This book makes a timely and highly stimulating contribution to the discourse on emerging market multinationals EMNCs as Foreign Direct Investment FDI in Europe from emerging countries especially from the BRICs Brazil Russia India China continues to grow in significance Unsurprisingly the emergence of EMNCs from emerging economies raises a wide range of challenges and opportunities for scholars business professionals and policymakers alike While explaining the sudden rise of these companies has become a major concern among scholars we have very limited knowledge on drivers motivations strategies and impact of these EMNCs in Europe and their policy implications This volume provides fresh insights into EMNCs activities and their impact in Europe The contributors argue that EMNCs combine various country specific advantages existing firm specific advantages exploitation and or new FSAs exploration in their FDI and that there is considerable heterogeneity across EMNCs even those from the same southern economy Highlighting the importance of considering this divergent behaviour when implementing future European FDI policies this book will be of interest to students and scholars of European Politics International Political Economy International Business and European Integration

The New European Agencies Rod A. W. Rhodes,1996 A Political History of Reunifying Europe Jordan Gheorghe Bărbulescu,2025-01-24 The proposed volume delves into the European Union s expansion into Central and Eastern Europe after the fall of the Berlin Wall It emphasizes the candidate states perspective and seeks to draw parallels between the 1990s expansion and potential future enlargements The historical context is vital particularly the democratization and consolidation effects that past expansions had on both the candidate states and the EU as a whole The work also discusses the recently established European Political Community and its role in creating a unified European political space It contends that past expansions were win win scenarios benefiting both the EU and the candidate states and suggests that similar mutual gains can be achieved in the EU s potential enlargement into the Western Balkans and Eastern Europe The author proposes that analyzing past expansion processes offers valuable insights and concrete strategies for future extensions This may include concepts like pre accession and the European Political Community The current geopolitical climate with a more assertive Russia underscores the importance of further EU expansion to enhance Europe s stability and security Overall the book offers a comprehensive exploration of past and potential EU enlargements highlighting the enduring significance of this ongoing process in shaping the European landscape

Development Policies of Central and Eastern European States Ondřej Horký-Hlucháň,Simon Lightfoot,2013-09-13 The states from Central and Eastern Europe that joined the EU in 2004 and 2007 provide a fascinating series of case studies for

scholars interested in politics IR and development studies The interest comes from the fact that never before had so many recipients of EU aid joined the Union and taken on the commitment to become aid donors The journey from recipients of aid to aid donors is interesting because not only does it tell us about development policy in CEE states this policy area gives us an insight into governmental structures in CEE states foreign policy priorities public opinion the role of NGOs civil society and how well CEE states have taken on board the EU acquis the EU's rule book The book also explores whether the development cooperation programmes of the majority of CEESs reflect the so called transition experience of moving from authoritarianism and socialism to democracy and modern liberalism It also explores the extent to which these donors are aligned with the approaches of the DAC donors Finally by extending the scrutiny to the bottom up development activities of non state actors and public opinion the book will analyse the dynamics of the solidarity of the former East with the global South This book was published as a special issue of Perspectives on European Politics and Society
