

‘new’ Englishes

- Spoken in US, Canada, Australia, New Zealand, and South Africa
- Developed independently of and differently from British English, due to 1) mixture of dialects and accents of the early settlers; and 2) influence of the languages of the indigenous locals
- Direct decadence from British English + spoken as mother tongues → strong element of continuity in use

New Englishes

Elisabeth Bruckmaier

New Englishes:

World Englishes Kingsley Bolton, Braj B. Kachru, 2006 Englishes in English Language Teaching Marzieh Sadeghpour, 2019-07-23 The unprecedented growth and recognition of new world Englishes call for English language teaching programs to consider the place and relevance of the paradigm of World Englishes to the content and delivery of their curricula. This concern is particularly compelling in the multi-varietal contexts such as Australia where speakers from different Kachruvian Circles interact frequently with one another. Investigating the place and pertinence of World Englishes in English language teaching in Australia, this book explores the perceptions of English language teachers from culturally and linguistically diverse backgrounds working in Australia. Looking at the effect on teachers' confidence when dealing with different varieties of English, the pedagogical implications and the causes of varying degrees of perception among teachers. The author highlights the possible changes that could take place that would pave the ground for the development of World Englishes-informed curriculum and pedagogy for English as an International Language which would in turn provide opportunities for learners to develop requisite competencies for intercultural communication. These are the skills which enable learners to successfully interact with speakers of various Englishes and negotiate and navigate with their interlocutors the differing cultural conceptualisations associated with the varieties of English during international and intercultural communication. Vital reading for anyone researching English language teaching or varieties of English and those teaching English as an international language anywhere in the world.

World Englishes Jennifer Jenkins, 2003 Assuming no prior knowledge, this book offers an accessible overview of English dialects with activities, study questions, sample analyses, commentaries, key readings. It is structured around four sections: introduction, development, exploration, extension.

The Oxford Handbook of World Englishes Markku Filppula, Juhani Klemola, Devyani Sharma, 2017 This collection heralds a direct, mutually constructive engagement with current linguistic theories, questions and methodologies toward World Englishes. It achieves this through areal overviews, theoretical chapters and case studies. Its 36 articles are divided between four themes: Foundations, World Englishes and Linguistic Theory, Areal Profiles and Case Studies. Cumulatively, it offers detailed accounts of the structure and social histories of specific varieties of English spoken across the globe.

The Variability of Current World Englishes Eugene Green, Charles F. Meyer, 2014-08-27 *Faces of English* explores the phenomenon of increasing dialects, varieties and creoles even as the spread of globalization supports an apparently growing uniformity among nations. The book's chapters supply descriptions of Jamaican English in Toronto, English as an L2 in a South African mining township, Chinese and English contact in Singapore, unexpected emergent variants in Canadian English and innovations in the English of West Virginia. Further, the book offers some perspective on internet English as well as on abiding uniformities in the lexicon and grammar of standard varieties. In the analyses of this heterogeneous growth, such considerations as speakers' sociolinguistic profiles, phonological, morpho-syntactic and lexical variables, frequencies and

typological patterns provide ample insight in the current status of English both in oral and electronic communities The opening chapter presents a theoretical framework that argues for linguistic typology as conceptually resourceful in accommodating techniques of analysis and in distinguishing the wide arrays of English found throughout the globe One clear function for Faces of English is that of a catalyst to spur studies of diversities in English and in other languages to suggest approaches to adapt to invite counterargument and developments in analysis

Getting at GET in World Englishes

Elisabeth Bruckmaier, 2017-02-20 Despite its exceptional frequency and versatility GET has never been a focus of research in its entire variability which goes from lexical to grammatical uses nor in large amounts of data from different varieties of English The present corpus based study deals with over 11 600 tokens of GET in written and spoken language from three varieties of English and thus provides new insights for variationist linguistics Firstly it offers a comprehensive semasiological syntactic analysis of GET i e an analysis of all its meanings and all the constructions into which it enters suggesting ten categories as being necessary for its complete description Secondly it contributes to the understanding of factors that are at work in variation in World Englishes and lead to quantitative differences between regional standard varieties Thus the present study demonstrates that the use of GET in the New Englishes analysed is less affected by substrate effects than by the effects of Second Language Acquisition and the varying influence of British and American English norms Moreover it can be shown that the New Englishes display more grammatical uses of GET than does British English

