The Case for Latvia Jukka Rislakki, 2008 What do we know about Latvia and the Latvians A Baltic not Balkan nation that emerged from fifty years under the Soviet Union interrupted by a brief but brutal Nazi German occupation and a devastating war now a member of the European Union and NATO Yes but what else Relentless accusations keep appearing especially in Russian media often repeated in the West Latvian soldiers single handedly saved Lenin's

revolution in 1917 Latvians killed Tsar Nikolai II and the Royal family Latvia was a thoroughly anti Semitic country and Latvians started killing Jews even before the Germans arrived in 1941 Nazi revival is rampant in today s Latvia The Russian minority is persecuted in Latvia True false or in between The Finnish journalist and author Jukka Rislakki examines charges like these and provides an outline of Latvia s recent history while attempting to separate documented historical fact from misinformation and deliberate disinformation His analysis helps to explain why the Baltic States population 7 million consistently top the enemy lists in public opinion polls of Russia 143 million His knowledge of the Baltic languages allows him to make use of local sources and up to date historical research He is a former Baltic States correspondent for Finland s largest daily newspaper Helsingin Sanomat and the author of several books on Finnish and Latvian history As a neutral experienced and often critical observer Rislakki is uniquely qualified for the task of separating truth from fiction

Discovering Lehi: New Evidence of Lehi and Nephi in Arabia Lynn M. Hilton, Hope A. Hilton, 2023-02-02 This fascinating Mormon odyssey was first commissioned by The Ensign But no mention was ever made in that work of the Lihyan Arabic transliteration for The People of Lehi civilization and the remarkable possibilities found in its Arabian ruins In addition to the Hilton s original research they have discovered volumes of new evidence and new possibilities The findings in this book may just be the sign saying I Lehi was here It is possible that Lehi and Nephi were actually great missionaries that they converted thousands as hinted at in D C 33 8 10 This new evidence suggests that Arabian converts of Nephi and Levi grew in number and influence and prospered as all civilizations of The Book of Mormon were promised over a period of 1000 years until they actually ruled Arabia for an additional 300 years This work may be the most remarkable evidence currently available that Levi and Nephi actually existed and may be the only research to date to actually pinpoint Book of Mormon locations with any degree of accuracy It is astounding that the city Nephi referred to as Nahum actually exists today as a city of ancient origins It conforms to the Book of Mormon description of the burial place of Ishmael and the point where they changed their direction of travel from south southeast to nearly eastward toward Bountiful Here within our very grasp may be the first physical and historical evidence that Lehi and Nephi lived breathed struggled and taught the gospel as marvelous and influential prophets of The Book of Mormon **Faith and Reason Today** Varghese J.
