary audience they offer new ways to think about the inevitable gaps and absences in our cultural and historical archive [Leslie Marmon Silko](#) Mary Ellen Snodgrass, 2014-01-10 This companion appropriate for the lay reader and researcher alike provides analysis of characters plots humor symbols philosophies and classic themes from the writings and tellings of Leslie Marmon Silko the celebrated novelist poet memoirist and Native American wisewoman The text opens with an annotated chronology of Silko's multiracial heritage life and works followed by a family tree of the Leslie Marmon families that clarifies

relationships of the people who fill her autobiographical musings In the main text 87 A to Z entries combine literary and cultural commentary with generous citations from primary and secondary sources and comparisons to classic and popular literature Back matter includes a glossary of Pueblo terms and a list of 43 questions for research writing projects and discussion This much needed text will aid both scholars and casual readers interested in the work and career of the first internationally acclaimed native woman author in the United States **American Art Directory 2007-2008**