World Englishes

Gunnel Melchers, Philip Shaw, Peter Sundkvist, 2019-06-05 The third edition of World Englishes provides an engaging overview of the global variations in vocabulary grammar phonology and pragmatics of English as it is used worldwide This book introduces the principles of linguistic variation and provides coverage on the roots of English the spread of English variations of English as a second language and trends for the future Thoroughly updated throughout in line with recent research this third edition now also includes 43 audio examples of speakers of native 17 and of non native 26 English reflecting the global variety of the language available to download from www.routledge.com 9781138487659 descriptions of selected twenty first century developing varieties including Chinese English Russian English and Vietnamese English greater linguistic detail on second language English in many areas improved and updated descriptions of first language varieties a new framework for describing lexical variation full discussion throughout of English in social media Offering a thorough and detailed descriptive account of all the main varieties of English across the globe World Englishes provides a balanced discussion of political issues and the sociolinguistic background to variation in English spoken and written face to face on paper and online in the twenty first century This book is essential reading for students approaching this topic for the first time

English as a Contact Language

Daniel Schreier, Marianne Hundt, 2013-01-17 Highlights the complexity of contact induced language change throughout the history of English by bringing together cutting edge research from historical linguistics variationist sociolinguistics pidgin creole linguistics and language acquisition With contributions from leading

experts the book offers fresh and exciting perspectives as well as an up to date overview of the respective fields **The Handbook of Asian Englishes** Kingsley Bolton, Werner Botha, Andy Kirkpatrick, 2020-10-06 Winner of the 2021 PROSE Humanities Category for Language Linguistics The first volume of its kind focusing on the sociolinguistic and socio political issues surrounding Asian Englishes The Handbook of Asian Englishes provides wide ranging coverage of the historical and cultural context contemporary dynamics and linguistic features of English in use throughout the Asian region This first of its kind volume offers a wide ranging exploration of the English language throughout nations in South Asia Southeast Asia and East Asia Contributions by a team of internationally recognized linguists and scholars of Asian Englishes and Asian languages survey existing works and review new and emerging areas of research in the field Edited by internationally renowned scholars in the field and structured in four parts this Handbook explores the status and functions of English in the educational institutions legal systems media popular cultures and religions of diverse Asian societies In addition to examining nation specific topics this comprehensive volume presents articles exploring pan Asian issues such as English in Asian schools and universities English and language policies in the Asian region and the statistics of English across Asia Up to date research addresses the impact of English as an Asian lingua franca globalization and Asian Englishes the dynamics of multilingualism and more Examines linguistic history contemporary linguistic issues and English in the Outer and Expanding Circles of Asia Focuses on the rapidly growing complexities of English throughout Asia Includes reviews of the new frontiers of research in Asian Englishes including the impact of globalization and popular culture Presents an innovative survey of Asian Englishes in one comprehensive volume Serving as an important contribution to fields such as contact linguistics World Englishes sociolinguistics and Asian language studies The Handbook of Asian Englishes is an invaluable reference resource for undergraduate and graduate students researchers and instructors across these areas Winner of the 2021 PROSE Humanities Category for Language Linguistics **The Evolution of Englishes** Sarah Buschfeld, Thomas Hoffmann, Magnus Huber, Alexander Kautzsch, 2014-09-15 This two part volume provides a collection of 27 linguistic studies and contributions that shed light on the evolution of different Englishes world wide varieties learner Englishes dialects creoles from a broad spectrum of different perspectives including both synchronic and diachronic approaches What makes the volume unique is that it is the first ever contribution to the field which includes a section exclusively committed towards testing discussing and refining Schneider s 2007 Dynamic Model against recent realities of English world wide Part 1 These realities include a wide variety of case studies ranging from regions socio linguistically as diverse as South Africa the Phillipines Cyprus or Germany Part 2 goes beyond the Dynamic Model and offers both empirical and theoretical perspectives on the evolution of World Englishes In doing so it provides contributions with a theoretical focus on the topic as well as cross varietal accounts it sheds light on individual Englishes from different geographical regions and offers new perspectives on old varieties **World English** Janina Brutt-Griffler, 2002-01-01 This text traces the history of English language spread from the 18th to the

