Natural Dog Training The Canine Arts Kennel Program:

Natural Dog Training Kevin Behan, 2009-01-14 Natural Dog Training is about how dogs see the world and what this means in regards to training The first part of this book presents a new theory for the social behavior of canines featuring the drive to hunt not the pack instincts as seminal to canine behavior The second part reinterprets how dogs actually learn The third section presents exercises and handling techniques to put this theory into practice with a puppy The final section sets forth a training program with a special emphasis on coming when called

Natural Dog Training Kevin Behan, 1992 Rather than trying to dominate a dog's natural pride and spirit Behan redirects those energies into a desire to serve its master Now anyone can train a dog safely and correctly at home without the use of expensive trainers 17 illustrations

Your Dog Is Your Mirror Kevin Behan, 2012-02-22 In Your Dog Is Your Mirror dog trainer Kevin Behan proposes a radical new model for understanding canine behavior a dog's behavior and emotion indeed its very cognition are driven by our emotion The dog doesn't respond to what the owner thinks says or does it responds to what the owner feels And in this way dogs can actually put people back in touch with their own emotions Behan demonstrates that dogs and humans are connected more profoundly than has ever been imagined by heart and that this approach to dog cognition can help us understand many of dogs most inscrutable behaviors This groundbreaking provocative book opens the door to a whole new understanding between species and perhaps a whole new understanding of ourselves

Pure-bred Dogs, American Kennel Gazette, 1968-12

A kutyád tükröt tart neked Kevin Behan, 2024-09-16 Miért vonzódik egymáshoz ennyire az ember és a kutya Miért szembennel nézik le egy kutyát aki már akkor tudja hogy hazajött a gazdja amikor csak a láphozban van Szívesen itt falkávezet grólsal rendelt grórlélmekről

Goldberg,2025-05-01 America s foremost authorities on dog care and training distill decades of experience in a comprehensive foundational guide for dog owners No matter what training method or techniques you use with your dog the training is unlikely to be optimally successful unless it is predicated on an understanding of the dog s true nature Dogs need food water exercise and play rest veterinary care the basics But since dogs naturally want to be led they also need focused and compassionate guidance Through abundant stories and case studies the authors reveal how canine nature manifests itself in various behaviors some potentially disruptive to domestic accord and show how in addressing these behaviors you can strengthen the bond with your dog as well as keep the peace The promise of this book is that especially in an ever accelerating world filled with digital distractions you can learn from your dog s example how to live in the moment thereby enriching your life immeasurably **Field & Stream** ,1984-12 FIELD STREAM America s largest outdoor sports magazine
