New Colored People The Mixed Race Movement In America:

The New Colored People Jon M. Spencer, 2000-08 Most Americans remain oblivious of a new racial phenomenon that may radically alter the political landscape of the United States In recent years dramatic increases in racial intermarriage have given birth to a generation of mixed race children whose interracially married parents refuse to allow them to be shoehorned into neat pre existing racial categories The parents through organizations they have founded or joined have lobbied aggressively for the category multiracial to be added to official racial classifications at the state and federal levels including the United States census Since a nonracial society is one of the stated goals of the multiracialists Spencer suggests that the undoing of racial classification will come not by initiating a new classification which will only give Americans the impression that mixed race people can be neatly classified but by our increased recognition that there are millions of people who simply defy classification
