New Dimensions of Political Economy

"Today's talk of a 'new economics' arises not out of startling discoveries of new economic truths but out of the swift and progressive weaving of modern economics into the fabric of national thinking and policy."

New Dimensions Of Political Economy

Massimo De Angelis

New Dimensions Of Political Economy:

New Dimensions of Political Economy Walter W. Heller, 1966 Walter W Heller was Chairman of the Council of Economic Advisers throughout President Kennedy's Administration and during the first year of President Johnson's Here in a book of immediate importance and great vision he examines the profound and rapid changes that are taking place during the 1960's in American economic policy In this decade economics has come of age and the Keynesian revolution has been completed The economic health and stability of the nation are now among the President's major concerns The need to formulate policy in this area has thrust the political economist into a new and leading role as Presidential adviser and Mr Heller is in a unique position to offer an inside account of these developments In his first book since leaving Washington to return to the University of Minnesota he describes the emergence of Presidents Kennedy and Johnson as practicing economists evaluates their economic policies and sketches the patterns that are being established for the future He tells how the grip of economic myths and false fears has been loosened in the government with the result that economic policy is focused on sustaining prosperity without inflation on speeding economic growth and on realizing the fruits of true fiscal abundance Finally Mr Heller for the first time discusses in detail his own plan for revenue sharing a new method of enlarging the flow of Federal funds to the states The plan offers the exciting promise of a stronger fiscal base for our federalism not only by expanding the present system of Federal grants but also when the demands of Vietnam relent by developing new forms of fiscal support for state and local government Parts of this book were delivered by Mr Heller as the Godkin Lectures at Harvard University in March 1966

Non-Mainstream Dimensions of Global Political Economy Byasdeb Dasgupta, 2013-06-07

The book is a collection of essays written by scholars of global repute in honour of Professor Sunanda Sen Each paper is well researched and offers some new dimension to the understanding of the current global crisis finance and labour including the epistemological viewpoints regarding the current global order The uniqueness of the book is that in one place one can find different heterodox positions dealing with the present global order of finance and labour post Keynesian Marxist etc The contents of the book can be classified into three major sections 1 global finance dealing with current global crisis 2 methodological epistemological concerns in terms of the global crisis and 3 labour in the context of neoliberal global capitalism characterised by the process of financialisation The entire book is an attempt to decipher the meaning and significance the process of financialisation produces for the real economy One of the major conclusions drawn from the different studies in the book relates to the fact that global finance as it has been shaped today cannot delinked from the question of labour The current global finance regime warrants neoliberal labour flexibility regime the latter guaranteeing the

necessary surplus generation for the pervasive finance This book offers an analysis of current global crisis relating it to the present day global finance and labour in terms of the process of neoliberal financialisation a flexible labour regime It is based on non mainstream heterodox approach in Economics and as such is a critique of the mainstream neoclassical position on current global crisis The contents of the book will be of immense use to the researchers and students dealing with current global crisis global finance and labour

Gandhian Political Economy B. N. Ghosh,2007 This book identifies and analyses the political economy elements in Gandhi s thought evaluating the spiritual and ontological basis of Gandhian political economy and examining the contemporary relevance of Gandhian political economy both in terms of alternative types of heterodox political economy and in terms of policy The book presents a groundbreaking step in the creation of a new Gandhian political economy

More Robert M. Collins,2002-04-04 James Carville famously reminded Bill Clinton throughout 1992 that it s the economy stupid Yet for the last forty years historians of modern America have ignored the economy to focus on cultural social and political themes from the birth of modern feminism to the fall of the Berlin Wall Now a scholar has stepped forward to place the economy back in its rightful place at the center of his historical narrative In More Robert M Collins reexamines the history of the United States from Franklin Delano Roosevelt to Bill Clinton focusing on the federal government s determined pursuit of economic growth After tracing the emergence of growth as a priority during FDR s presidency Collins explores the record of successive administrations highlighting both their success in fostering growth and its partisan uses Collins reveals that the obsession with growth appears not only as a matter of policy but as an expression of Cold War ideology both a means to pay for the arms build up and proof of the superiority of the United States market economy But under Johnson this enthusiasm sparked a crisis spending on Vietnam unleashed runaway inflation while the nation struggled with the moral consequences of its prosperity reflected in books such as John Kenneth Galbraith s *The Affluent Society* and Rachel Carson s *Silent Spring* More continues up to the end of the 1990s as Collins explains the real impact of Reagan s policies and astutely assesses Clinton s disciplined growthmanship which combined deficit reduction and a relaxed but watchful monetary policy by the Federal Reserve Writing with eloquence and analytical clarity Robert M Collins offers a startlingly new framework for understanding the history of postwar America

