Natural Formula For Home And Yard:

Organic Housekeeping Ellen Sandbeck, 2007-11-01 Longing for a kinder gentler world As the old saying goes everything begins at home and odds are if you live in the all American household the air inside is more toxic than the air outside even if you live in the most polluted of cities You regularly handle the filthiest object in your home the kitchen sponge and put the same chemicals on your face that are used in brake fluid and antifreeze The cleaning agents and personal care products commonly marketed to and used in American homes contain not only some very dangerous toxic chemicals but they also create an overly clean chemically bombed out house that compromises immune systems And with more than fifty million Americans suffering from allergies and other autoimmune diseases not to mention the developing and fragile immune systems of children and seniors large numbers of people are actually being made sicker and sicker by their homes Learn to live a clean healthy more economical way with Ellen Sandbeck the nontoxic avenger In this must have book for the twenty first century home this passionate witty advocate of all things organic will teach you how to maintain every part of the home from living room to septic tank kitchen floor to bathroom sink using safe simple cleansers and quick preventative measures as well as the most effective organic products on the market to get the job done Learn time saving preventative housekeeping such as taking thirty seconds to clean the shower while you shower Take care of bathroom stains with baking soda and vinegar rather than commercial toxic bathroom bombs peddled to you with such force by manufacturers Need whiter whites There is no bleaching power on earth stronger than the sun Snow clean your fine rugs Choose fruits and vegetables from the relatively pesticide residue free list Clean felt tipped pen stains with vodka Make furniture shine with olive oil and lemon Your house will also smell as great as it looks **The Natural Formula Book for Home & Yard** Dan Wallace, 1982 Supplies detailed directions for making polishes stain removers detergents shampoos herbal remedies baking mixes cereals fertilizers and other household and gardening products from easily available ingredients *Organic Gardening* , 1985 Understanding Toxicology H. Bruno Schiefer, Donald Grant Irvine, Shirley Cynthia Buzik, 1997-02-28 Written in clear simple language this concise book introduces the lay person to the science of toxicology as it relates to daily living The book provides a general overview of toxicology presenting the facts and underlying principles needed by non specialists for making decisions about potentially hazardous substances in everyday settings *Understanding Toxicology Chemicals Their Benefits and Risks* will help you separate fact from fiction and better evaluate conflicting news reports on toxic substances and hazards It s for everyone interested in chemical safety toxic risks pollution hazardous wastes and potential health hazards found in the home at work and in the environment **Rodale's Organic Gardening** , 1985
