**The Connecticut River** Al

Braden, 2010-03-01 Breathtaking photographs of one of America's most picturesque and historic rivers. The photographs in *The Connecticut River* follow this major waterway for 410 miles from its origin near the Canadian border to its wide mouth on Long Island Sound, giving us a vivid portrait of a living artery of the New England landscape. Author and photographer Al Braden opens the book with an essay introducing important aspects of the river and then presents 136 full-page color photos ranging from close-ups to dramatic aerials to reveal the river as few people are privileged to experience it. Readers will see and learn about the landscape, history, development, conservation, geologic formations, wildlife, flora, and of course the moods of the water, sky, and riverbank. Informative captions provide a wealth of information about the images from pristine misted mornings to rich valley farmlands and modern hydroelectric turbines. Together, the images and text provide a poignant look at the river and document its centrality to the development of the unique character of New Hampshire, Vermont, Massachusetts, and Connecticut. Includes select bibliography and list of resources.

**Travel and Teaching in Portugal and Spain a Photographic Journey** Mark J. Curran, 2014-04-04 *Travel and Teaching in Portugal and Spain* is another in the series *Stories I Told My Students*. It follows the pattern of books listed above on Brazil, Guatemala, Mexico, and Colombia. The book tells the tale of travel in Portugal and travel and summer teaching in the Arizona State University summer program in Spain in 1987. The format of the book combines notes from the travel diary, vignettes on the history of the places visited, and in particular, notes on major literary figures like *Lus de Cames* or *Miguel de Cervantes*. Major universities like the University of Coimbra in Portugal and the University of Salamanca in Spain are highlighted. Emphasis is also given to places and figures of the Catholic tradition like the Cistercian Monastery of Alcobaça in Portugal and the stories of Santa Teresa de Jesús, San Juan de la Cruz, and Ignacio de Loyola in Spain. All are represented in the 256 photos in the book. Cities and places in Portugal are Lisbon, Belém, Sintra, Nazaré, Batalha, Fátima, Leiria, Coimbra, Oporto, Viana do Castelo, and Guimarães. In Spain, one sees Málaga, Córdoba, Mérida, Salamanca, Santiago de Compostela, Pontevedra, Leningrad, Madrid, Segovia, Burgos, El Escorial, and Valle de los Caídos. A side trip to the sanctuaries of Spain and France emphasizes Zaragoza, Barbaresco, Opus Dei, Lourdes in France, and Loyola in the Basque Country. The book is written in a colloquial style, the author conversing with the reader perhaps over a Vinho Verde from Portugal or a Clarete from La Rioja in Spain. One discovers adventures in travel time in Portugal in Málaga and Madrid, for classes and social life, and travel in other parts of Spain, all accompanied by a nice overview of history and culture.

**The Long Journeys Home** Nick Bellantoni, 2014-04-30 The moving stories of two Indigenous men in the United States and the return of their remains to their homelands. Henry Opkahaia, ca. 1792-1818, Native Hawaiian; and Itankusun Wanbli, ca. 1879-1900, Oglala Lakota, lived almost a century apart. Yet the cultural circumstances that led them to leave their homelands and eventually die in Connecticut have striking similarities.

kaha ia was orphaned during the turmoil caused in part by Kamehameha's wars in Hawai'i and found passage on a ship to New England where he was introduced and converted to Christianity becoming the inspiration behind the first Christian missions to Hawai'i. Itankusun Wanbli Christianized as Albert. Afraid of Hawk performed in Buffalo Bill's Wild West to make a living after his traditional means of sustenance were impacted by American expansionism. Both young men died while on their journeys to find fulfillment and both were buried in Connecticut cemeteries. In 1992 and 2008 descendant women had callings that their ancestors wanted to come home and began the repatriation process of their physical remains. Connecticut state archaeologist Nick Bellantoni oversaw the archaeological disinterment, forensic identifications, and return of their skeletal remains back to their Native communities and families. The Long Journeys Home chronicles these important stories as examples of the wide-reaching impact of American imperialism and colonialism on Indigenous Hawaiian and Lakota traditions and their cultural resurgences in which the repatriation of these young men have played significant roles. Bellantoni's excavations, his interaction with two Native families, and his participation in their repatriations have given him unique insights into the importance of heritage and family among contemporary Native communities and their common ground with archaeologists. His natural storytelling abilities allow him to share these meaningful stories with a larger general audience. Bellantoni recovers from obscurity the remarkable life, journeys, dreams, and deaths of two Native men and the two worlds they lived in. Paul Grant Costa, Yale Indian Papers Project. Based on meticulous forensic research, Bellantoni's tale of two indigenous youth from different cultures and time periods and their struggles to survive cultural upheavals clearly reveals the chaotic effects of American colonialism on Native peoples. The book is a major contribution to the field of Postcolonial Studies. Lucianne Lavin, author of Connecticut's Indigenous Peoples. [The Traprock Landscapes of New England](#). Peter M. LeTourneau, Robert Pagini, 2017-01-03. Stunning photography and fact-filled text reveal new perspectives on southern New England's most unique natural region. A picturesque journey through the traprock highlands from New Haven, Connecticut, to Amherst, Massachusetts, this book captures the majesty of wild, windswept cliffs, panoramic summit vistas, and intimate details of the natural world through the eyes of an artist and the mind of a scientist. By tracing the influence of natural history on cultural development in the Connecticut Valley, the authors present a compelling argument that the rocky highlands are landscapes of national significance where the particular combination of geology, geography, water resources, climate, and human settlement fostered vital developments in Early American science, education, agriculture, manufacturing, technology, and the creative arts. Through vibrant color photographs of high alpine crags and lush forests, thundering waterfalls, and splashing cascades, and close-up views of the rocks, flowers, and birds, *The Traprock Landscapes of New England* presents the incomparable beauty of the region as never before. Overflowing with information, long-time fans, first-time visitors, nature lovers, rock climbers, history buffs, land-use managers, and many others will find plenty to satisfy in the detailed text and captions, crisp photos, historical images, informative maps, and more.
