New Dealers Power Politics In The Age Of Roosevelt

Morton Keller

New Dealers Power Politics In The Age Of Roosevelt:

The New Dealers Jordan A. Schwarz,1994-04-26 This bold new analysis of the New Deal dramatically revises our vision of the Roosevelt legacy and of the new relation between government and business it made a central fact of American life With impressive scholarship and narrative brio Jordan A Schwarz persuasively demonstrates that the New Deal s architects sought not merely to save an endangered American capitalism but to integrate economically underdeveloped regions of the nation within the scope of a dynamic state capitalism capable after World War II of dominating the global marketplace As he assesses the contributions of such figures as Supreme Court Justice Louis D Brandeis the legal and political fixer Thomas G Corcoran Texas legislators Sam Rayburn and Lyndon Johnson and the quintessential New Deal industrialist Henry Kaiser Schwarz produces a volume that should be required reading for anyone concerned with current American industrial policy And he does so with a liveliness and depth of insight that make The New Dealers comparable to the best work of Arthur Schlesinger or Robert Caro

America's Three Regimes Morton Keller,2009-03-11 Hailed in The New York Times Book Review as the single best book written in recent years on the sweep of American political history this groundbreaking work divides our nation s history into three regimes each of which lasts many many decades allowing us to appreciate as never before the slow steady evolution of American politics government and law The three regimes which mark longer periods of continuity than traditional eras reflect are Deferential and Republican from the colonial period to the 1820s Party and Democratic from the 1830s to the 1930s and Populist and Bureaucratic from the 1930s to the present Praised by The Economist as a feast to enjoy and by Foreign Affairs as a masterful and fresh account of U S politics here is a major contribution to the history of the United States an entirely new way to look at our past our present and our future packed with provocative and original observations about American public life

Roosevelt's Peacetime Administrations, 1933-41 George Henry Bennett,2004 This book serves as an essential introduction to Roosevelt s domestic policy during his tenure from the struggles of the Depression to the outbreak of the Second World War Incorporating archival discoveries at the Roosevelt Presidential Library this documentary collection focuses on the debates and controversies surrounding the implementation and practice of New Deal policies It highlights the meanings flaws and outcomes of Roosevelt s attempts to refashion American society With an extensive introduction the book reproduces extracts from a variety of sources including Government records public addresses and speeches and the private papers of Roosevelt and some of his closest associates

Moralizing the Market Yves-Marie Péréon,2018-03-01 A novel historical perspective on how stock markets influence each other internationally A nation usually overhauls its financial regulations after a stock market crash or the collapse of its banking system In 1967 France did something rare Out of pure political expediency Gaullist leaders and senior civil servants seized the opportunity offered by an insider trading case and established an independent commission to regulate the securities market the Commission des Op rations de Bourse or COB Despite their staunch defense of national sovereignty

these reformers drew their inspiration from an American model the Securities and Exchange Commission Highlighting the international sources for national reform Yves Marie P r on s *Moralizing the Market* explores the dynamics of policy transfer in securities regulation a subject that has rarely been considered from a historical perspective That regulation has been used to attract investors and foster market development challenges the view that the French government only attempted to develop the stock market as part of a global wave of deregulation in the 1980s Indeed the creation of the COB reveals a great deal about the exercise of power in modern democracies the interaction between business and government and the mechanisms of institutional innovation *Moralizing the Market* will appeal to professors and students of economic history international relations and political science as well as business and finance historians policy makers and professionals

