## **Political Worship Ethics For Christian Citizens:**

**Political Worship** Bernd Wannenwetsch, 2009-06-18 How does Christian ethics begin This pioneering study explores the grammar of the Christian life as it is embodied and learned in worship as the formative experience of the fellow citizens of God's people The book presents the first in depth theological investigation of the phenomenon of political worship by exposing the political nature of worship and the worship dimension of politics In a careful analysis of biblical and traditional conceptions of worship Wannenwetsch demonstrates how the genuine political character of worship neutralizes attempts to politicize or de politicize it In the imprinting of the experience of divine reconciliation on the Christian body worship challenges the deepest antagonisms of political theory and practice antagonisms of private and public freedom and necessity and action and contemplation At the same time the spill over of worship into every sphere of life instills a healthy suspicion of post liberal conceptualizations of role mobility In the experience of hearing in communion an encounter with a word that does not deceive announces the end of the rule of the hermeneutics of suspicion Further questions discussed include the conditions of true consensus forgiveness as a political virtue political rhetoric between accountability and self justification how reversible role taking can avoid losing the otherness of the other and how the rhetoric of responsibility can be saved from hubris or depression Particular practices or dimensions of worship confession preaching praising intercession observance of holy days are examined and their heuristic and formative potentials explored in relation to these topics A special feature of the study is a strong ecumenical and international focus The book brings into conversation a variety of traditions including Lutheran Catholic Anglican and Orthodox and contemporary voices An original contribution to Christian ethics the book addresses systematic and practical theology as well as political theory while indicating the essential interpenetration of these disciplines

**The Fullness of Time in a Flat World** Scott Waalkes, 2010-01-01

Best selling author Thomas Friedman says that globalization has made the world flat and that we cannot stop the process But while it is right to say that globalization tends to flatten our world it is wrong to say that there are no alternatives to current patterns of economic ecological political and cultural integration This book argues that the Christian liturgical calendar provides a constructive alternative to the globalization of economics ecologies politics and cultures It does so by incorporating the church into the fullness of time in the gospel narrative thereby helping us escape from the dead end of Friedman s flat world so that we can improvise healthier ways of being globally integrated     **A Shared Mercy** Jon Coutts,2016-10-02 Combining systematic and pastoral theology Jon Coutts explores what it means to forgive and reconcile in the context of the Christ confessing community Both a constructive practical theology and a critical commentary on Barth s theology in Church Dogmatics this work explains the place and meaning of interpersonal forgiveness in Christ s ongoing ministry of reconciliation     **Exploring Ecclesiology** Brad Harper,Paul Louis Metzger,2009-03-01 In this introduction to ecclesiology respected scholars Brad Harper and Paul Louis Metzger offer a solidly evangelical yet ecumenical survey of the church in mission and doctrine Combining biblical historical and cultural analysis this comprehensive text explores the church as a Trinitarian eschatological worshipping sacramental serving ordered cultural and missional community It also offers practical application addressing contemporary church life issues such as women in ministry evangelism social action consumerism in church growth trends ecumenism and the church in postmodern culture The book will appeal to all who are interested in church doctrine particularly undergraduates and seminarians     *The "plainly Revealed" Word of God?* Helen Dare,Simon Patrick Woodman,2011 In January 2009 an international group of Baptist theologians met in Cardiff UK for a colloquium to explore the theory and practice of Baptist hermeneutics Drawing primarily from the British Baptist community the group s work was enhanced by insights from participants from the USA and Eastern Europe Participants brought a diversity of scholarly and pastoral interests to the colloquium and through presentation and discussion explored together the nature of Baptist hermeneutics The resulting volume addresses five core thematic areas The first section surveys the way in which Baptists have engaged with the Bible both in their early history and more recent past Section two analyses some specific examples of Baptist hermeneutics in practice while the third section turns attention to an exploration of theoretical approaches to the hermeneutical task in Baptist contexts The problem of how to negotiate interpretative difference within Baptist reading communities is addressed in the fourth section Finally concluding responses to the project from two non Baptist theologians challenge both contributors and readers to consider the wider implications of the volume for contemporary Baptist life     *Christ, Power and Mammon* Scott Thomas Prather,2013-09-12 This book examines the role of the New Testament concept of the principalities and powers in the thought of Karl Barth and John Howard Yoder showing how this biblical concept of power is central to the fundamental theological convictions of each thinker Prather offers a scholarly account of the underexplored theological and ethical import of a major biblical theme and the book addresses

questions and concerns from a wide range of academic and lay theological interest He brings Barth and Yoder into dialogue here and examines the three crucial areas the confessional distinction of church and world the demonization of political power and the intrinsic relation between the political and economic powers While other theologians have rightly identified a christocentric connection between the thought of Barth and Yoder no attempt has been made to bring them together through the sustained analysis of a single doctrinal or ethical issue this book does just that

