From *The Intuitive Advisor* After 20 years as a medical intuitive advisor I realized that teaching people how to listen for the intuitive message behind the disease wasn't enough to help them create true and lasting health A vital step was missing namely how to effectively respond to what their intuition was advising and how they could learn to heal their lives and assist in healing those around them That's when I came to the realization that the health of each of the seven energy centers of the body depends on following a rule that involves balancing two seemingly opposite or contradictory qualities in our lives I call this set of balancing acts the Seven Rules for Intuitive Health Just as harmonized brain function depends on having both the left and the right hemispheres in sync healing body and mind in each of these seven energy centers or chakras involves following a rule to balance dual identities and engage two paradoxical mind sets simultaneously thus learning the Seven Rules for Intuitive Health will help you create a healthy mind and body Whenever you're in danger of dropping the ball somewhere you'll intuitively understand the warning signs your body is sending you via your health and you'll know how to get back on track *The Intuitive Advisor* Mona Lisa Schulz, MD, PHD,2010-05-01