Encyclopedia of Historians and Historical Writing Kelly Boyd,2019-10-09 The Encyclopedia of Historians and Historical Writing contains over 800 entries ranging from Lord Acton and Anna Comnena to Howard Zinn and from Herodotus to Simon Schama Over 300 contributors from around the world have composed critical assessments of historians from the beginning of historical writing to the present day including individuals from related disciplines like J rgen Habermas and Clifford Geertz whose theoretical contributions have informed historical debate Additionally the Encyclopedia includes some 200 essays treating the development of national regional and topical historiographies from the Ancient Near East to the history of sexuality In addition to the Western tradition it includes substantial assessments of African Asian and Latin American historians and debates on gender and subaltern studies *Salt of the Earth, Conscience of the Court* John M. Ferren,2006-03-08 The Kentucky born son of a Baptist preacher with an early tendency toward racial prejudice Supreme Court Justice Wiley Rutledge 1894 1949 became one of the Court s leading liberal activists and an early supporter of racial equality free speech and church state separation Drawing on more than 160 interviews John M Ferren provides a valuable analysis of Rutledge s life and judicial decisionmaking and offers the most comprehensive explanation to date for the Supreme Court nominations of Rutledge Felix Frankfurter and William O Douglas Rutledge was known for his compassion and fairness He opposed discrimination based on gender and poverty and pressed for expanded rights to counsel due process and federal review of state criminal convictions During his brief tenure on the Court he died following a stroke at age fifty five he contributed significantly to enhancing civil liberties and the rights of naturalized citizens and criminal defendants became the Court s most coherent expositor of the commerce clause and dissented powerfully from military commission convictions of Japanese generals after World War II Through an examination of Rutledge s life Ferren highlights the development of American common law and legal education the growth of the legal profession and related institutions and the evolution of the American court system including the politics of judicial selection *Earth Matters on Stage* Theresa J. May,2020-08-09 *Earth Matters on Stage* Ecology and Environment in American Theater tells the story of how American theater has shaped popular understandings of the environment throughout the twentieth century as it argues for theater s

potential power in the age of climate change Using cultural and environmental history seven chapters interrogate key moments in American theater and American environmentalism over the course of the twentieth century in the United States It focuses in particular on how drama has represented environmental injustice and how inequality has become part of the American environmental landscape As the first book length ecocritical study of American theater *Earth Matters* examines both familiar dramas and lesser known grassroots plays in an effort to show that theater can be a powerful force for social change from frontier drama of the late nineteenth century to the eco theater movement This book argues that theater has always and already been part of the history of environmental ideas and action in the United States *Earth Matters* also maps the rise of an ecocritical thought and eco theater practice what the author calls ecodramaturgy showing how theater has informed environmental perceptions and policies Through key plays and productions it identifies strategies for artists who want their work to contribute to cultural transformation in the face of climate change

Short of the Glory Tracy Campbell, 2010-09-12 Arthur Schlesinger Jr thought that he might one day become president He was a protege of Felix Frankfurter and Fred Vinson a political prodigy who held a series of important posts in the Roosevelt and Truman administrations Whatever became of Edward F Prichard Jr so young and brilliant and seemingly destined for glory Prichard was a complex man and his story is tragically ironic The boy from Bourbon County Kentucky graduated at the top of his Princeton class and cut a wide swath at Harvard Law School He went on to clerk in the U S Supreme Court and become an important figure in Roosevelt s Brain Trust Yet Prichard known for his dazzling wit and photographic memory fell victim to the hubris that had helped to make him great In 1948 he was indicted for stuffing 254 votes in a U S Senate race J Edgar Hoover never a fan of the young genius made sure he was prosecuted and so many of the members of the Supreme Court were Prichard s friends that not enough justices were left to hear his appeal So the man Roosevelt s advisors had called the boy wonder of the New Deal went to jail Prichard s meteoric rise and fall is essentially a Greek tragedy set on the stage of American politics Pardoned by President Truman Prichard spent the next twenty five years working his way out of political exile Gradually he became a trusted advisor to governors and legislators though without recognition or compensation Finally in the 1970s and 1980s Prichard emerged as his home state s most persuasive and eloquent voice for education reform finally regaining the respect he had thrown away in his arrogant youth

Does Atlas Shrug? Joel Slemrod, 2000 Since the introduction of the income tax in 1913 controversy has raged about how heavily to tax the rich Opponents of high tax rates claim that heavy assessments have negative incentives on the productivity of some of our most talented citizens supporters stress the importance of the rich shouldering their fair share and decry the loopholes that permit many to escape their obligations Notably absent from this debate is hard evidence about the actual impact of taxes on the behavior of the affluent This book presents evidence by leading economists of the effects of taxes on the formation of businesses the supply of labor the form of executive compensation the accumulation of wealth the allocation of portfolios and the realization of capital gains

Among its findings are that the labor supply of the rich remained unchanged in the face of large tax cuts in 1986 and that in late 1992 executives exercised billions of dollars worth of stock options in order to beat the tax increases expected in 1993. The book also presents a history of efforts to tax the rich, a demographic snapshot of the financially affluent and a road map to widely used tax avoidance strategies. Does *Atlas Shrug* will be of great interest to policymakers and interested citizens who want to know how much tax revenue could really be gained by increasing tax rates on the rich or whether low capital gains tax rates really spur economic growth.

