## **Nato Communiques And Statements 1998:**

*NATO and the Former Yugoslavia* Joyce P. Kaufman, 2002 Focusing on NATO's continued crisis of identity Joyce P. Kaufman argues that the conflicts in Croatia Bosnia Herzegovina and Kosovo have proven to be critical to an alliance that has not been able to define its roles and missions in the post Cold War world While on the one hand NATO was enlarging by inviting former adversaries in Central and Eastern Europe and the former Soviet Union to join on the other hand it has been woefully unprepared to deal with the ethnic conflicts that erupted on its borders and that could undermine the peace and stability of Europe The author contends that the conflicts in the former Yugoslavia have potentially threatened the essence of NATO by forcing the alliance to take on the new role of peacekeeper without adequately allowing the members to examine the role the alliance wants to or should play in a largely postcommunist world Despite ongoing discussion in NATO ministerial summits the alliance has made little progress to date and public questions about the role and even the viability of NATO after the Cold War continue to grow The inability to address these issues leaves NATO facing a number of pressing questions that this book tries to answer What role can and should the alliance play in the future And why have the ongoing conflicts in the Balkans proven to be a challenge that the alliance has been unwilling or unable to resolve

*NATO and Peace Support Operations, 1991-1999* Henning Frantzen, 2004-12-17 This new book addresses the key question of how NATO and three of its member states are configuring their policies and military doctrines in order to handle the new strategic environment This environment is increasingly dominated by new wars more precisely civil wars within states and peacekeeping as the strategy devised by outside actors for dealing with them The book seeks to explain how this new strategic environment has been interpreted and how the new conflicts and peacekeeping have been fitted into defence and war key concepts in the field of security studies

**International Organizations and the Law of the Sea 1998** Barbara Kwiatkowska, Harm Dotinga, Erik J. Molenaar, Alex G. Oude Elferink, Alfred H.A. Soons, 2021-08-04 Now in its 14th year the NILOS Documentary Yearbook provides the reader with an excellent collection of documents related to ocean affairs and the law of the sea issued each year by organizations organs and bodies of the United Nations system Documents of the UN General Assembly Meeting of State Parties to the 1982 UN Law of the Sea Convention CLCS ISBA ITLOS Follow Up to the UN Straddling Fish Stocks and Small Island States Conferences Panama Canal ECOSOC UNEP and UNCTAD are included first followed by the documents of FAO IAEA IMO UNESCO IOC As in the previous volumes documents which were issued in the course of 1998 are reproduced while other relevant documents are listed The NILOS Documentary Yearbook has proved to be of invaluable assistance in facilitating access by the community of scholars and practitioners in ocean affairs and the law of the sea to essential documentation The entry of the 1992 UN Law of the Sea Convention into force on 16th November 1994 and of the Part XI Agreement on 28 July 1996 and progress in the implementation of Chapter 17 of Agenda 21 make continuation of this assistance of particular significance in the years to come Volume 14 contains Special Report by Editor in

Chief Barbara Kwiatkowska on The Law of the Sea Related Cases in the International Court of Justice During the Presidency of Judge Stephen M Schwebel 1997 2000 It explores the unique role of the ICJ as the principal judicial organ of the United Nations in the development of ocean affairs and the law of the sea in the context of an ongoing follow up to the Overall Review and Appraisal of the UNCED Agenda 21 The members of the Yearbook s Advisory Board are Judges Abdul Koroma and Shigeru Oda of the ICJ Judges Thomas Mensah Dolliver Nelson and Tullio Treves of the ITLOS as well as Rosalie Balkin Edward Brown Lee Kimball Bernard Oxman and Shabtai Rosenne **NATO Review** ,1996 **Violence against Kosovar Albanians, NATO's intervention 1998-1999** Laurence Binet,2016-05-18 The Violence against Kosovar Albanians NATO s intervention 1998 1999 case study describes the constraints and dilemmas facing Médecins Sans Frontières teams that witnessed a process of terror and expulsion which they described as the deportation of Kosovar Albanians by Serb forces It also described MSF s reaction to NATO aerial bombings and the control exercised over the refugee camps by this party to the conflict Should MSF denounce the violence being committed against Kosovars at the risk of being excluded from access to these people and of encouraging the NATO intervention Should MSF take a stance on the NATO intervention What sort of relationship should be established with countries that were committed either militarily such as NATO members or politically Greece in the conflict and their civil societies Should MSF raise the alarm about the absence of the UNHCR in the management of the refugee camps at the risk of reinforcing this marginalization Is it justifiable to carry out an assessment mission that sacrifices the principle of operational independence by invoking an interpretation of the principle of impartiality that implies a responsibility to assist victims on both sides of a conflict *Sovereignty and the Global Community* Howard M. Hensel,2017-11-28 International normative standards constitute a major influence on the policies of states and other actors in the international system as well as on the development of the international system itself This case study rich volume demonstrates the relevance of international normative ideals and standards outlining some of the major opportunities for and the challenges affecting co operation among members of the international community Contemporary problems such as weapons of mass destruction refugees and internally displaced persons ethnic conflict and the environment are all explored in this timely volume *Sovereignty and the Global Community* will prove an excellent resource for all interested in issues of sovereignty sustainable development resource management and the peaceful resolution of conflicts *War and Diplomacy* Andrew Dorman,Greg Kennedy,2008-05 Examines the rapidly changing role of diplomacy **Parameters** ,2000 Globalization, Power, and Democracy Marc F. Plattner,Aleksander Smolar,2004-01-28 Essays exploring a world dramatically transformed by the collapse of communism and the prospects for democracy in that realigned reality The breakup of the Soviet Union s external empire in Eastern Europe soon followed by the demise of the USSR itself destroyed the bipolar structure that had characterized world politics for almost half a century But while the dramatic collapse of communism left no room for doubt that the era of the Cold War had come to an end there was very little agreement about the

