Everest, H. (2003). Paper and Rock: Living the American Dream. New York: HH and Company.

In this book, the author presents a so-defined experiential research, attempting to determine whether it is highly possible for an individual to live as a minimum wage earner in the USA.

Peters, R. (2005). The Cost of Living in America- Expensive or Not? California: AA Publishing.

As an experienced journalist, Peters is completely aware of all the limitations in her experiment, including ethical implications involved. As such, she presents a clear debate in identifying whether the cost of living in America is considered as expensive or not.

Diethers, O. (2004). Why More People Want to Enter America. Ohio: Stem Press.

The author is forthcoming when it comes to explaining her methods, supplementing all of her experiences with scholarly and experimental research on her workplace, the economy, as well as the documented increasing cost of living in the USA.

Medieval Handbooks of Penance John Thomas McNeill, Helena Margaret Gamer, 1990 *Penance in the ancient church The penitentials The condition of the texts Early Irish penitential*

documents Early Welsh penitential documents Penitentials of the Anglo Saxon church Penitentials by Irish authors which were apparently compiled on the continent Anonymous and pseudonymous Frankish and Visigothic penitentials of the eighth and ninth centuries Penitentials written or authorized by Frankish ecclesiastics Selections from later penitential documents Penitential elements in medieval public law Synodical decisions and ecclesiastical opinions relating to the penitentials An eighth century list of superstitions Selections from the customs of Tallaght Irish canons from a Worcester collection On documents omitted The manuscripts of the penitentials *The Conquest of Constantinople* Robert de Clari, 2005 The Fourth Crusade 1202 1204 comprised French knights and Venetian sailors they set out to capture the Holy Land but ended up sacking Constantinople the Byzantine capital Robert of Clari an obscure knight from Picardy provides an extraordinary account of the trials travails and decidedly mixed triumphs of the Fourth Crusade Told from the perspective of an ordinary soldier *The Conquest of Constantinople* offers a rare and colorful firsthand description of the crusaders various experiences including the hardships they endured and the battles they fought **How Books Came to America** John

Hruschka, 2015-06-17 Anyone who pays attention to the popular press knows that the new media will soon make books obsolete But predicting the imminent demise of the book is nothing new At the beginning of the twentieth century for example some critics predicted that the electro mechanical phonograph would soon make books obsolete Still despite the challenges of a century and a half of new media books remain popular with Americans purchasing more than eight million books each day In *How Books Came to America* John Hruschka traces the development of the American book trade from the moment of European contact with the Americas through the growth of regional book trades in the early English colonial cities to the more or less unified national book trade that emerged after the American Civil War and flourished in the twentieth century He examines the variety of technological historical cultural political and personal forces that shaped the American book trade paying particular attention to the contributions of the German bookseller Frederick Leypoldt and his journal *Publishers Weekly* Unlike many studies of the book business *How Books Came to America* is more concerned with business than it is with books Its focus is on how books are manufactured and sold rather than how they are written and read It is nevertheless the story of the people who created and influenced the book business in the colonies and the United States Famous names in the American book trade Benjamin Franklin Robert Hoe the Harpers Henry Holt and Melvil Dewey are joined by more obscure names like Joseph Glover Conrad Beissel and the aforementioned Frederick Leypoldt Together they made the American book trade the unique commercial institution it is today **In Arden: Editing Shakespeare - Essays**

In Honour of Richard Proudfoot Gordon McMullan, Ann Thompson, 2015-03-20 A collection of new and specially commissioned essays by an eminent team of Shakespeare scholars focusing on the particular issues relating to the editing of Shakespeare and other Renaissance texts The editing of dramatic and other literary texts has always been an important aspect of literary studies In recent years editing and the theoretical frameworks that underlie editing practices have become

a lively and controversial focus of debate sparked both by philosophical discussions on the death of the author and by the technological challenges presented by the possibilities of electronic texts Most national and international conferences on literature and drama include sessions on textual studies and editing and a number of monographs address particular issues relating to the editing of Shakespeare and other Renaissance texts but this is the first overall survey of the current state of the field The essays have been commissioned to honour Professor Richard Proudfoot Senior General Editor of the Arden Shakespeare and an internationally recognised authority in the field of Shakespeare textual scholarship who retired from King's College London in 1999 after 35 years This is a well planned focused and co-ordinated volume makes a significant contribution to Shakespeare studies The contributors are a formidable and global group of scholars representing both traditional and contemporary viewpoints They include a number of Arden editors past and present as well as scholars who have edited texts for the main competitors

Heresies of the High Middle Ages Walter Leggett Wakefield, Austin Patterson Evans, 1991 More than seventy documents ranging in date from the early eleventh century to the early fourteenth century and representing both orthodox and heretical viewpoints are included

Queer Books of Late Victorian Print Culture Frederick D. King, 2024-05-31 Queer books like LGBTQ people adapt heteronormative structures and institutions to introduce space for discourses of queer desire Queer Books of Late Victorian Print Culture explores print culture adaptations of the material book examining the works of Aubrey Beardsley Michael Field John Gray Charles Ricketts Charles Shannon and Oscar Wilde It closely analyses the material book including the elements of binding typography paper ink and illustration and brings textual studies and queer theory into conversation

with literary experiments in free verse fairy tales and symbolist drama King argues that queer authors and artists revised the Revival of Printing's ideals for their own diverse and unique desires adapting new technological innovations in print culture. Their books created a community of like-minded aesthetes who challenged legal and representational discourses of same-sex desire with one of aesthetic sensuality.

The Murder of Charles the Good Galbert (de Bruges), 2005. And it should be known that I Galbert a notary though I had no suitable place for writing set down on tablets a summary of events and in the midst of so much danger by night and conflict by day I had to wait for moments of peace during the night or day to set in order the present account of events as they happened and in this way though in great straits I transcribed for the faithful what you see and read. From *The Murder of Charles the Good*. On March 12 1127 Charles the Good Count of Flanders was slain in the church of Saint Donatian in Bruges in a plot devised by an embittered noble family. Known for creating laws to protect and help the poor Charles the Good's assassination sent ripples throughout Europe affecting the balance of power between England France and the Holy Roman Empire. It also threw Flemish society into chaos as this prosperous region became engulfed in a brutal struggle for power. With a journalistic eye Galbert of Bruges a notary and cleric presents a riveting portrait of the day-to-day political and social unrest that followed in the wake of Charles's murder and the military battles to control Flanders. Historians have long recognized *The Murder of Charles the Good* as a remarkable point of entry for understanding the most important political legal and social issues that confronted medieval Europe: definitions of freedom and servility the competing claims of national and royal sovereignty and the rise of the bourgeoisie.

The Deeds of Frederick Barbarossa Otto I (Bishop of Freising), Rahewin, 2004. *The Deeds of Frederick Barbarossa* is the official biography of German king and Holy Roman Emperor Frederick I. This historical firsthand account was begun by his maternal uncle Bishop Otto of Freising the leading medieval church figure and notable historian and continued by a less well-known cleric Rahewin. This chronicle is the single most important source for the early reign of Frederick Barbarossa and the most valuable biographical study to come out of the twelfth century. In a letter written to his uncle Frederick recounted his life and the principal events of his reign. The first of the four books that constitute this account were written by Otto and cover events from 1075 to 1152 from the reign of Henry IV through that of Conrad III. The second book draws heavily on the letter providing invaluable insight into Frederick's attempts to establish and consolidate the Hohenstaufen empire. The final two books written by Rahewin follow the emperor's reign through 1160 during which time Frederick restored order at home recovered imperial control of Burgundy and re-created an imperial party in Italy.
