American Artifacts of Personal Adornment, 1680-1820 Carolyn L. White, 2005 Bracelets buckles buttons and beads Clasps combs and chains Items of personal adornment fill museum collections and are regularly uncovered in historical period archaeological excavations But until the publication of this comprehensive volume there has been no basic guide to help curators registrars historians archaeologists or collectors identify this class of objects from colonial and early republican America Carolyn L White helps the reader understand and interpret these artifacts discussing their source manufacture materials function and value in early American life She uses them as a window on personal identity showing how gender age ethnicity and class were often displayed through the objects worn White draws not only on the items themselves but uses their portrayal in art contemporary writings advertisements and business records to assess their meaning to their owners A reference volume for the shelf of anyone interested in early American material culture Over 100 illustrations and tables

Sport in America, Volume II David K. Wiggins, 2009-11-11 Sport in America From Colonial Leisure to Celebrity Figures and Globalization Volume II presents 18 thought provoking essays focusing on the changes and patterns in American sport during six distinct eras over the past 400 years The selections are entirely different from those in the first volume discussing diverse topics such as views of sport in the Puritan society of colonial New England gender roles and the croquet craze of the 1800s and the Super Bowl's place in contemporary sport Each of the six parts includes an introduction to the essays allowing readers to relate them to the cultural changes and influences of the period Readers will find essays on well known topics written by established scholars as well as new approaches and views from recent studies Suitable for use as a stand alone or supplemental text in undergraduate and graduate sport history courses Sport in America provides students with opportunities to examine selected sport topics in more depth realize a greater understanding of sport throughout history and consider the interrelationships of sport and other societal institutions Essays are arranged chronologically from the early American period to the present day to provide the proper historical context and offer perspective on changes that have occurred in sport over time Also a list of suggested readings provided in each part offers readers the opportunity to expand their thinking on the nature of sport throughout American history Essays on how Pinehurst Golf Course was created the interconnection between sport and the World War I military experience and discussion of sport icons such as Joe Louis Walter Camp Jackie Robinson and Cal Ripken Jr allow readers to explore sport as a reflection of the changing values and norms of society Sport in America From Colonial Leisure to Celebrity Figures and Globalization Volume II provides students and scholars with perspectives regarding the role of sport at particular moments in American history and gives them an appreciation for the complex intersections of sport with society and culture New England Begins : The Seventeenth Century. Vol. III. Style J.L. Fairbanks, 1982 **15th Triennial Conference, New Delhi, 22-26 September 2008** ICOM Committee for Conservation. Meeting, ICOM Committee for Conservation, 2008 *John Eliot's Puritan Ministry to New*

England "Indians" Do Hoon Kim, 2021-12-10 John Eliot 1604-90 has been called the apostle to the Indians. This book looks at Eliot not from the perspective of modern Protestant mission studies, the approach mainly adopted by previous research, but in the historical and theological context of seventeenth-century puritanism. Drawing on recent research on migration to New England, the book argues that Eliot, like many other migrants, went to New England primarily in search of a safe haven to practice pure reformed Christianity, not to convert Indians. Eliot's Indian ministry started from a fundamental concern for the conversion of the unconverted, which he derived from his experience of the puritan movement in England. Consequently, for Eliot, the notion of New England Indian mission was essentially conversion-oriented, Word-centered, and pastorally focused, and in common with the broader aims of New England churches, pursued a pure reformed Christianity. Eliot hoped to achieve this through the establishment of Praying Towns organized on a biblical model, where preaching, pastoral care, and the practice of piety could lead to conversion, leading to the formation of Indian churches composed of sincere converts.

Pilgrims Susan Hardman Moore, Susan M. Moore, 2007-01-01 This book uncovers what might seem to be a dark side of the American dream: the New World from the viewpoint of those who decided not to stay. At the core of the volume are the life histories of people who left New England during the British Civil Wars and Interregnum, 1640-1660. More than a third of the ministers who had stirred up emigration from England deserted their flocks to return home. The colonists' stories challenge our perceptions of early settlement and the religious ideal of New England as a City on a Hill. America was a stage in their journey, not an end in itself. Susan Hardman Moore first explores the motives for migration to New England in the 1630s and the rhetoric that surrounded it. Then, drawing on extensive original research into the lives of hundreds of migrants, she outlines the complex reasons that spurred many to brave the Atlantic again, homeward bound. Her book ends with the fortunes of colonists back home and looks at the impact of their American experience. Of exceptional value to studies of the connections between the Old and New Worlds, *Pilgrims* contributes to debates about the nature of the New England experiment and its significance for the tumults of revolutionary England.