beginning of the 21st century combining that with a study of its language change. It links linguistic and sociolinguistic variables that have conditioned the evolution and change of English, putting forward a new framework of language spread and change.

The Typology of Asian Englishes Lisa Lim, Nikolas Gisborne, 2011-10-05. When considering the structure of New Englishes which have evolved in multilingual, mostly post-colonial contexts of Asia, thus Asian Englishes, the significant factors to be considered are 1) the varieties of the English lexifier that entered the local context, 2) the nature of transmission of English to the local population, and 3) the local i.e. substrate languages of the community in which the New English emerges. This third factor is the focus of the five papers in this volume; they investigate the structure of Asian varieties of English by exploring the relationship between the typological profile of substrate languages in the specific linguistic ecology and the grammatical features of the emerging contact variety of English. The contributions to this volume were originally published in *English World Wide* 30.2 (2009).

The Oxford Handbook of the History of English Terttu Nevalainen, Elizabeth Closs Traugott, 2012-10-10. The availability of large electronic corpora has caused major shifts in linguistic research, including the ability to analyze much more data than ever before and to perform micro-analyses of linguistic structures across languages. This has historical linguists to rethink many standard assumptions about language history and methods and approaches that are relevant to the study of it. The field is now interested in and attracts specialists whose fields range from statistical modeling to acoustic phonetics. These changes have even transformed linguists' perceptions of the very processes of language change, particularly in English, the most studied language in historical linguistics due to the size of available data and its status as a global language. The *Oxford Handbook of the History of English* takes stock of recent advances in the study of the history of English, broadening and deepening the understanding of the field. It seeks to suggest ways to rethink the relationship of English's past with its present and make transparent the variety of conditions and processes that have been instrumental in shaping that history. Setting a new standard of cross-theoretical collaboration, it covers the field in an innovative way, providing diachronic accounts of major influences such as language contact and typological processes that have shaped English and its varieties, as well as highlighting recent and ongoing developments of Englishes, celebrating the vitality of language change over the centuries and the many contexts and processes through which language change occurs.

The Oxford Handbook of the History of English Terttu Nevalainen (linguiste), Elizabeth Closs Traugott, 2016. This ambitious Handbook takes advantage of recent advances in the study of the history of English to rethink the understanding of the field.

Changing English Markku Filppula, Juhani Klemola, Anna Mäuranen, Svetlana Vetchinnikova, 2017-10-10. This book examines the special nature of English both as a global and a local language, focusing on some of the ongoing changes and on the emerging new structural and discursive characteristics of varieties of English. Although it is widely recognised that processes of language change and contact bear affinities, for example, to processes observable in second language acquisition and lingua franca use, the research into these fields has so far not been sufficiently brought into contact with each

other The articles in this volume set out to combine all these perspectives in ways that give us a better understanding of the changing nature of English in the modern world

The Syntax of Spoken Indian English Claudia Lange, 2012 This book offers an in depth analysis of several features of spoken Indian English that are generally considered as typical but have never before been studied empirically Drawing on authentic spoken data from the International Corpus of English Indian component the book focuses on the domain of discourse organization and examines the form function and distribution of invariant tags such as isn't it and no na non initial existential there focus markers only and itself topicalization and left dislocation By focusing on multilingual speakers interactions the study demonstrates conclusively that spoken Indian English bears all the hallmarks of a vibrant contact language testifying to a pan South Asian grammar of culture which becomes apparent in contact induced language change in spoken Indian English The book will be highly relevant for anyone interested in postcolonial varieties of English contact linguistics standardization and discourse pragmatic sentence structure

