Voting as a Christian: The Social Issues Wayne A. Grudem, 2012-02-07 God intended the Bible to give guidance to every area of life including how governments should function Derived from author Wayne Grudem's Politics According to the Bible this book highlights those social issues that have dominated political debate recently and is a must read for any Christian concerned about current debates over social issues such as Abortion Education Homosexual marriage Pornography Religious freedom Throughout Wayne Grudem author of the bestselling Systematic Theology supports political positions that would be called more conservative than liberal However it is important to understand that I see these positions as flowing out of the Bible's

teachings rather than positions I hold prior to or independently of those biblical teachings he writes My primary purpose in the book is not to be liberal or conservative or Democrat or Republican but to explain a biblical worldview and a biblical perspective on issues of politics law and government Not every reader will agree with the book s conclusions But by grounding his analysis deeply on Scripture Grudem has equipped Christians to better understand and respond to some of today s key political debates wisely and in a manner consistent with their primary citizenship as members and ambassadors of the kingdom of God

Schultz, 2021-03-26 God made human beings in his image and that is what makes us so valuable Yet there are vastly different ideas of what the image means and how sin affects the image and each of those ideas impacts the claim that the image grounds human value People have treated one another in either horrible or wonderful ways based on their theologies of the image This book examines the logical implications of various image doctrines in the real world Also in Genesis 1 26 27 the image of God is closely tied to the first stated purposes of human life in Genesis 1 28 Yet such practical purposes seem remote from the private spirituality of the gospel story often heard in churches To live out our part in God s creation project we need to understand the image of God within the unfolding story Scripture narrates from creation to new creation This book builds a theology of the image of God by situating it firmly in the biblical narrative harnessing the insights of biblical theology and conversing with theologians past and present to form a coherent story of God his children and his creation in this age and the age to come *Bioengagement* Nigel M. de S.
