These shapes are arranged in a way that creates a sense of depth and geometric complexity. Guy Davenport and James Laughlin Guy Davenport, James Laughlin, 2007 Still with his life as entwined as it was with New Directions Laughlin speaks often and interestingly about some of the giants of the modern period most often Ezra Pound in whose work Davenport had a deep interest The most distinct aspect of their correspondence stems from the fact that although Laughlin ended up publishing some of Davenport's work their friendship was the primary force behind their letters More than simply detailing an author publisher relationship these letters depict two fine minds educating and supporting each other in the service of literature Jacket **New Serial Titles** ,1989 A union list of serials commencing publication after Dec 31 1949 **Catalog of Copyright Entries. Review ,1994 Prose Poetry in Theory and Practice Anne Caldwell, Oz Hardwick, 2022-06-01 Prose Poetry in Theory and Practice vigorously engages with the Why and the How of prose poetry a form that is currently enjoying a surge in popularity With contributions by both practitioners and academics this volume seeks to explore how its distinctive properties guide both writer and reader and to address why this form is so well suited to the early twenty first century With discussion of both classic and less well known writers the essays both illuminate prose poetry's distinctive features and explore how this outsider form can offer a unique way of viewing and describing the uncertainties and instabilities which shape our identities and our relationships with our surroundings in the early twenty first century Combining insights on the theory and practice of prose poetry Prose Poetry in Theory and Practice offers a timely and valuable contribution to the development of the form and its appreciation amongst practitioners and scholars alike Largely approached from a practitioner perspective this collection provides vivid snapshots of contemporary debates within the prose poetry field while actively contributing to the poetics and craft of the form The Presence of Pessoa George Monteiro, 2014-10-17 Fernando Pessoa 1888 1935 is

perhaps the most engaging of the great Western modernists of this century Born in Portugal but raised and educated in southern Africa Pessoa wrote poetry fiction and nonfiction George Monteiro provides refreshingly new interpretations of Pessoa's Mensagem Message and the modernist novella O Banqueiro Anarquista The Anarchist Banker But he is primarily interested in tracing Pessoa's influence on a wide range of contemporary writers Among those Monteiro finds putting Pessoa's work to their own surprising and sometimes comic uses are Joyce Carol Oates Allen Ginsberg John Wain Lawrence Ferlinghetti and earlier poets including Thomas Merton Edouard Roditi and Roy Campbell In addition the complete text of Campbell's pioneering biocritical study of Pessoa is published here for the first time

Framing Pieces John Whittier-Ferguson, 1996-05-02 In *Framing Pieces* Whittier-Ferguson recovers and explores drafts notes glosses essays and guides that high modernists such as James Joyce Virginia Woolf T S Eliot and Ezra Pound generated in order to interpret their own work These archival materials reveal a complex picture of how texts like Finnegans Wake A Room of One's Own Three Guineas and ABC's of Reading were annotated and framed by their authors and how the authors illuminated and obscured various aspects of the annotations Whittier-Ferguson also examines the first editions and periodicals in which these works appeared to show how modernist writers gauged the extent of their audience and tried to control their readers encounters with their writing

between his early autobiography and the controversial work of his later years Elena Malits shows Merton as writer as monk as social critic as seeker of wisdom in the East as man of prayer and as one continually on a journey into the unknown Merton always held that the quest for God is a continuing one The Solitary Explorer traces the progress of this quest in Merton's life and literary works to reveal a multifaceted spiritual guide who offers an approach to the divine at once reassuringly traditional and refreshingly contemporary

American Poetry David Caplan, 2022 American poetry's two characteristics American English as a poetic resource Convention and idiosyncrasy Auden and Eliot two complicating examples On the present and future of American poetry The Poetry Circuit Peter B. Howarth, 2024-09-17 Live performance has changed poetry more than anything else in the last hundred years it has given poets new audiences and a new economy and it has generated new styles from Imagism to confessional to contemporary Spoken Word But the creative impact that public reading had right through the twentieth century has not been well understood Mixing close listening to archive performances with intimate histories of modernist venues and promoters The Poetry Circuit tells the story of how poets met their audience again and how the feedback loops between their voices the venues and the occasions turned poems into running dramas between poet and listener A nervous T S Eliot reveals himself to be anything but impersonal while Marianne Moore's accident-prone readings become subtle ways of keeping her poems in constant re-draft Robert Frost used his poems to spar with his fans and rivals while Langston Hughes wrote Ask Your Mama to expose the prejudice circulating in the room as he spoke it The Poetry Circuit also shows how the post-war reading boom made new kinds of poetry involving their audience and setting in the performance such as John Ashbery's anti-charismatic Poets Theatre Amiri Baraka's documentary soundtracks of the streets or the confessional readings of Allen Ginsberg which shame the listeners more than the poet Covering the first seventy years of the poetry reading The Poetry Circuit demonstrates that there never were page and stage poets the reading simply changed what every modern poet could do

Modernist Poetry, Gender and Leisure Technologies Alex Goody, 2019-10-29 Modernist Poetry Gender and Leisure Technologies Machine Amusements explores how modernist women poets were inspired by leisure technologies to write new versions of the gendered subject Focusing on American women writers and particularly on the city of New York the book argues that the poetry of modernist women that engages with examines or critiques the new leisure technologies of their era is fundamentally changed by the encounter with that technology The chapters in the book focus on shopping advertising dance film radio and phonography on city spaces such as Coney Island Greenwich Village and Harlem and on poetry that embraces the linguistic and formal innovations of modernism whilst paying close attention to the embodied politics of gender The technologized city and the leisure cultures and media forms emerging from it enabled modernist women writers to re-imagine forms of lyric embodiment inspired by the impact of technology on modern ideas of selfhood and subjectivity