The New England Historical and Genealogical Register, 1889 Beginning in 1924 Proceedings are incorporated into the Apr number

Portia Edith B. Gelles, 1995 Annotation Here at last is the biography that Abigail Adams has long deserved, one that puts her rather than her husband at its center and which interprets her life in light of both its eighteenth-century context and recent feminist scholarship. Gelles brings new insights to familiar topics like the Adams' marriage and Abigail's wartime role, explains more fully than previous scholars such incidents as the failed courtship of Royall Tyler and Abigail Junior, and examines with sensitivity hitherto little-known episodes like that of Abigail's epistolary flirtation with James Lovell during the Revolution or Abigail Junior's mastectomy in 1811. In short, this is a remarkable achievement far surpassing all earlier attempts to capture the essence of the woman who was one of early America's greatest letter writers. Mary Beth Norton. Edith Gelles has written a deeply interesting book about Abigail Adams; she is careful to reconstruct the eighteenth-century environment of Abigail.

Adams De Gelles is a careful historian of eighteenth century America and a thoughtful biographer She has given us a fresh examination of Abigail Adams which will stimulate in helpful ways additional research and discussion Robert Middlekauf In this important and fascinating biography Edith Gelles not only restores Abigail Adams to her rightful place at the center of her own story she challenges the creaky conventions of traditional male defined biography Portia breaks ranks with the biographers twice by refusing to treat Abigail Adams as a reflection of her husband and by refusing to force her life's story into an artificially linear narrative In this masterful work Edith Gelles reconceptualizes and revolutionizes the very notion of biography by capturing experience as it truly unfolds in so many women's lives as a collage of overlapping and circular impressions and feelings rather than a relentless climb up a ladder of public ambition Susan Faludi The best biography of Abigail Adams in print By keeping the spotlight on Mrs Adams and sensitively evaluating her in eighteenth century terms Edith Gelles provides the most rounded portrait yet of this important woman Patricia U Bonomi Edith B Gelles uses the revolutionary years as the backdrop of this sensitive study And The political events as the drama in which the players act out well defined roles Gelles's story of relationships networks and power in the context of Abigail's eighteenth century world is truly a superb accomplishment American Historical Review Adams's strength courage and wit emerge more fully than they have in any previous work Gelles has succeeded in providing a well rounded portrait of a remarkable figure Choice Portia Is a refreshing change of pace Edith Gelles is affectionate yet scholarly determined to present Adams as a strong character who was very much a woman of her time not merely a liberated precursor to feminism or the little wife behind the great man San Francisco Chronicle Portia The first woman centered biography of Abigail Adams details the issues events and relationships that informed Adams's life The portrait that emerges also describes women like her during the Revolutionary era Much of Abigail Adams's independent reputation derives from the letters that she wrote for over a half century Personal and eloquent they provide unusual access to her private life and capture the social conventions politics and people of her age The letters describe her domestic sphere relationships with her sisters her daughter and sons and friends such as Thomas Jefferson Her marriage to John Adams is considered in the context of the patriarchy Children Remembered Robert Woods, 2006-09-01 Children Remembered discusses the relationship between parents and children in the past It focuses on the ways in which adults responded to the untimely deaths of children whether and how they expressed their grief The study engages with the hypothesis of parental indifference associated with the French cultural historian Philippe Ariès by analysing the changing risk of mortality since the sixteenth century and assessing its consequences It uses paintings and poems to describe feelings and emotions in ways that are not only highly original but also challenge traditional disciplinary conventions The circumstances of infant and child mortality are considered for France and England while example portraits and poems are selected from England and America While the work is firmly grounded in demography it is especially concerned with current debates in social and cultural history with the history of childhood the way pictorial images can be read and the use as historical

