

The background image is a composite of several elements: a stack of books, a computer mouse, and a heavy metal chain. The books are stacked in a way that shows their spines and pages. A computer mouse is visible at the bottom right, partially obscured by the chain. The chain is draped over the books and mouse, creating a sense of restriction or control. The overall color palette is muted, with browns, greys, and metallic tones.

WHAT MARKETERS SHOULD KNOW ABOUT THE NEW EU COPYRIGHT DIRECTIVE

New Copyright Directive

Björn Lundqvist

New Copyright Directive:

EU Copyright Law Irini Stamatoudi, Paul Torremans, 2021-03-26 This significantly revised and updated second edition addresses the rapid development of EU copyright law in relation to the advancement of new technologies the need for a borderless digital market and the considerable number of EU legal instruments enacted as a result Taking a comparative approach the Commentary provides comprehensive coverage and in depth commentary on each of the EU legal instruments and policies both from an EU and an international perspective Alongside full legislative analysis and article by article commentary the Commentary illustrates the underlying basic principles of free movement and non discrimination and provides insights into the influence of copyright on other areas of EU policy including telecoms and bilateral trade agreements

A Research Agenda for EU Copyright Law Enrico Bonadio, Caterina Sganga, 2025-03-12 This Research Agenda provides fresh insights into fundamental issues within EU copyright law Expert authors highlight recent trends in the scholarship and discuss the challenges posed by novel technologies such as AI and NFTs They expand on the need to update the law to adapt to change and present innovative analyses of various strategies to influence EU copyright policies

Copyright Law and Streaming Séverine Dusollier, 2025-05-06 On the internet music films and TV shows are now just a few clicks away readily available for listening or viewing While piracy websites and file sharing software initially disrupted the entertainment economy the streaming technology has since been embraced by new operators from Spotify to Netflix providing an unprecedented abundance of cultural content Copyright laws around the world have addressed the many issues brought about by streaming services whether lawful or not ranging from copyright enforcement artists remuneration to liability of video sharing platforms and cultural diversity This book presents an extensive comparative analysis of legislative and judiciary efforts to adapt to this technological and cultural revolution

The Subjects of Literary and Artistic Copyright Bonadio, Enrico, Sappa, Cristiana, 2022-09-13 This accessible and innovative book examines to what extent copyright protects a range of subjects which are engaged in the creation and management of literary and artistic works and how such subjects use copyright to protect their interests

Regulating Access and Transfer of Data Björn Lundqvist, 2023-04-13 Analyzes the regulation of data access and transfer to understand how internet users can obtain the data they generate

The Parody Exception in Copyright Law Sabine Jacques, 2019-03-07 Parodies have been created throughout times and cultures A glimpse at the general judicial latitude generally afforded to parodies satires caricatures and pastiches demonstrates the social and cultural value of this particular form of artistic expression With the advent of technologies and the evolution of copyright legislation creative endeavours in the form of parody gathered a new youth but became unlawful While copyright law grants exclusive rights to right holders this right is not absolute Legislation includes specific exceptions which preclude right holders from exercising their prerogatives in particular cases which foster creativity and cultural diversity within that society The parody exception pertains to this ultimate objective by permitting users to reproduce copyright protected

materials for the purpose of parody To understand the meaning and scope of the parody exception this book examines and compares five jurisdictions which differ in their protection of parodies France Australia Canada the US and the United Kingdom This book is concerned with finding an appropriate balance between the protection awarded to right holders and the public interest This is achieved by analysing the parody exception to the economic rights of right holders the preservation of moral rights and the interaction of the parody exception with contract law As parodies constitute an artistic expression protected under the right to freedom of expression this book also considers the influence of freedom of expression on the interpretation of this specific copyright exception Furthermore this book aims at providing guidance on how to resolve conflicts where fundamental rights are in conflict This is the first book in English to offer an in depth investigation into the parody exception in copyright law and comments on industry practices linked to this form of creative endeavours