**Compassion in Healthcare** Joshua Hordern, 2020-10-30 Compassion in Healthcare gives an account of the nature and content of compassion and its role in healthcare While compassion appears to be a straightforward aspect of life and practice Hordern's analysis shows that it is plagued by both conceptual and practical ills and stands in need of some quite specific kinds of therapy Starting from a diagnosis of what precisely is wrong with compassion its debilitating political entanglements the vagueness of its meaning and the risk of burnout it threatens three therapies are prescribed for these ills an understanding of patients and healthcare workers as those who pass through the life course encountering each other as wayfarers and pilgrims a grasp of the nature of compassion in healthcare and an embedding of healthcare within the realities of civic life Applying these therapeutic strategies uncovers how compassionate relationships acquire their content in healthcare practice The form that compassion takes is shown to depend on how doctrines of time tragedy salvation responsibility fault and theodicy make a difference to the quality of people's lives and relationships Drawing on the author's real world collaborations the way in which compassion matters to practice and policy is worked out in the detail of healthcare professionalism marketization and technology Covering everything from conception to old age and from machine learning to religious diversity Compassion in Healthcare draws on philosophy theology and everyday experience to expand our understanding of what compassion means for healthcare practice

*Scripture's Doctrine and Theology's Bible* Markus Bockmuehl, Alan J. Torrance, 2008-11 A team of world renowned scholars explores on what grounds and to what extent the New Testament shapes and prescribes Christian theology

The Domain of the Word John Webster, 2012-06-28 The book brings together a set of related studies on the nature of Scripture and of Christian theology by one of the most prominent representatives of Protestant theology of our time After a brief introduction on the setting of the book and its major themes the first part of the volume examines topics on the nature and interpretation of Scripture A comprehensive proposal about Scripture and its interpretation is followed by a study of Scripture as the embassy of the risen Christ and by three related chapters analyzing the ways in which widely different major modern theologians Barth T F Torrance and Rowan Williams have understood the nature and interpretation of the Bible The second part of the volume makes a cumulative proposal about the nature and tasks of Christian theology examining the fundamental principles of systematic theology the distinctive role and scope of reason in Christian theology the relation of theology to the humanities and the vocation of theology to promote the peace of the church

Politics in Friendship: A Theological Account Guido de Graaff, 2014-09-25 Guido de Graaff explores the political dimension and significance of

friendship arguing that its specific contribution lies not only in its theological approach but also in its particular focus distinguishing the political from the social and or civic The book s explorations are framed around a particular story of friendship the story of Bishop George Bell and German theologian Dietrich Bonhoeffer Drawing on Hannah Arendt and Oliver O Donovan de Graaff argues that Bell and Bonhoeffer s story can be read as one of friends assuming the responsibility of political judgment in an emergency situation their story casts doubts on secular politics as the primary context for interpreting the friends judgments Thus the book provides a more comprehensive account of the story also interpreting it against the background of the life of the church with special attention to John 15 and Romans 12 De Graaff concludes by showing how a theological account is vital for discerning the distinct politics of the church including opportunities for Christian engagement in secular politics

**Liturgy and Ethics** ,2017-11-06 The connection between Christian ethics and liturgy has been on the research agenda for some decades now Liturgy and Ethics addresses this issue departing from the particularity of the Reformed tradition and its potential for contributing to the discussion The volume offers in depth studies of how to understand God s acting in worship the centrality of justice and the formative meaning of the liturgy and relates these reflections to various moral issues and contemporary liturgical practices In combining a specific theological approach with a broad disciplinary treatment of the topics this volume aims to push forward the scholarly discussion on liturgy and ethics in significant ways

**A Theology of Disagreement** Christopher Landau,2021-05-30 Even the most casual contemporary observer of Christianity must recognise that the notion of Christian community being identifiable through the mutual love of its members John 13 35 is difficult to reconcile with the schismatic reality of current ecclesial life Nonetheless disagreement remains an ethical subject neglected by theologians A Theology of Disagreement New Testament Ethics for Ecclesial Conflicts examines how New Testament texts inform Christian approaches to disagreement Drawing on New Testament themes the book explores the nature of an ethic of disagreement and its practical implications for the church s public theological witness as well as its liturgy

**The Pastor as Friend?** Dan Holder,2025-01-23 Have you ever wondered what it means for pastors to be friends with people in their churches This is the fascinating question that Dan Holder dives into in this thought provoking book He uses in depth interviews with ordained pastors and their real life struggles and joys to get close to the essence of what friendship and friendliness mean in the pastoral setting Reflecting theologically on the findings and grappling with the thought and experience of figures such as Bonhoeffer Moltmann and C S Lewis he takes up in detail the four elements found to be essential to friendship mutuality affection freedom and openness Then envisioning what revised forms of practice for pastors in a local congregation might look like he formulates nine themes for a fruitful approach to pastoral friendship Holder doesn t shy away from the tough questions or try to offer easy answers Instead he invites readers into a nuanced thoughtful exploration of the topic one that acknowledges both the potential pitfalls and the profound opportunities of these relationships Prepare to be inspired challenged and encouraged Who knows Readers may just discover

