**The Chautauquan**, 1906 **Can China Lead?** Regina Abrami, William Kirby, 2014-01-28 It s time to rethink the way we think about China In this thought provoking book noted China experts from Harvard Business School and the Wharton School assert that while China has experienced remarkable economic growth in recent decades nearly 10

percent for more than thirty years it now faces major challenges tests that could shift the country's political and economic trajectory A lack of accountability transparency and ease of operating in China combined with growing evidence of high level corruption has made domestic and foreign businesspeople increasingly wary of the China model These issues have deep roots in Chinese history and the country's political system Regina M Abrami of the Wharton School and William C Kirby and F Warren McFarlan of Harvard Business School contend that the country's dynamic private sector could be a source of sustainable growth but it is constrained by political favoritism toward state owned corporations Disruptive innovation research and development are limited by concerns about intellectual property protection Most significant of all is the question of China's political future does a system that has overseen dramatic transformations in recent years now have the capacity to transform itself Based on a new and popular course taught by the authors at Harvard Business School this book draws on more than thirty Harvard Business School case studies on Chinese and foreign companies doing business in the region including Sealed Air China Merchants Bank China Mobile Wanxiang Group Microsoft UFIDA and others Can China Lead asserts that China is at an inflection point that cannot be ignored An understanding of the forces that continue to shape its business landscape is crucial to establishing and maintaining a successful enterprise in China *Scents of China* Xuelei Huang,2023-08-10 In this vivid and highly original reading of recent Chinese history Xuelei Huang documents the eclectic array of smells that permeated Chinese life from the High Qing through to the Mao period Utilising interdisciplinary methodology and critically engaging with scholarship in the expanding fields of sensory and smell studies she shows how this period of tumultuous change in China was experienced through the body and the senses Drawing on unexplored archival materials readers are introduced to the smellscape of China from the eighteenth to mid twentieth century via perfumes food body odours public health projects consumerism and cosmetics travel literature fiction and political language This pioneering and evocative study takes the reader on a sensory journey through modern Chinese history examining the ways in which the experience of scent and modernity have intertwined **The Statesman's Year-Book** J. Scott-Keltie,2016-12-27 The classic reference work that provides annually updated information on the countries of the world *Studies in History, Economics, and Public Law* ,1919 *The Origins of the First United Front in China* Tony Saich,2023-12-14 The print edition is available as a set of two volumes 9789004091733