Pluralism or Universalism in International Copyright Law Tatiana Eleni Synodinou, 2019-10-24 In a world where powerful intermediaries like Google and Facebook are de facto regulators of the communication of copyright protected works the democratization of access to content has both substantially expanded the availability of new markets and dramatically increased copyright infringements Does this mean that the long sought ideal of a universal copyright regulation which would harmoniously combine effective protection of intellectual creations with public interest goals is a lost cause Taken together the contributions to this insightful and thoroughly researched book suggest that despite the prevailing labyrinthine mosaic of divergent national responses to fragmentation at international level the foundations of a universal approach can be found in the interaction of regional national and international copyright law instruments when responding to current and emerging technologies Emphasizing the adaptation of copyright law to the needs of the information society this volume provides critical approaches by leading copyright scholars on whether pluralism or universalism is the appropriate path to follow for the development of international copyright law The authors deal with such issues and topics as the following the application of core copyright law principles worldwide authorship rights and exceptions in the international copyright acquis Internet copyright enforcement global collective management of copyright copyright contracts database and design rights intermediary liability the global reach of the U S Fair Use doctrine World Intellectual Property Organization s role and strategy in international copyright lawmaking and bilateral trade and investment agreements involving copyright Specific evolutions and emerging trends in national and regional digital copyright laws are analyzed and assessed as they have developed in the European Union the United States Canada and Australia as well as in several Asian and African countries Throughout attention is paid to compatibility with the Berne Convention the perceived core of copyright law in the international copyright acquis and the key question of the balancing of copyright law with fundamental rights from an international and comparative law perspective As a comprehensive analysis of how core copyright law concepts and principles function in today s fragmented copyright legal system this book has no peers Its detailed treatment of numerous

specific instruments and regimes as well as its insightful approaches to the future of international copyright lawmaking will prove of immeasurable value to lawyers judges policy makers academics and researchers working in the field of copyright law

Internet Service Provider Liability for Copyright and Trade Mark Infringement Zoi Krokida, 2022-06-16 This book critically evaluates the EU regulatory framework for the liability of host Internet Service Providers ISPs for copyright and trade mark infringements and provides a cluster of novel recommendations for its improvement The book recommends the imposition of a duty of care to host ISPs to curb the dissemination of unauthorised works and counterfeit goods the ascription of a transparency obligation to host ISPs towards their users and the establishment of a supervisory authority for host ISPs Host ISPs have facilitated the dissemination of content amongst users and the purchase of goods online enabling copyright holders and brand owners to attract a greater audience for their works and goods However their services have attracted a high number of copyright and trade mark violations too Neither Article 14 of the e Commerce Directive nor Article 17 of the Copyright in the Digital Single Market Directive provide a solid response to the issue of host ISPs liability This book is a valuable resource for researchers in IT and IP law and offers a new perspective for resolving online IP disputes

Copyright Law Benedict Atkinson, 2017-07-05 This volume shows how since 1950 the growth of copyright regulation has followed and enabled the extraordinary economic growth of the entertainment broadcasting software and communications industries It reproduces articles written by an extensive list of leading thinkers US scholars represented in readings include James Boyle Lawrence Lessig Pamela Samuelson Mark Lemley Alfred Yen Julie Cohen Peter Jaszi and Eben Moglen Leading non US contributors include Alan Story Brian Fitzgerald and Peter Drahos These and other authors explain copyright origins the development of the law the theory of enclosure international trends recent developments and current and future directions Today the copyright system is often portrayed as an engine of growth and effective regulation as a predictor of economic development However critics see dangers in the expansion of intellectual property rights The articles in this volume focus principally on the digital age examining how copyright regulation is likely to affect goals of dissemination and access

