**The Hakka Cookbook** Linda Lau Anusasananan, 2012-10-08  
Veteran food writer Linda Lau Anusasananan opens the world of Hakka cooking to Western audiences in this fascinating chronicle that traces the rustic cuisine to its roots in a history of multiple migrations Beginning in her grandmother's kitchen in California Anusasananan travels to her family's home in China and from there fans out to embrace Hakka cooking across the globe including Hong Kong Taiwan Singapore Malaysia Canada Peru and beyond More than thirty home cooks and chefs share their experiences of the Hakka diaspora as they contribute over 140 recipes for everyday Chinese comfort food as well as more elaborate festive specialties This book likens Hakka cooking to a nomadic type of soul food or a hearty cooking tradition that responds to a shared history of hardship and oppression Earthy honest and robust it reflects the diversity of the estimated 75 million Hakka living in China and greater Asia and in scattered communities around the world yet still retains a core flavor and technique Anusasananan's deep personal connection to the tradition together with her extensive experience testing and developing recipes make this book both an intimate journey of discovery and an exciting introduction to a vibrant cuisine

*New York Magazine*, 1994-12-05 *New York Magazine* was born in 1968 after a run as an insert of the *New York Herald Tribune* and quickly made a place for itself as the trusted resource for readers across the country With award winning

*Cookbook Politics* Kennan Ferguson, 2020-05-01 An original and eclectic view of cookbooks as political acts Cookbooks are not political in conventional ways They neither proclaim as do manifestos nor do they forbid as do laws They do not command agreement as do arguments and their stipulations often lack specificity cook until browned Yet as repositories of human taste cookbooks transmit specific blends of flavor texture and nutrition across space and time Cookbooks both form and reflect who we are In *Cookbook Politics* Kennan Ferguson explores the sensual and political implications of these repositories demonstrating how they create nations establish ideologies shape international relations and structure communities *Cookbook Politics* argues that cookbooks highlight aspects of our lives we rarely recognize as political taste production domesticity collectivity and imagination and considers the ways in which cookbooks have or do politics from the most overt to the most subtle Cookbooks turn regional diversity into national unity as Pellegrino Artusi's *Science in the Kitchen and the Art of Eating Well* did for Italy in 1891 Politically affiliated organizations compile and sell cookbooks for example the early United Nations published *The World's Favorite Recipes* From the First Baptist Church of Midland Tennessee's community cookbook to Julia Child's *Mastering the Art of French Cooking* to the Italian Futurists' proto-fascist guide to food preparation Ferguson demonstrates how cookbooks mark desires and reveal social commitments your table becomes a representation of who you are Authoritative yet flexible collective yet individualized cooperative yet personal cookbooks invite participation editing and transformation Created to convey flavor and taste across generations communities and nations they enact the continuities and changes of social lives Their functioning in the name of creativity and preparation with readers happily consuming them in similar ways makes cookbooks an exemplary model for democratic politics
