New Gospel Of Christian Atheism:

The new gospel of Christian Atheism Thomas J.J. Altizer,2002 The Gospel of Christian Atheism Thomas J.J. Altizer,1966 Here in what may well be one of the most important books of the mid twentieth century the leader of the new theologians explains the death of God and radical Christianity He draws the pattern of a totally new theology for our age the first theology to reject entirely both organized religion and the teachings of the church as perversions of true Christianity and to speak in terms of our atheistic world The major reality of our day says Thomas Altizer is the absence of God Our world lost God in the nineteenth century when the central experience of artists and thinkers was the sound of the melancholy roar of the ebbing sea of faith The author unifies the perceptions of such prophets as Blake Hegel and Nietzche in a synthesis at once profound and prophetic rational and visionary an affirmation of faith that is intellectually tenable for mature twentieth century minds and morally habitable for those who have been able to identify value only with human progress The honest Christian must accept the dare Thomas Altizer offers he must admit that the God he worships exists only in the past or he must bet upon the gospel or good news of the God who willed his own death to enter more completely into the world of his creation And the honest atheist who lives forlornly bereft of faith will want to understand this revolutionary and definitive statement about a Christ who is totally present and alive in our midst today embodied now in every human face Publisher

Dunster, 2022-12-02 The Autism of Gxd An Atheological Love Story is truly a love story the story of Ruth Dunster's autistic search for an authentic personal and theological Gxd In this it resembles Augustine's Confessions as a theological autobiography It becomes atheological however as Dunster reckons with what Denys Turner terms The Darkness of God This awareness leads her through the poetry of Medieval mystics to the mythic death of God theology of Thomas I I Altizer The search for faith is nonetheless very real in this strange territory Dunster hears her autistic Gxd speaking in art poetry novels and music and this further leads her into the territory of Literature Theology and the Arts where in Blanchot's words the answer is the poem's absence Indeed Dunster calls the book a strange poem or even a hymn Weaving an autistic mythology out of a rigorous

survey of clinical autism this book abounds in challenge and paradox It offers a fascinating view into how an autistic poet becomes a theologian and what more mainstream theologies might learn from this disabled Gxd Handbook of Radical Theology Christopher D. Rodkey, Jordan E. Miller, 2018-10-10 The Palgrave Handbook of Radical Theology is the definitive guide to radical theology and the commencement for new directions in that field For the first time radical theology is addressed and assessed in a single comprehensive volume including introductory and historical essays for the beginner essays on major figures and their thought and shorter articles on various themes concepts and related topics This book is a seminal work for the radical theology movement It clarifies origins and demonstrates the exigency and utility of current figures and issues A useful and essential guide for newcomers and veterans in the field this volume serves as both a reference work and an introduction to omitted or forgotten topics within contemporary discussions Specters of God John D. Caputo, 2022-10-04 In Specters of God John D Caputo returns to the original impulse of his work the mystical element in things here under the name of an anxious apophatics as distinct from an edifying apophatics anchored in unity with God In dialogue with Schelling a new turn for him and the lynchpin of this argument Caputo addresses the nocturnal powers in being the specters that haunt our being and bring us up short The result is an erudite and insightful analysis in his usual lively and masterful style of several key spectral figures from medieval angelology and Eckhart's Gottheit through Luther's deus absconditus and Schelling's Satanology to the spectralization and virtualization of the world in the posthuman age Arguing that the name of God is not the master name of a super being who is going to save us but a placeholder for sources deep in our apophatic imaginary he asks Has God become a holy ghost of the past A passing spectral effect of the ancient harmonies of the spheres Does radical thinking culminate in a cosmopoetics beyond theism and its theology in a doxology to the transient glory of the world whatever it was in the beginning however eerie its end world without why The Atheist's Creed Michael Palmer, 2010-10-29 In The Atheist's Creed a prominent and widely read contemporary philosopher Dr Michael Palmer presents the most comprehensive anthology of the major philosophical arguments for atheism now before the public While the so called new atheism of Richard Dawkins and others has attracted considerable publicity it is these philosophical arguments that have down the ages provided the principal landmarks in the unfolding and increasingly widespread belief that no God exists Using a combination of extracts detailed introductions biographies and extensive bibliographies the author guides the reader through the history of atheism from the time of the early Greeks down to the present day In this analysis particular attention is given to the writings of Hume Nietzsche Marx and Freud The Atheist's Creed requires no specialist knowledge of philosophy Each chapter is structured around a single theme and the various authors coordinated to allow the full force of the particular atheistic argument to emerge The result is a compelling and powerful assessment of the case for atheism which will be essential and fascinating reading for student and non student alike and for all those concerned with the fundamental question whether or not there is a God The Christian Witness in a Secular Age Donald G.