The WIPO Internet Treaties at 25 R. V. Vaidyanatha Ayyar, 2023-01-01 The book explores the WIPO journey so far and looks at how relevant the treaties are in contemporary world after 25 years of their existence It revisits the WIPO Diplomatic Conference narrates briefly how the Internet Treaties came into being describes all the developments germane to the Internet Treaties over the last twenty five years and examines at length how well these treaties withstood the creative gales of destruction having a bearing on the production distribution and consumption of digital content The retrospective consists of two parts The first part looks back at the conference its course of events its negotiation dynamics the doctrinal differences and sharply conflicting economic interests underlying the stands taken by the main parties to negotiations and the national and transnational interest groups that sought to influence the negotiation process and outcomes The second part reflects on the outcomes and assesses with the wisdom of hindsight how appropriate the outcomes were and how well they

withstood the passage of time This second aspect is the main focus of this book The retrospective is limited to the digital agenda of DipCon but for the digital agenda the DipCon is convened so soon and the Internet Treaties concluded so fast The book provides rich material for researchers studying the WIPO journey and also the practitioners by throwing light on discussions that led to a treaty that has in general withstood the trials of time

EU Internet Law in the Digital Single Market Tatiana-Eleni Synodinou,Philippe Jouglex,Christiana Markou,Thalia Prastitou-Merdi,2021-06-25 With the ongoing evolution of the digital society challenging the boundaries of the law new questions are arising and new answers being given even now almost three decades on from the digital revolution Written by a panel of legal specialists and edited by experts on EU Internet law this book provides an overview of the most recent developments affecting the European Internet legal framework specifically focusing on four current debates Firstly it discusses the changes in online copyright law especially after the enactment of the new directive on the single digital market Secondly it analyzes the increasing significance of artificial intelligence in our daily life The book then addresses emerging issues in EU digital law exploring out of the box approaches in Internet law It also presents the last cyber criminality law trends offenses international instrument behaviors and discusses the evolution of personal data protection Lastly it evaluates the degree of consumer and corporate protection in the digital environment demonstrating that now more than ever EU Internet law is based on a combination of copyright civil administrative criminal commercial and banking laws

The Routledge Handbook of EU Copyright Law Eleonora Rosati,2021-04-21 The Routledge Handbook of EU Copyright Law provides a definitive survey of copyright harmonization in the European Union capturing the essential and relevant issues of this relatively recent phenomenon Over the past few years two themes have emerged on the one hand copyright policy and legislative initiatives have intensified on the other hand the large number of references to the Court of Justice of the European Union has substantially shaped the EU copyright framework and with it the copyright framework of individual EU Member States This handbook is a detailed reference source of original contributions which analyze and critically evaluate the state of EU copyright law with a view to detecting the key trends and patterns in the evolution of EU copyright weighing the benefits and disadvantages of such evolution It covers a broad range of topics through clusters focused on the history and approaches to EU copyright harmonization harmonization in the areas of exclusive rights exceptions and limitations and enforcement copyright policy and legacy of harmonization With contributions from a selection of highly regarded and leading scholars in this field the Routledge Handbook on European Copyright Law is an essential resource for students and scholars who are interested in the field of copyright law

Online Distribution of Content in the EU Taina Pihlajarinne,Juha Vesala,Olli Honkkila, The legal issues surrounding the online distribution of content have recently gained prominence due to the European Commission's commitment to the Digital Single Market DSM This book is one of the first to provide highly topical analysis of the key legal challenges surrounding the online distribution of content with particular focus on intellectual property rights competition law and the regulation of new

technologies Media & Entertainment Law 2/e Ursula Smartt, 2014-03-21 Media and Entertainment Law presents a contemporary analysis of the law relating to the media and entertainment industry both in terms of its practical application and its theoretical framework. It provides a clear current and comprehensive account of this exciting subject. Fully updated and revised, this second edition is one of the first texts to contain a full analysis of the Leveson Inquiry and the implications for our press and media that are arising from it. The new edition contains a new chapter analysing the Defamation Act 2013, the Digital Economy Act 2010 which aimed to toughen up against copyright infringement online and has been subject to parliamentary review since coming into power and the liability of internet service providers including recent cases such as Tamiz vs Google 2012 which goes some way to define the extent to which an ISP may or may not be found liable for their bloggers' content. With integrated coverage of Scots and Northern Irish law, Media and Entertainment Law also highlights comparisons with similar overseas jurisdictions such as with the liability of ISPs where there are differences in both US and European law in order to help students demonstrate an awareness of media laws which may then influence UK legislation. Looking at key aspects such as TV and radio broadcasting, the print press, the music industry, online news and entertainment and social networking sites, this text provides detailed coverage of the key principles, cases and legislation as well as a critical analysis of regulatory bodies such as OFCOM and the new regulator for the UK's newspapers and magazines and online editions, the Independent Press Standards Organisation (IPSO). The text also provides the most comprehensive and up-to-date coverage of the law relating to Intellectual Property law for the entertainment industry with recent changes in EU law relating to performers' rights. See what goes behind the writing of Media Entertainment Law <http://youtu.be/XiCGmnRDvb0>

Intellectual Property Rights in the Post Pandemic World Taina Pihlajarinne, Jukka Mähönen, Pratyush N.