The Moral Consequences of Economic Growth Benjamin M.

Friedman, 2010-11-03 From the author of *Day of Reckoning*, the acclaimed critique of Ronald Reagan's economic policy. Every citizen should read it, said *The New York Times*, a persuasive wide-ranging argument that economic growth provides far more than material benefits. In clear-cut prose, Benjamin M. Friedman examines the political and social histories of the large Western democracies, particularly of the United States, since the Civil War to demonstrate the fact that incomes on the rise lead to more open and democratic societies. He explains that growth, rather than simply a high standard of living, is key to effecting political and social liberalization in the third world and shows that even the wealthiest of nations puts its democratic values at risk when income levels stand still. Merely being rich is no protection against a turn toward rigidity and intolerance when a country's citizens lose the sense that they are getting ahead. With concrete policy suggestions for pursuing growth at home and promoting worldwide economic expansion, this volume is a major contribution to the ongoing debate about the effects of economic growth and globalization.

Presidents and Political Thought David J.

Siemers, 2010-01-01 What did the president know and when did he know it? It takes on a whole new meaning in *Presidents and Political Thought*. Though political philosophy is sometimes considered to be dry and abstract, many of our presidents have found usable ideas embedded within it. In this first comparative study of presidents and political theory, David Siemers examines how some of them have applied this specialized knowledge to their job. *Presidents and Political Thought* explores the connection between philosophy and practical politics through a study of six American chief executives: John Adams, Thomas Jefferson, James Madison, Woodrow Wilson, Franklin D. Roosevelt, and Bill Clinton. Writing at the intersection of politics, history, and philosophy, Siemers combines his extensive understanding of political philosophy with careful research and analysis of individual presidents to produce provocative and astute judgments about how their understanding of political theory affected their performance. Each chapter examines a particular president's attitude about political theory, the political theorists he read and admired, and the ways in which he applied theory in his activities as president. Viewing presidents through the lens of political theory enables Siemers to conclude that Madison and Adams have been significantly underrated. Wilson is thought to have abandoned his theoretical viewpoint as president, but actually he just possessed an unorthodox interpretation of his favorite thinker, Edmund Burke. Often thought to be so pragmatic or opportunistic that they lacked any convictions, FDR and Clinton gained their orientations to politics from political theory. These and other insights suggest that

we cannot understand these presidencies without being more aware of the ideas the presidents brought to the office Siemers's study takes on special relevance as the United States experiences regime change and a possible party realignment because as he notes Barack Obama has read and learned from political theory too Avoiding much of the jargon that often accompanies political theory this book demonstrates the relevance of political theory in the real world chronicling both the challenges and potentially rich payoffs when presidents conceive of politics not just as a way to reward friends and punish enemies but as a means to realize principles *Airlines and Air Mail* F. Robert van der Linden, 2021-10-21 Conventional wisdom credits only entrepreneurs with the vision to create America's commercial airline industry and contends that it was not until Roosevelt's Civil Aeronautics Act of 1938 that federal airline regulation began In *Airlines and Air Mail* F Robert van der Linden persuasively argues that Progressive republican policies of Herbert Hoover actually fostered the growth of American commercial aviation Air mail contracts provided a critical indirect subsidy and a solid financial foundation for this nascent industry Postmaster General Walter F Brown used these contracts as a carrot and a stick to ensure that the industry developed in the public interest while guaranteeing the survival of the pioneering companies Bureaucrats entrepreneurs and politicians of all stripes are thoughtfully portrayed in this thorough chronicle of one of America's most resounding successes the commercial aviation industry *Party Politics in the Age of Roosevelt* Michael P. Riccards, Cheryl A. Flagg, 2022-04-29 Riccards and Flagg examine in detail the development of Franklin Delano Roosevelt from a young politician in Albany to assistant secretary of the Navy to governor of the state of New York The volume shows how Roosevelt developed his rhetorical skills his art of manipulation and coalition building and his incredible bond to the American people through the Depression and World War II As commander in chief he mastered the leadership skills that made him a great military leader and a political leader who established himself as a paramount figure using control of the Democratic party In the process he solidified the party as a long lasting coalition that set the United States as a world empire **The Revolution of '28** Robert Chiles, 2018-03-15 The Revolution of 28 explores the career of New York governor and 1928 Democratic presidential nominee Alfred E Smith Robert Chiles peers into Smith's work and uncovers a distinctive strain of American progressivism that resonated among urban ethnic working class Americans in the early twentieth century The book charts the rise of that idiomatic progressivism during Smith's early years as a state legislator through his time as governor of the Empire State in the 1920s before proceeding to a revisionist narrative of the 1928 presidential campaign exploring the ways in which Smith's gubernatorial progressivism was presented to a national audience As Chiles points out new stock voters responded enthusiastically to Smith's candidacy on both economic and cultural levels Chiles offers a historical argument that describes the impact of this coalition on the new liberal formation that was to come with Franklin Delano Roosevelt's New Deal demonstrating the broad practical consequences of Smith's political career In particular Chiles notes how Smith's progressive agenda became Democratic partisan dogma and a rallying point for policy formation and electoral success at the

