New Dictionary Of The History Of Ideas 6 Volume Set:

Astrology and Cosmology in Early China David W. Pankenier, 2013-10-10 Drawing on a vast array of scholarship this pioneering text illustrates how profoundly astronomical phenomena shaped ancient Chinese civilization

Literary Research and American Postmodernism Emily Witsell, 2016-07-18 Literary Research and American Postmodernism is a guide to scholarly research in the field of American postmodern literature which this volume defines as the period between 1950 and 1990 This work aims to provide advanced undergraduate students graduate students and scholars of literature with a comprehensive view of the print and online resources available in literature and related subject areas The volume offers best practices for research especially for the challenges inherent to the field of American postmodernism and provides scholars with a path toward success in their research endeavors The opening chapters describe the state of academic research in the literary field and how to formulate an appropriate research topic develop keywords and use advanced search techniques to improve search results One chapter is devoted to how to navigate library catalogs read a catalog record and locate materials in libraries worldwide Subsequent chapters describe general reference resources print and electronic bibliographies and scholarly journals that focus on literature in the second half of the twentieth century The author identifies resources for locating the book reviews and historical magazines and newspapers that can offer insight into the history of particular author s publications The unique challenges and promises of archival research are outlined along with tips for getting the most out of a trip to a special collections library to perform primary research Web resources and techniques for finding scholarly resources on the Internet are addressed in addition to subscription based or library owned materials The final chapter synthesizes the information described in the previous chapters by taking the reader through a real life research question and demonstrating how a scholar might locate resources on a difficult topic An appendix of resources in related fields suggests additional directions the researcher might explore

Literary Research and the American Realism and Naturalism Period Linda L. Stein, Peter J. Lehu, 2008-12-12 The American Realism and Naturalism literary period lasted from roughly 1861 to 1914 It was characterized by its response to the political economic and technological changes that transformed the nation during the Civil War and postbellum years Some of the most well known authors in American history wrote during this time including Mark Twain Henry James Edith Wharton Charles W Chesnutt and Upton Sinclair Literary Research and the American Realism and Naturalism Period Strategies and Sources will help those interested in researching this era Authors Linda L Stein and Peter J Lehu emphasize research methodology and outline the best practices for the research process paying attention to the unique challenges inherent in conducting studies of national literature Each chapter covers a different type of resource general and literary reference books library catalogs print and online bibliographies scholarly journals publishing history sources contemporary journals and newspapers microform and digital collections manuscript and archival material and websites The book offers a coherent account of how contemporary research skills and

resources can complement one another in helping scholars effectively deal with typical challenges they encounter in their work