The Making of Vernacular Singapore English Zhiming Bao, 2015-08-14 Singapore English is a focal point across the many subfields of linguistics as its semantic syntactic and phonetic phonological qualities tell us a great deal about what happens when very different types of language come together Sociolinguists are also interested in the relative status of Singapore English compared to other languages in the country This book charts the history of Singapore English and explores the linguistic historical and social factors that have influenced the variety as it is spoken today It identifies novel grammatical features of the language discusses their structure and function and traces their origins to the local languages of Singapore It places grammatical system and usage at the core of the analysis and shows that introspective and corpus data are complementary This study will be of interest to scholars and advanced students working on language contact world varieties of English historical linguistics and sociolinguistics

A Taste for Corpora Fanny Meunier, Gaëtanelle Gilquin, Magali Paquot, 2011 The eleven contributions to this volume written by expert corpus linguists tackle corpora from a wide range of perspectives and aim to shed light on the numerous linguistic and pedagogical uses to which corpora can be put They present cutting edge research in the authors respective domain of expertise and suggest directions for future research The main focus of the book is on learner corpora but it also includes reflections on the role of other types of corpora such as native corpora expert users corpora parallel corpora or corpora of New Englishes For readers who are already familiar with corpora this volume offers an informed account of the key role that corpus data play in applied linguistics today As for readers who are new to corpus linguistics the overview of approaches methods and domains of applications presented will undoubtedly help them develop their own taste for corpora This volume has been edited in honour of Sylviane Granger who has been one of the pioneers of learner corpus research

Subordination in English Elena Seoane, Carlos Acuña-Fariña, Ignacio Palacios-Martínez, 2018-07-09 This book provides a collection of articles on subordination in English framed from both a synchronic and a diachronic perspective It covers ample areas of the history of the major subordinated

structures of English and their recent development in various native and non native varieties Most contributions are based on large electronic databases and corpora of written and spoken texts The book focuses on the continuum that links subordinated and coordinated structures in a fluid way shows their permanent state of flux and sheds light on the whole system s dynamic essence by discussing a large number of explanatory principles at work in shaping it Many of these are well known from the grammaticalization and the Construction Grammar theories such as the concepts of attractor multi sourcing inheritance categorial incursion metaphorization or exaptation This volume represents the latest trends in the field by some of its most prestigious specialists

English Worldly Expressions Pasquale De Marco, 2025-03-09 In a world where communication spans borders and cultures English has emerged as the language of global connection This book delves into the fascinating story of English as a worldly language exploring its historical roots diverse variations and profound impact on various aspects of our lives From its origins in the British Isles to its current status as the lingua franca of the world English has undergone a remarkable journey We trace the factors that have contributed to its widespread adoption including the British Empire American influence and the rise of technology This book examines the multitude of English varieties spoken around the globe each with its unique characteristics and cultural nuances We explore the intricate relationship between language and identity as well as the challenges and opportunities that arise from linguistic diversity Furthermore we investigate the role of English in education the workplace the media and popular culture English has become an indispensable tool for communication learning and entertainment shaping our understanding of the world and connecting people from all walks of life We also address the complexities and controversies surrounding English as a global language While its widespread use offers undeniable advantages it also raises concerns about linguistic hegemony cultural dominance and the preservation of indigenous languages With insightful analysis and engaging storytelling this book provides a comprehensive understanding of English as a worldly language It is an essential resource for anyone interested in linguistics globalization and the ever changing landscape of communication If you like this book write a review

New Englishes Introduction

In the digital age, access to information has become easier than ever before. The ability to download New Englishes has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download New Englishes has opened up a world of possibilities. Downloading New Englishes provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading New Englishes has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download New Englishes. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading New Englishes. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading New Englishes, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download New Englishes has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About New Englishes Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. New Englishes is one of the best book in our library for free trial. We provide copy of New Englishes in digital format, so the resources that you find are reliable. There are also many Ebooks of related with New Englishes. Where to download New Englishes online for free? Are you looking for New Englishes PDF? This is definitely going to save you time and cash in something you should think about.