Upreti, 2023-12-11 The drastic impact of the COVID-19 pandemic highlighted many of society's systemic inequalities. In this timely and prescient book, Taina Pihlajarinne, Jukka Tapio Mähönen and Pratyush Nath Upreti explore the importance of intellectual property rights (IPRs) post-pandemic and argue for a pressing revision of the current IPR system to build a more globally sustainable and just regime. The European Union and culture Annabelle Littoz-Monnet, 2013-07-19 The European Union and culture explains why and how the European Union has started to intervene in the cultural policy sector, understood here as the public policies aimed at supporting and regulating the arts and cultural industries. It is the first comprehensive and theoretically informed account of the Communitarisation process of the cultural policy sector. Before 1992, no legal basis for EU intervention in the field of culture appeared in the Treaties. Member states were in any case reluctant to share their competences in a policy sector considered to be an area of national sovereignty. In such circumstances, how was the Communitarisation of the policy sector ever possible? Who were the policy actors that played a role in this process? What were their motives? And why were certain actors more influential than others? This book will be of great use to all researchers and students of European integration and European public policy. **Recreating Creativity, Reinventing Inventiveness** Nikos

Koutras, Niloufer Selvadurai, 2024-04-02 As artificial intelligence AI is increasingly used to generate inventions and creative works a critical question to be addressed is whether intellectual property IP laws should protect such works This book examines the critical question of whether intellectual property laws should protect works generated by artificial intelligence If we do not wish to use IP laws to protect such works how can we still support research development and innovation in society If we do wish to use IP laws to protect such works should the copyright patents and other IP rights attach to the human creator of the AI technology or the AI system The book explores these compelling societal economic and legal issues The authors evaluate the continuing relevance of existing laws explore the divergent approaches being debated by nations around the world and present visions for change The book will enable both lawyers and non lawyers to reimagine governance frameworks to create laws that equitably balance the interests of creators investors and end users of AI generated works

Billboard, 1999-07-31 In its 114th year Billboard remains the world's premier weekly music publication and a diverse digital events brand content and data licensing platform Billboard publishes the most trusted charts and offers unrivaled reporting about the latest music video gaming media digital and mobile entertainment issues and trends **Public Rights**

Graham Greenleaf, David Lindsay, 2018-06-21 This comprehensive international and comparative account reconceptualises the public domain providing new insights into copyright and copyright law reform **The Law of Contributory Liability**

on the Internet Berrak Genç-Gelgeç, 2022-01-10 This book explores the contributory liability of Internet intermediaries that arises from trademark infringements committed by third parties on the Internet providing a comprehensive analysis of the law applicable to the matter in an EU context It also considers the applicable laws of Germany and England to demonstrate how the rules are implemented in national laws as the current state of the law is two tiered In providing a framework of the law applicable to online contributory trademark liability the book also addresses ongoing and emerging issues that are specific to trademark law and proposes specific solutions to the issues arising in the context of online contributory trademark liability The liability of Internet intermediaries has been a popular and lively subject from different substantive rights angles However trademark law has not received a great deal of attention from either scholars or legislators As such this book fills a gap in the literature by undertaking a trademark specific examination and will be of great interest to all those involved in the research and legal practice of trademark law

Unveiling the Power of Verbal Artistry: An Emotional Sojourn through **New Copyright Directive**

In some sort of inundated with monitors and the cacophony of fast connection, the profound power and emotional resonance of verbal beauty usually disappear in to obscurity, eclipsed by the constant onslaught of sound and distractions.
