of Haida Gwaii an insight slapped Dulcie McCallum in the face with the force of an unexpected tsunami at the heart of it all the law was the culprit Rather than promoting rights the law was itself the taproot of injustice For people with an intellectual disability the law is what defines their disadvantage not their disability For every child diagnosed with the label of intellectual disability there remains a certain lousy predictability to the way they will be treated by society and the prejudice that will haunt them Officially labelled with the r word they have also been tagged with imbecile or moron Often treated as objects of pity or charity segregated in special schools sheltered workshops and institutions they are consigned to the sidelines of society Their erasure as full persons reached unimaginable heights during eugenics which led to systemic sterilization and en masse extermination But fear is warranted as pervasive victimization remains a threat Their intentional exclusion has done and continues to do inestimable damage The Audacity of Inclusion will crack open the vault of injustices perpetrated against people who have an intellectual disability helping shatter preconceptions and opening new ways of seeing people who are forced to live with a legally sanctioned label In telling their stories Dulcie had the support and wisdom of self advocates Canadians Barb Goode Harold Barnes and Sir David Weremy and New Zealander the late Sir Robert Martin each of whom made invaluable contributions

The Missing Boy Rachel Billington, 2010-05-27 It s highly readable and is written with wisdom and compassion Kate Saunders THE TIMES Moving and poignant STAR MAGAZINE A well wrought honest book that is generous with its insights and tender in all the right places DAILY EXPRESS Thirteen year old

Dan hasn't returned home and his parents don't know whether he's run away, been kidnapped or something worse. For one family, the world as they know it is about to fall apart. At first, Dan is sleeping rough, revelling in his independence. But with every passing day, his world is becoming darker and more frightening. A hundred thousand children run away each year. Most come back. But will Dan? Dan's mother, Eve, a drama teacher, can't focus; his father, Max, only knows how to flee his own demons; and his aunt Martha, while trained to control difficult situations as a prison officer, struggles to hold it all together. Dan's story is told against a grown-up drama of love and shifting loyalties, and two sisters who were best friends until Max came between them. Gradually, all three begin to recognise just how badly they have failed the missing boy. Rachel Billington has written a tense and emotional novel about the day-to-day existence of a contemporary family living through their worst nightmare. Anguish and hope move across the pages until the final, breath-taking denouement.