a new vision for the role of friendship in their own lives and ministries      *The Oxford Handbook of Evangelical Theology* Gerald R. McDermott, 2013-12 This volume surveys the state of the discipline on topics of greatest importance to evangelical theology The authors critically assess the state of the question from both classical and evangelical traditions and propose a future direction for evangelical thinking on the subject *Resumé*      **Essays on the Real Church** Dirk J. Smit, 2024-08-15 The spirit of the Reformation is often expressed in the well known slogan that Reformed churches are always being reformed according to God's Word *ecclesia reformata semper reformanda secundum verbum Dei* Over the last century the spirit of this slogan motivated someone like Dietrich Bonhoeffer to argue that the visible form and life of the church should reflect the truth and message of the church Already in his doctoral dissertation called *Sanctorum Communio* the communion of the saints the young Bonhoeffer combined theological claims and traditions with social theory and analysis in this spirit in an innovative way to study the nature and integrity and witness of the church At the time this was a radical claim with major consequences and challenges for Protestant churches Their life which meant their order structure actions statements convictions public presence and role was to be measured by their gospel which meant their message proclamation convictions claims They could no longer proclaim one truth yet live a different life It was this spirit which led to the well known Theological Declaration of Barmen in 1934 and to the formation of the Confessing Church in Nazi Germany Many called this a moment of truth a *status confessionis* It was this same spirit which later inspired the struggle in South Africa for the integrity and faithfulness of the church and for the credibility of its message proclamation and witness The contributions in this volume 52 papers essays sermons studies were all produced in this spirit Most of them have not been published before They were all occasional pieces written over several decades in different contexts and for different purposes and audiences yet they all breathe this self critical spirit of the Reformation considering whether the real church the concrete every day actual living church that people know and experience and perhaps belong to truly strives to embody the gospel itself the message which it claims and proclaims They all inquire under different circumstances and in diverse ways about different social forms of the real church from worship to congregation from denomination to ecumenical church from individual believers to movements and organisations whether and how they embody the truth of the church or not Together these contributions tell a story the story of this spirit in South African circles over several decades but also in the ecumenical church in our globalizing world They offer one small glimpse into different concrete moments in the story of this spirit in the life of this tradition and community of faith Hopefully some of these accounts may resonate with others who also shared the same spirit and still share it today in new and ongoing ways      *Politics and Religion in the New Century* Philip Andrew Quadrio, Carrol Besseling, 2009-11-16 *Politics and Religion in the New Century* contains a collection of philosophical reflections on the intersection of religion and the political in contemporary social political and intellectual life      *Who Am I?* Bernd Wannenwetsch, 2009-07-21 A unique look at Bonhoeffer's poetry written during his prison years facilitating a

fascinating conversation between biography and theology      Christ, Church, and World Theodore J. Hopkins, 2021-10-11 As the North American church struggles to navigate the emerging post Christian context Theodore J Hopkins argues that the church is identified by three fundamental relationships Christ church world By attending to the Christological center of Dietrich Bonhoeffer s theology Hopkins establishes a framework for the church s mission in the world that flows from Christ s relationship to the church and his relationship to the world This Christological framework also illuminates the changing relationship between the church and the world in Bonhoeffer s works such that Discipleship seems to demarcate the church from the world while Ethics seems to unite church and world in one Christ reality Following Bonhoeffer Hopkins contends that the church is both distinct from the world and in solidarity with it in the dynamic of the crucified Lord Jesus who took the form of a servant and is present in Word Sacrament and community as the Risen One Hopkins envisions the church within the story of Jesus so that preaching and teaching the Gospel identifies the church and calls it to faithfulness in Christ s own mission The church is formed to see itself and the world in Jesus and enabled to follow Christ s mission of witness and service in the world      Letter and Spirit Scott Hahn, 2005-11-08 The bestselling author of The Lamb s Supper continues his thoughtful exploration of the complex relationship between the Bible and the Catholic liturgy in a revelatory work that will appeal to all readers Scott Hahn has inspired millions of readers with his perceptive and unique view of Catholic theology and worship becoming one of the most looked to contemporary authorities in these areas In Letter and Spirit Hahn extends the message he began in The Lamb s Supper offering far reaching and profound insights into what the Bible teaches us about living the spiritual life For both Christians and Jews the texts of the Bible are not simply records of historical events They are intended through public recitations in churches and synagogues to bring listeners and readers into the sweeping story of redemption as it unfolds in the Bible Focusing on the Catholic Mass Hahn describes how God s Word is meant to open our eyes to the life giving power of the sacraments and how the liturgy brings about the actualization of the saving truths of Scripture Letter and Spirit is a stunningly original contribution to the field of biblical studies and will help Hahn s many loyal and enthusiastic readers understand the relationship between the Bible and the Mass in a deeper way