nature of the new international order being born This book explores the emerging post Cold War international system and its implications for the future expansion and consolidation of democracy Bringing together both experts on international relations and scholars of democracy from Europe North America and Asia it examines the link between these two subjects in a way that is rarely done While a large literature has emerged in recent years on the effects of democracy on international relations the debate over what is often called the theory of democratic peace the authors of this volume instead examine the other side of this relationship the impact of the international system on the prospects for democracy Contributors Zbigniew Brzezinski Center for Strategic and International Studies Robert Cooper Defence and Overseas Secretariat in the Cabinet Office London Jean Marie Guhenno Institut des Hautes Etudes de Defense Nationale Paris Samuel P Huntington Harvard University Robert Kagan Carnegie Endowment for International Peace Ethan B Kapstein University of Minnesota Kyung Won Kim Institute of Social Sciences Jacques Rupnik Fondation Nationale des Sciences Politiques Paris Dimitri Landa University of Minnesota Adam Daniel Rotfeld Stockholm International Peace Research Institute Stockholm Philippe C Schmitter European University Institute Florence

**The Kosovo Conflict and International Law** Heike Krieger, 2001-07-12 This book was first published in 2001 The Kosovo Conflict and International Law provides international lawyers scholars and students with access to material on the conflict in Kosovo As well as the basic material relating to Kosovo's status in Yugoslavia before 1999 this volume reproduces the significant documentation on the following issues the development of the human rights situation the diplomatic efforts for the settlement of the crisis the military action against Yugoslavia and the international community's response court action with regard to the conflict and the implementation of the principles for a political solution with an international civil and security presence in Kosovo Dr Krieger's analytical introduction provides the historical and political context as well as an overview of the various legal aspects of the conflict A chronology and detailed index make the documents more accessible

**The Kosovo crisis and the evolution of a post-Cold War European security** Martin A Smith, Paul Latawski, 2013-07-19 This electronic version has been made available under a Creative Commons BY NC ND open access license Analyses the international response to the crisis in Kosovo and its broader implications by examining its diplomatic military and humanitarian features Unravelling these implications can be challenging as it remains an event replete with paradoxes the originality of this book's approach lies in its exploration of these paradoxes The crisis in Kosovo has been a headline grabbing event a serious study of the implications of the conflict on wider European security issues and institutions is urgently required

**Public Papers of the Presidents of the United States** United States. President, 1993

**NATO's Post-Cold War Trajectory** M. Webber, J. Sperling, M. Smith, 2012-08-20 Two decades since the watershed of the Cold War this book investigates NATO's staying power This book investigates how the Alliance has adapted and managed to attend to new roles and purposes through the lens of International Relations theory The Alliance will continue but will remain subject to ongoing crises and challenges of change

**The EU-NATO Relationship** Martin Reichard, 2016-02-17 The EU

NATO relationship continues to develop at a time of significant change for both organizations Post 9 11 NATO embarked on a fundamental transformation recasting itself as an organization with global strategic reach and interest focused less on Europe than ever before At the same time the EU is also becoming a more global political actor Consequently there is growing evidence that over time the EU will take the primary place in providing military security in Europe This volume combines political and legal methods to provide a comprehensive analysis of the current and likely future relationship between the EU and NATO The work will be of interest to all those interested in the development of these two major organizations and international security more generally whether from a political or legal perspective

**Bibliographic Guide to Government Publications 2000** Gale Group,2001 The Role of Biotechnology in Countering BTW Agents Alexander Kelle,Malcolm Dando,Kathryn Nixdorff,2001 Biotechnology is vital to counter biological and toxin weapons Without biotechnology the detection identification and diagnoses of and medical countermeasures to such weapons would be virtually impossible As biological and toxin agents occur in natural outbreaks of disease or intoxications there are both civil and military benefits to be had from the use of biotechnology in providing effective countermeasures to such agents In this book the role of biotechnology in countering biological and toxin weapons is addressed under seven major headings The wider political and economic contexts enabling technologies for BTW agent detection the applicability of biotechnological methods for BTW agent detection on the battlefield in a terrorist incident and in an inspection environment pre exposure medical countermeasures diagnosis and identification and post exposure treatment and decontamination

**Democracy, Ethnic Diversity, and Security in Post-Communist Europe** Anita I. Singh,2001-06-30 Inder Singh examines why international organizations including the UN OSCE and Council of Europe advocated democratic governance based on the rule of law and respect for human and minority rights as the method by which states should try to accommodate their ethnically mixed populations She discusses how realistic this advice has been given the tension between the principle of the sovereignty of states and their international obligations and the extent to which democratization had made for ethnic and political stability in post communist Europe Inder Singh demonstrates that this advocacy of democracy to handle ethnic diversity questions the perception of nationalism as a cause of war and disorder This pathbreaking study will be of appeal to academics and policy makers interested in how the management of ethnic diversity through democracy can enhance domestic and international security
