Beghetto,Laura McBain,2022-04-25 The stories in the book are stitched together like a quilt giving you an overview of the mosaic of failure but also shining a light on the components of failure The stories provide an insight into how you can create the conditions where you re going to take risks together and then experience failure together The narratives are from people who examined their favorite failures pulled the stories apart and provided us with an opportunity to understand how failure is not just one moment or one set of emotions These stories provide us with a glimpse into how we can approach teaching learning and setbacks with more humility and more humanity It s more than just about getting unstuck because failure has its own shape it s own momentum and shapes who we are all trying to become The Pluto Files: The Rise and Fall of America's Favorite Planet Neil deGrasse Tyson,2009-12-07 The New York Times best selling author chronicles America s irrational love affair with Pluto man s best celestial friend In August 2006 the International Astronomical Union voted Pluto out of planethood Far from the sun tiny and eccentric in orbit it s a wonder Pluto has any fans Yet during the mounting debate over Pluto s status Americans rallied behind the extraterrestrial underdog The year of Pluto s discovery Disney created an irresistible pup by the same name and as one NASA scientist put it Pluto was discovered by an American for America Pluto is entrenched in our cultural patriotic view of the cosmos and Neil deGrasse Tyson is on a quest to discover why Only Tyson can tell this story he was involved in the first exhibits to demote Pluto and consequently Pluto lovers have freely shared their opinions with him including endless hate mail from third graders In his typically witty way Tyson explores the history of planet classification and America s obsession with the planet that s recently been judged a dwarf The "States" in Villages Li Shulei,2015-11-27 This book presents a study in educational sociology exploring the function of rural schools which are a symbol of the state in rural society in a time characterized by local cultural transition The book begins with an investigation of the status quo background and history of a representative rural school Fengning Hope Elementary School and gives a definition of the states in villages Subsequently on the basis of research on the teachers an analysis of the courses taught and comparison to other rural elementary schools of the same type it reveals the dual status of rural schools and their relation with social development in rural areas Based on thorough fieldwork and empirical research