Global Political Economy Robert G. Gilpin,2011-08-29 This book is the eagerly awaited successor to Robert Gilpin s 1987 *The Political Economy of International Relations* the classic statement of the field of international political economy that continues to command the attention of students researchers and policymakers The world economy and political system have changed dramatically since the 1987 book was published The end of the Cold War has unleashed new economic and political forces and new regionalisms have emerged Computing power is increasingly an impetus to the world economy and technological developments have changed and are changing almost every aspect of contemporary economic affairs Gilpin s *Global Political Economy* considers each of these developments Reflecting a lifetime of scholarship it offers a masterful survey of the approaches that have been used to

understand international economic relations and the problems faced in the new economy Gilpin focuses on the powerful economic political and technological forces that have transformed the world He gives particular attention to economic globalization its real and alleged implications for economic affairs and the degree to which its nature extent and significance have been exaggerated and misunderstood Moreover he demonstrates that national policies and domestic economies remain the most critical determinants of economic affairs The book also stresses the importance of economic regionalism multinational corporations and financial upheavals Gilpin integrates economic and political analysis in his discussion of global political economy He employs the conventional theory of international trade insights from the theory of industrial organization and endogenous growth theory In addition ideas from political science history and other disciplines are employed to enrich understanding of the new international economic order This wide ranging book is destined to become a landmark in the field

The President and American Capitalism since 1945 Mark H. Rose, Roger Biles, 2017-11-14 The book examines the development of the U S presidency since 1945 and describes the many ways some of which are unknown or greatly underappreciated in which the president's actions affect the daily lives of the American people

Reassessing the Presidency David Gordon, Thomas J. DiLorenzo, Thomas E. Woods, Jr, Yuri N. Maltsev, Ralph Raico, Paul Gottfried, Hans-Hermann Hoppe, 2013-09-19 American Despots Amazing low sale price in defense of authentic freedom as versus the presidency that betrayed it Everyone seems to agree that brutal dictators and despotic rulers deserve scorn and worse But why have historians been so willing to overlook the despotic actions of the United States own presidents You can scour libraries from one end to the other and encounter precious few criticisms of America's worst despots The founders imagined that the president would be a collegial leader with precious little power who constantly faced the threat of impeachment Today however the president orders thousands of young men and women to danger and death in foreign lands rubber stamps regulations that throw enterprises into upheaval controls the composition of the powerful Federal Reserve and manages the priorities millions of swarms of bureaucrats that vex the citizenry in every way It is not too much of a stretch to say that the president embodies the Leviathan state as we know it Or more precisely it is not an individual president so much as the very institution of the presidency that has been the major impediment of liberty The presidency as the founders imagined it has been displaced by democratically ratified serial despotism And for that reason it must be stopped Every American president seems to strive to make the historians A list by doing big and dramatic things wars occupations massive programs tyrannies large and small in hopes of being considered among the greats such as Lincoln Wilson and FDR They always imagine themselves as honored by future generations the worse their crimes the more the accolades Well the free ride ends with *Reassessing the Presidency The Rise of the Executive State and the Decline of Freedom* edited by John Denson This remarkable volume 825 pages including index and bibliography is the first full scale revision of the official history of the U S

executive state It traces the progression of power exercised by American presidents from the early American Republic up to the eventual reality of the power hungry Caesars which later appear as president in American history Contributors examine the usual judgments of the historical profession to show the ugly side of supposed presidential greatness The mission inherent in this undertaking is to determine how the presidency degenerated into the office of American Caesar Did the character of the man who held the office corrupt it or did the power of the office as it evolved corrupt the man Or was it a combination of the two Was there too much latent power in the original creation of the office as the Anti Federalists claimed Or was the power externally created and added to the position by corrupt or misguided men There s never been a better guide to everything awful about American presidents No you won t get the civics text approach of see no evil Essay after essay details depredations that will shock you and wonder how American liberty could have ever survived in light of the rule of these people Contributors include George Bittlingmayer John V Denson Marshall L DeRosa Thomas J DiLorenzo Lowell Gallaway Richard M Gamble David Gordon Paul Gottfried Randall G Holcombe Hans Hermann Hoppe Jeffrey Rogers Hummel Michael Levin Yuri N Maltsev William Marina Ralph Raico Joseph Salerno Barry Simpson Joseph Stromberg H Arthur Scott Trask Richard Vedder and Clyde Wilson **Managing Macroeconomic Policy** James E. Anderson, Jared E.

Hazleton, 2014-11-06 Macroeconomic policy involves government action intended to influence the overall operation of the economy and to deal with such important public problems as economic growth inflation unemployment and recession In this first comprehensive treatment of presidential management of such policy for any presidency authors James E Anderson and Jared E Hazleton focus on four tasks developing and maintaining an information and decision making system coordination of policies in different macroeconomic areas building support or consent for presidential policies and administrative leadership Drawing extensively upon presidential documents and interviews with Johnson administration officials the authors pay particular attention to fiscal monetary wage price and international economic especially balance of payments policies during Johnson s terms The authors use the concept of the subpresidency as defined by Redford and Blisset in *Organizing the Executive Branch* The Johnson Presidency University of Chicago Press 1981 to show how Johnson managed the macro economic institutions of the council of Economic Advisors the Bureau of the Budget now the Office of Management and Budget the Department of the Treasury and the Federal Reserve Board in pursuit of his economic goals What emerges is a vivid portrait of an activist president In evaluating management of macroeconomic policy in the Johnson administration the authors focus on how presidential policies are developed and adopted rather than on the substance of the policies themselves They conclude that the Johnson administration competently managed policy development during its presidential years This book is a volume in the *Administrative History of the Johnson Presidency Series* sponsored by the LBJ School of Public Affairs at the University of Texas at Austin the first two volumes of which were published by the University of Chicago Press **Managing Macroeconomic Policy** The Johnson Presidency was funded in part by the National Endowment for the Humanities