state and national levels Chiles sets the record straight in *The Revolution of 28* by paying close attention to how Smith identified and activated his emergent coalition and put it to use in his campaign of 1928 before quickly losing control over it after his failed presidential bid

The Best Transportation System in the World Mark H. Rose, Bruce Edsall Seely, Paul F. Barrett, 2006 From 1920 to the mid 1990s American transportation in the form of railroads trucks and airlines was simply a creature of politics and public policy In brief the markets for rail truck and airlines were not natural entities but had been created through hard fought political contests full time lobbying and unceasing litigation Between 1940 and the late 1970s moreover leaders of rail truck and airline firms lobbied and litigated to protect the workings of this regulatory regime In the mid 1950s President Eisenhower asked Congress to award railroad executives authority to modify prices and service Eisenhower was concerned about a railroad industry in decline During the 1960s President Johnson sought broad deregulation of rail trucks and airline firms Johnson wanted another device to fine tune the economy In the 1970s Presidents Nixon Ford and Carter sought to deregulate transportation with a view toward reversing stagflation Between 1978 and 1980 Congress and President Carter approved deregulation of airlines trucking and railroads Carter aide Mary Schuman played a crucial role in bringing about airline deregulation For all the market talk that surrounded transportation politics before and after 1980 however officials of the American state had been and remained the principal agents creating those markets

BOOK JACKET

Unfinished Business Haruo Iguchi, 2020-03-23 Ayukawa Yoshisuke 1880 1967 was the founder of the Nissan conglomerate and the leader of the Manchuria Industrial Development Corporation one of the linchpins of Imperial Japan s efforts to economically exploit its overseas dependencies Despite his close association with the Japanese government from the 1920s to the 1950s Ayukawa was a proponent of free trade and global economic interdependence He sought to lessen state control of Japan s economy by trying to attract foreign especially American capital and technology in the years surrounding World War II In the postwar era in particular Ayukawa actively pushed the growth of small and medium sized firms yet his efforts were ultimately unsuccessful In *Unfinished Business* through exploring the reasons for Ayukawa s failure Haruo Iguchi illuminates many of the economic problems of today s Japan

[More: The Politics of Economic Growth in Postwar America](#) Robert M. Collins, 2000-02-21 James Carville famously reminded Bill Clinton throughout 1992 that it s the economy stupid Yet for the last forty years historians of modern America have ignored the economy to focus on cultural social and political themes from the birth of modern feminism to the fall of the Berlin Wall Now a scholar has stepped forward to place the economy back in its rightful place at the center of his historical narrative In *More* Robert M Collins reexamines the history of the United States from Franklin Delano Roosevelt to Bill Clinton focusing on the federal government s determined pursuit of economic growth After tracing the emergence of growth as a priority during FDR s presidency Collins explores the record of successive administrations highlighting both their success in fostering growth and its partisan uses Collins reveals that the obsession with growth appears not only as a matter of policy but as an expression of