evidence to which literature may be put This is a wide ranging and ambitious multi disciplinary study that will add significantly to our understanding of demographic structures the ways in which they have conditioned attitudes and behaviour in the past **In the Days of the Salem Witchcraft Trials** Marilynne K. Roach,1996 Reveals the world in which the trials took place in New England and the events and the people who were part of these events Maine Genealogist ,1995 *The New Cambridge Modern History: Volume 3, Counter-Reformation and Price Revolution, 1559-1610* R. B. Wernham,1957 This volume examines the period of history which looks at counter reformation and the price revolution 1559 1610 *The Puritan Experiment* Francis J. Bremer,1995-08 The comprehensive history of a system of faith that shaped the nation **A New History of Ireland, Volume III** T. W. Moody,F. X. Martin,F. J. Byrne,2009-03-12 A New History of Ireland is the largest scholarly project in modern Irish history In 9 volumes it provides a comprehensive new synthesis of modern scholarship on every aspect of Irish history and prehistory from the earliest geological and archaeological evidence through the Middle Ages down to the present day The third volume opens with a character study of early modern Ireland and a panoramic survey of Ireland in 1534 followed by twelve chapters of narrative history There are further chapters on the economy the coinage languages and literature and the Irish abroad Two surveys Land and People c 1600 and c 1685 are included *The New Cambridge Bibliography of English Literature: Volume 2, 1660-1800* George Watson,Ian R. Willison,1971-07-02 More than fifty specialists have contributed to this new edition of volume 2 of The Cambridge Bibliography of English Literature The design of the original work has established itself so firmly as a workable solution to the immense problems of analysis articulation and coordination that it has been retained in all its essentials for the new edition The task of the new contributors has been to revise and integrate the lists of 1940 and 1957 to add materials of the following decade to correct and refine the bibliographical details already available and to re shape the whole according to a new series of conventions devised to give greater clarity and consistency to the entries **Women and the Material Culture of Death** BethFowkes Tobin,2017-07-05 Examining the compelling and often poignant connection between women and the material culture of death this collection focuses on the objects women make the images they keep the practices they use or are responsible for and the places they inhabit and construct through ritual and custom Women s material practices ranging from wearing mourning jewelry to dressing the dead stitching memorial samplers to constructing skull boxes collecting funeral programs to collecting and studying diseased hearts making and collecting taxidermies and making sculptures honoring the death are explored in this collection as well as women s affective responses and sentimental labor that mark their expected and unexpected participation in the social practices surrounding death and the dead The largely invisible work involved in commemorating and constructing narratives and memorials about the dead from family members and friends to national figures calls attention to the role women as memory keepers for families local communities and the nation Women have tended to work collaboratively making collecting and sharing objects that conveyed sentiments about the

deceased whether human or animal as well as the identity of mourners Death is about loss and many of the mourning practices that women have traditionally and are currently engaged in are about dealing with private grief and public loss as well as working to mitigate the more general anxiety that death engenders about the impermanence of life *Library Catalog of the Metropolitan Museum of Art, New York, Second Edition, Revised and Enlarged* Metropolitan Museum of Art (New York, N.Y.). Library,1985 *The Industrial Revolutions in Europe II, Volume 5* Patrick O'Brien,1994-04-06 Modern European economic history is marked by an endeavor to transcend the traditional national case study approach to use comparisons and to deploy economic theory in order to draw the manifold and diverse experiences of the regions countries and multicultural empires of Europe onto a unified frame of reference These two volumes exemplify this modern approach This Volume 5 of the eleven part set entitled Industrial Revolutions contains thirteen papers with an introduction which adopt and apply a conceptual and explicitly comparative approach to European economic history as a whole Volume 5 includes sixteen national case studies again organized around or set within the context of theoretical principles and ideas derived largely from macroeconomic theory social accounting productivity measurement and regional analysis 'Of Varying Language and Opposing Creed' Javier Pérez-Guerra, Charles Jones, 2007 This volume includes a selection of fifteen papers delivered at the Second International Conference on Late Modern English The chapters focus on significant linguistic aspects of the Late Modern English period not only on grammatical issues such as the development of pragmatic markers for to infinitive constructions verbal subcategorisation progressive aspect sentential complements double comparative forms or auxiliary negator cliticisation but also on pronunciation dialectal variation and other practical aspects such as corpus compilation which are approached from different perspectives descriptive cognitive syntactic corpus driven **The New Cambridge Bibliography of English Literature: Volume 1, 600-1660** George Watson, Ian Roy Willison, 1974-08-29 More than fifty specialists have contributed to this new edition of volume 1 of The Cambridge Bibliography of English Literature The design of the original work has established itself so firmly as a workable solution to the immense problems of analysis articulation and coordination that it has been retained in all its essentials for the new edition The task of the new contributors has been to revise and integrate the lists of 1940 and 1957 to add materials of the following decade to correct and refine the bibliographical details already available and to re shape the whole according to a new series of conventions devised to give greater clarity and consistency to the entries