The National Banking Review ,1967-06 **Keynesianism, Social Conflict and Political Economy** Massimo De Angelis,2000-05-23 This controversial book shows that there is more to economics than dry models and esoteric equations By investigating the rise and fall of postwar Keynesianism and focusing on the experience of the United States the author adopts an interdisciplinary approach to show that economics is rooted in the flesh and blood history of social conflict This timely study concludes with a discussion of the viability of Keynesianism today in the context of recurrent crisis in the global economy and the rise of new social movements Political Business Cycles Thomas D. Willett,1988 A Pacific Research Institute for Public Policy book Includes bibliographies and index **Henry Kissinger and the American Century** Jeremi Suri,2009-05-01 What made Henry Kissinger the kind of diplomat he was What experiences and influences shaped his worldview and provided the framework for his approach to international relations Jeremi Suri offers a thought provoking interpretive study of one of the most influential and controversial political figures of the twentieth century Drawing on research in more than six countries in addition to extensive interviews with Kissinger and others Suri analyzes the sources of Kissinger s ideas and power and explains why he pursued the policies he did Kissinger s German Jewish background fears of democratic weakness belief in the primacy of the relationship between the United States and Europe and faith in the indispensable role America plays in the world shaped his career and his foreign policy Suri shows how Kissinger s early years in Weimar and Nazi Germany his experiences in the U S Army and at Harvard University and his relationships with powerful patrons including Nelson Rockefeller and Richard Nixon shed new light on the policymaker Kissinger s career was a product of the global changes that made the American Century He remains influential because his ideas are rooted so deeply in dominant assumptions about the world In treating Kissinger fairly and critically as a historical figure without polemical judgments Suri provides critical context for this important figure He illuminates the legacies of Kissinger s policies for the United States in the twenty first century **The Goals of Macroeconomic Policy** Martin Prachowny,2012-11-12 Politicians win elections by promising Jobs Jobs Jobs but in practice these promises quickly fall by the wayside The Goals of Macroeconomic Policy asks why It begins with the observation that there is no convincing economic argument that full employment should be the primary objective of economic policy in all circumstances In the light of this it examines why policy has failed so consistently It explains this by a theory of the labour market which shows why most workers are happy to operate in a way which militates against full employment It then proceeds to analyse the rather dire consequences of this for the budget deficit *The Political Economy of Trade Policy* Robert C. Feenstra,Gene M. Grossman,Douglas A. Irwin,1996 This collection of papers by former students and colleagues celebrates the profound impact that Jagdish Bhagwati has had on the field of international economics over the past three decades Bhagwati who is the Arthur Lehman Professor of Economics at Columbia University has made pathbreaking contributions to the theory of international trade and commercial policy including immiserizing growth domestic distortions economic development and political economy His success and influence

as a teacher and mentor is widely recognized among students at both MIT and Columbia and as founder of the Journal of International Economics he has encouraged research on many questions of theoretical and policy relevance The political economy of trade policy Bhagwati s most recent area of interest is the theme of this collection which addresses salient topics including market distortions income distribution and the political process of policy making Sections and Contributors Market Distortions T N Srinivasan Paul A Samuelson Paul R Krugman Trade and Income Distribution Douglas A Irwin Richard A Brecher and Ehsan U Choudri Robert C Feenstra and Gordon H Hanson Earl L Grinols Perspectives on Political Economy Robert E Baldwin Peter Diamond Models of Political Economy and Trade Gene M Grossman and Elhana Helpman John Douglas Wilson B Peter Rosendorff Arvind Panagariya and Ronald Findlay

New Dimensions Of Political Economy Introduction

In the digital age, access to information has become easier than ever before. The ability to download New Dimensions Of Political Economy has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download New Dimensions Of Political Economy has opened up a world of possibilities. Downloading New Dimensions Of Political Economy provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading New Dimensions Of Political Economy has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download New Dimensions Of Political Economy. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading New Dimensions Of Political Economy. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading New Dimensions Of Political Economy, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download New Dimensions Of Political Economy has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of

free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About New Dimensions Of Political Economy Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. New Dimensions Of Political Economy is one of the best book in our library for free trial. We provide copy of New Dimensions Of Political Economy in digital format, so the resources that you find are reliable. There are also many Ebooks of related with New Dimensions Of Political Economy.