Cold War ideology both a means to pay for the arms build up and proof of the superiority of the United States market economy But under Johnson this enthusiasm sparked a crisis spending on Vietnam unleashed runaway inflation while the nation struggled with the moral consequences of its prosperity reflected in books such as John Kenneth Galbraith's *The Affluent Society* and Rachel Carson's *Silent Spring* More continues up to the end of the 1990s as Collins explains the real impact of Reagan's policies and astutely assesses Clinton's disciplined growthmanship which combined deficit reduction and a relaxed but watchful monetary policy by the Federal Reserve Writing with eloquence and analytical clarity Robert M Collins offers a startlingly new framework for understanding the history of postwar America

The Great Depression and the New Deal Robert F. Himmelberg, 2000-11-30 This essential guide to the Great Depression and the New Deal provides a wealth of information analysis biographical profiles primary documents and current resources that will help students to understand this pivotal era in American history The author an expert on this age of U S history and politics brings to life the traumatic period that began in 1929 and ended only with America's entrance into World War II in 1941 He carefully explains the causes of the Depression the actions taken by Franklin D Roosevelt to lift America out of its economic morass and the economic political social and cultural aspects of the age Following a chronology of events a narrative overview examines the events of the Great Depression and the New Deal Other topical essays address the causes and cure of the Depression America's struggle against the Depression the effect of the Depression on American politics changes in society and culture during the Depression decade and an evaluation of the New Deal from a contemporary perspective Twenty seven biographical profiles of key figures of the era the text of ten important primary documents a glossary of frequently cited terms and an annotated bibliography of print and nonprint materials for student use complete the work This work is an essential source for the most current thinking and resources on the Great Depression and the New Deal

Paving the Way Michael R. Fein, 2008 Tells the surprising story of how road construction helped to pave the way to the modern American state Shows how the growing transportation needs of a steadily industrializing population changed political order from local to state and ultimately to federal governance

The New American History American Historical Association, 1997 Originally released in 1990 The New American History edited for the American Historical Association by Eric Foner has become an indispensable volume for teachers and students In essays that chart the shifts in interpretation within their fields some of our most prominent American historians survey the key works and themes in the scholarship of the last three decades Along with substantially revised essays from the first edition this volume presents three entirely new ones on intellectual history the history of the West and the histories of the family and sexuality The second edition of The New American History reflects in Foner's words the continuing vitality and creativity of the study of the past how traditional fields are being expanded and redefined even as new ones are created Author note Eric Foner is DeWitt Clinton Professor of History at Columbia University He is the author of numerous books including *Reconstruction 1863-1877* which was awarded the Bancroft Prize

The Top Books of the Year New Dealers Power Politics In The Age Of Roosevelt The year 2023 has witnessed a noteworthy surge in literary brilliance, with numerous engrossing novels enthralling the hearts of readers worldwide. Lets delve into the realm of popular books, exploring the engaging narratives that have charmed audiences this year. The Must-Read : Colleen Hoover's "It Ends with Us" This heartfelt tale of love, loss, and resilience has captivated readers with its raw and emotional exploration of domestic abuse. Hoover masterfully weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can prevail. Uncover the Best : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This captivating historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids captivating storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Discover the Magic : Delia Owens "Where the Crawdads Sing" This mesmerizing coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens crafts a tale of resilience, survival, and the transformative power of nature, captivating readers with its evocative prose and mesmerizing setting. These top-selling novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of captivating stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a masterful and gripping novel that will keep you speculating until the very end. The novel is a warning tale about the dangers of obsession and the power of evil.

New Dealers Power Politics In The Age Of Roosevelt Introduction

In the digital age, access to information has become easier than ever before. The ability to download New Dealers Power Politics In The Age Of Roosevelt has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download New Dealers Power Politics In The Age Of Roosevelt has opened up a world of possibilities. Downloading New Dealers Power Politics In The Age Of Roosevelt provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled

with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading New Dealers Power Politics In The Age Of Roosevelt has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download New Dealers Power Politics In The Age Of Roosevelt. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading New Dealers Power Politics In The Age Of Roosevelt. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading New Dealers Power Politics In The Age Of Roosevelt, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download New Dealers Power Politics In The Age Of Roosevelt has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About New Dealers Power Politics In The Age Of Roosevelt Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility.
