**Catullus and the Poetics of Roman Manhood** David Wray, 2001-09-06 This book applies comparative cultural and literary models to a reading of Catullus poems as social performances of a poetics of manhood a competitively often outrageously self allusive bid for recognition and admiration Earlier readings of Catullus based on Romantic and Modernist notions of lyric poetry have tended to focus on the relationship with Lesbia and to ignore the majority of the shorter poems which are instead directed at other men Professor Wray approaches these poems in the light of more recent models for understanding male social interaction in the premodern Mediterranean placing them in their specifically Roman historical context while bringing out their strikingly postmodern qualities The result is an alternative way of reading the fiercely aggressive and delicately refined agonism performed in Catullus shorter poems All Latin and Greek quoted is supplied with an English translation

[Lyric Texts & Consciousness](#) Paul Miller, 2013-11-19 First published in 1994 *Lyric Texts and Lyric Consciousness* presents a model for studying the history of lyric as a genre. Professor Miller draws a distinction between the work of the Greek lyricists and the more condensed personal poetry that we associate with lyric. He then confronts the theoretical issues and presents a sophisticated Bakhtinian reading of the development of lyric form from its origins in archaic Greece to the more individualist style of Augustan Rome. This book will appeal to classicists and since English translations of passages from ancient authors are provided to those who specialise in comparative literature. **Samuel Taylor Coleridge: The Man Behind The Lyrics (Complete Illustrated Edition)**

Samuel Taylor Coleridge, May Byron, 2017-07-31 This carefully crafted ebook *Samuel Taylor Coleridge The Man Behind The Lyrics Complete Illustrated Edition* is formatted for your eReader with a functional and detailed table of contents. Samuel Taylor Coleridge 1772-1834 was an English poet, literary critic, and philosopher who, with his friend William Wordsworth, was a founder of the Romantic Movement in England and a member of the Lake Poets. He wrote the poems *The Rime of the Ancient Mariner* and *Kubla Khan*, as well as the major prose work *Biographia Literaria*. His critical work, especially on Shakespeare, was highly influential, and he helped introduce German idealist philosophy to English-speaking culture. He coined many familiar words and phrases, including *suspension of disbelief*. He was a major influence on Emerson and American transcendentalism. Coleridge is one of the most important figures in English poetry. His poems directly and deeply influenced all the major poets of the age. He was known by his contemporaries as a meticulous craftsman who was more rigorous in his careful reworking of his poems than any other poet, and Southey and Wordsworth were dependent on his professional advice. [Plurality and the Poetics of Self](#) Bruce Bond, 2019-06-18 *Plurality and the Poetics of Self* investigates the words *I* and *self* as suggestive of eight territories of meaning. Via poetry's lens into language and its limits, Bruce Bond explores the notion of self as identity, volitional agent, ego, existential monad, subjectivity, ontological origin, soul, and transpersonal psyche. Taking poetic meaning as our common currency, the book emphasizes the critical role of the unrepresentable and how embattled and confused assumptions threaten ever deeper alienation from one another and ourselves.

**Music and the Origins of Language** Downing A. Thomas, 1995-06-15 This study analyses reflections on music and considers ways in which it facilitates links between language and meaning. [Unreliable Narration and Trustworthiness](#) Vera Nünning, 2015-02-24 Though the phenomenon known as unreliable narration or narrative unreliability has received a lot of attention during the last two decades, narratological research has mainly focused on its manifestations in narrative fiction, particularly in homodiegetic or first person narration. Except for film forms and functions of unreliable narration in other genres, media and disciplines have so far been relatively neglected. The present volume redresses the balance by directing

scholarly attention to disciplines and domains that narratology has so far largely ignored It aims at initiating an interdisciplinary approach to and debate on narrative unreliability exploring unreliable narration in a broad range of literary genres other media and non fictional text types contexts and disciplines beyond literary studies Crossing the boundaries between genres media and disciplines the volume acknowledges that the question of whether or not to believe or trust a narrator transcends the field of literature The issues of un reliability and un trustworthiness play a crucial role in many areas of human life as well as a wide spectrum of academic fields ranging from law to history and from psychology to the study of culture

**Translation as Muse** Elizabeth Marie Young, 2015-09-05 Poetry is often said to resist translation its integration of form and meaning rendering even the best translations problematic Elizabeth Marie Young disagrees and with Translation as Muse she uses the work of the celebrated Roman poet Catullus to mount a powerful argument that translation can be an engine of poetic invention Catullus has long been admired as a poet but his efforts as a translator have been largely ignored Young reveals how essential translation is to his work many poems by Catullus that we tend to label as lyric originals were in fact shaped by Roman translation practices entirely different from our own By rereading Catullus through the lens of translation Young exposes new layers of ingenuity in Latin poetry even as she illuminates the idiosyncrasies of Roman translation practice reconfigures our understanding of translation history and questions basic assumptions about lyric poetry itself