Bloesch, 2002-01-02 This volume presents an evangelical appraisal of modern theological thinking It examines the views of nine leading theologians on the apologetic task today from Karl Barth and Reinhold Niebuhr to Harvey Cox and Thomas Altizer The strengths and weaknesses in the theology of each are set forth It is the author's contention that modern apologetics is often anchored in the spirit of the age and the values of the culture rather than in biblical revelation This book calls on Christians to place their trust not in imperfect human reason but in God's self revelation in Christ which can be discerned only by faith The Atheist's Primer Michael Palmer, 2012-10-08 Arguing that a new atheism driven largely by Darwinian objections to God's existence has limited debate to a scientific framework. The Atheist's Primer reinstates the importance of philosophy in the debate about God's existence and in so doing recovers the distinguished philosophical tradition of atheism which Dawkins and others have obscured Beginning with the Ancient Greeks and culminating with Hume Michael Palmer provides the philosophical framework on which scientific objections to theism are hung He explicates and comments on the thinking behind atheism discussing issues such as evil morality miracles and the motivations for belief Although delving deeply into epistemological concerns emphasising the disheartening limitations of man's capacity for knowledge and our materialist dependencies Palmer concludes on a positive note arguing alongside Nietzsche Marx and Freud and many others that happiness and personal fulfilment are to be found in the very materialism that religious belief rejects An eloquent abridgment of his previous work The Atheist's Creed which was aimed at the educational market The Atheist's Primer is written in fluent and concise prose making it an accessible introduction for the general reader

Original Sin and Time Andre Barbera, 2024-12-12 The Christian doctrine of original sin properly understood uniquely expresses the human condition People lament their sins and mistakes although they assume guilt only for the former Are they also responsible for their mistakes perhaps even for all that they deem unpleasant or catastrophic in the world earthquakes hurricanes volcanic eruptions and the cruelty of others Andr Barbera explores the latter possibility arguing that a proper understanding of original sin renders each and every person guilty for all misery and woe Two entirely common experiences provide clues for the argument that original sin and time are the same thing The first is waiting pure and simple Everyone waits every day The second experience is people s vain attempt to hold together one another in thought word and image This practice is especially conscious when the person whom someone attempts to hold together has died Time heals all is a euphemism for Sin kills love The argument regarding original sin and time pertains directly to the questions of predestination individual freedom divine foreknowledge and universal salvation By extension it could be applied to the discussion regarding pronouns and gender identification and to the rhetoric surrounding abortion

Too Good to be True Christopher D. Vatter, 2021 Liberal democracies assume neutrality toward the religious beliefs of its citizens the legal system is supposed to determine guilt or innocence without religious prejudice First coined by Carl Schmitt political theology questions these widely held assumptions It describes how political and legal concepts were derived from theological ones dissolving the connection between the public sphere and secularism In this intellectual history Miguel Vatter reconstructs how and why the discourse of political theology was adopted and repurposed by anti Schmitian thinkers to bolster the legitimacy of liberal democratic government Ultimately he shows to what extent contemporary democracy rests on theological assumptions Book Christian Dogmatics Carl E. Braaten, Robert W. Jenson, 2011-07 Volume 1 discusses dogmatics the Trinity the iacket identity of God creation sin and Christology Living Spiritual Praxis Eric J. Kyle, 2013-10-24 Christian ministers working in congregations and with nonprofits seek to discern what it is that God has been doing and where it is that the Spirit might be leading them In Living Spiritual Praxis Eric Kyle looks to address the lack of resources on the work and dynamics of Christian spiritual formation that actually develop a specific process for spiritual formation programs Kyle strives to provide a guide for spiritual formation by using the praxis oriented fields of action research and practical theology. He explores a process for understanding the nature and dynamics of a situation discerning specific formative interventions assessing various approaches and continually assessing and modifying these understandings and approaches Living Spiritual Praxis will be an invaluable resource for all Christians leaders and laity alike who are challenged by the spiritual formation of church members communities groups and individuals The Divine Manifold Roland Faber, 2014-07-30 The Divine Manifold is a postmodern enquiry in intersecting themes of the concept and reality of multiplicity in a chaosmos that does not refuse a dimension of theopoetics but rather defines it in terms of divine polyphilia the love of multiplicity In an intricate play on Dante's Divine Comedy this book engages questions of religion and philosophy through the aporetic dynamics of love and power locating its discussions in the midst of and in between the spheres of a genuine philosophy of multiplicity This philosophy originates from the poststructuralist approach of Gilles Deleuze and the process philosophical inspirations of Alfred N Whitehead As their chaosmos invites questions of ultimate reality religious pluralism and multireligious engagement a theopoetics of love will find paradoxical dissociations and harmonizations with postmodern sensitivities of language power knowledge and embodiment At the intersection of poststructuralism's and process theology's insights in the liberating necessity of

multiplicity for a postmodern cosmology the book realizes its central claim If there is a divine dimension of the chaosmos it will not be found in any identification with mundane forces or supernatural powers but on the contrary in the absolute difference of polyphilic love from creativity Yet the concurrent indifference of love and power its mystical undecidability in terms of any conceptualization will lead into existential questions of the insistence on multiplicity in a world of infinite becoming as inescapable background for its importance and creativeness formulating an ecological and ethical impulse for a mystagogy of becoming intermezzo The Spirit of American Liberal Theology Gary Dorrien, 2023-09-05 The Spirit of American Liberal Theology is an interpretation of the entire U S American tradition of liberal theology A highly condensed and far more accessible summary of Gary Dorrien's three volume trilogy The Making of American Liberal Theology Westminster John Knox Press 2001 2003 and 2006 Dorrien here presses the argument that the most abundant diverse and persistent tradition of liberal theology is the one that blossomed in the United States and is still refashioning itself While discussions of English and German liberalism persist new material includes expanded treatment of the Black social gospel the Universalists developments into early 2020s and a robust expression of the author's post Hegelian liberal liberationist **Christian Critics** Eugene McCarraher, 2000 While all supported movements for the rights of labor racial perspective minorities and women some endorsed the military industrial order that established the professional managerial class as a dominant national force while others favored a decentralized political economy of worker self management At the same time McCarraher recasts the debate about the therapeutic ethic by tracing a shift not from religion to therapy but from religious 20th-Century Theology Stanley J.
