Politics And Statesmanship Essays On The American Whig Party:

Politics and Statesmanship Thomas Brown, 1985 Compiled by the foremost scholar of the holocaust in Hungary this volume contains close to 1500 fully annotated bibliographical entries relating to the history of Hungarian Jewry in general and the Holocaust period in particular Grouped under 42 main subject headings the entries are arranged alphabetically and provide author name and geographic indexes The American Political Nation, 1838-1893 Joel Silbey, 1994-07-01 This is a detailed analysis and description of a unique era in American political history one in which political parties were the dominant dynamic force at work structuring and directing the political world American Statesmen Edward Mihalkanin, 2004-08-30 The Secretary of State is in charge of defining and implementing U S foreign policy While that role has weakened some over the past 50 years a mere roll call of illustrious past Secretaries of State invokes the position s importance Thomas Jefferson Henry Kissinger John Quincy Adams William Jennings Bryan Henry Clay James Madison George C Marshall George Schultz and Daniel Webster are just a few of the Secretaries profiled within these 65 entries Arranged A to Z each essay is multifaceted offering information personal professional and political The majority of each piece deals with foreign policy ideas before he or she became the Secretary what American foreign policy was like while in office and the major foreign policy issues during tenure Each piece concludes with a concise and useful bibliography A unique look at U S foreign policy making and diplomacy through the experience of the person whose job is to craft and implement it Each secretary s early life and background are included as is his or her education and influences Careers before becoming Secretary of State are detailed as are expressions of ideas relating to U S foreign policy prior to appointment Then the piece examines his tenure in office itself from appointment as secretary to relations with the President Cabinet and Congress Most importantly the major foreign policy issues of the day are given a thorough going over Finally the circumstances of leaving office a post career summary and then a general assessment of his or accomplishments and shortcomings as secretary

The Urban South and the Coming of the Civil War Frank Towers, 2004 Book Review **McClellan's War** Ethan S. Rafuse, 2011-11-23 An important book that rescues George B McClellan s military reputation Chronicles Bold brash and full of ambition George Brinton McClellan seemed destined for greatness when he assumed command of all the Union armies before he was 35 It was not to be Ultimately deemed a failure on the battlefield by Abraham Lincoln he was finally dismissed from command following the bloody battle of Antietam To better understand this fascinating however flawed character Ethan S Rafuse considers the broad and complicated political climate of the earlier 19th Century Rather than blaming McClellan for the Union s military losses Rafuse attempts to understand his political thinking as it affected his wartime strategy As a result Rafuse sheds light not only on McClellan s conduct on the battlefields of 1861 62 but also on United States politics and culture in the years leading up to the Civil War Any historian seriously interested in the period will come away from the book with useful material and a better understanding of George B McClellan Journal of Southern History Exhaustively researched

and lucidly written Rafuse has done an excellent job in giving us a different perspective on Little Mac Civil War History Rafuse s thoughtful study of Little Mac shows just how enthralling this complex and flawed individual continues to be Blue Gray magazine *Lincoln and Native Americans* Michael S. Green,2021-09-03 This book traces Lincoln s family history his early years and how they shaped and may have shaped his attitudes toward Native Americans **Henry Clay** Robert Vincent Remini,1991 Great biography leaves an indelible view of the subject After Remini s masterful portrait Clay is unforgettable Donald B Cole Newsday **Critical Issues In American Art** Mary Ann Calo,2018-02-12 This anthology of essays on different critical approaches and methodologies for the analysis and interpretation of American art and artists is designed for students and teachers in American art history and American studies programs It contains twenty selections from academic journals on American art from colonial times to 1940 Mary Ann Calo provides an introduction to the anthology explaining its purpose and organization and each selection has a brief introduction about its main focus and scholarly approach These case studies show the diversity of scholarly thinking about interpreting American works of art which should be useful for teachers and comprehensible and interesting for students This anthology contains twenty articles on American art from colonial times to 1940 The selections are mainly from academic journals and aim to provide the student and teacher with different critical approaches and methodologies for the analysis and interpretation of American art and artists Mary Ann Calo s preface to the anthology explains its purpose and organization and each article will have a brief introduction about its main focus and scholarly approach This text meets the need in American art history studies for an anthology of essays on critical approaches and methodologies **President without a Party** Christopher J. Leahy,2020-05-06 Historians have long viewed President John Tyler as one of the nation s least effective heads of state In *President without a Party* the first full scale biography of Tyler in more than fifty years and the first new academic study of him in eight decades Christopher J Leahy explores the life of the tenth chief executive of the United States Born in the Virginia Tidewater into an elite family sympathetic to the ideals of the American Revolution Tyler like his father worked as an attorney before entering politics Leahy uses a wealth of primary source materials to chart Tyler s early political path from his election to the Virginia legislature in 1811 through his stints as a congressman and senator to his vice presidential nomination on the Whig ticket for the campaign of 1840 When William Henry Harrison died unexpectedly a mere month after assuming the presidency Tyler became the first vice president to become president because of the death of the incumbent Leahy traces Tyler s ascent to the highest office in the land and unpacks the fraught dynamics between Tyler and his fellow Whigs who ultimately banished the beleaguered president from their ranks and stymied his election bid three years later Leahy also examines the president s personal life especially his relationships with his wives and children In the end Leahy suggests politics fulfilled Tyler the most often to the detriment of his family Such was true even after his presidency when Virginians elected him to the Confederate Congress in 1861 and northerners and Unionists branded him a traitor president The most complete accounting of Tyler s life

and career Leahy's biography makes an original contribution to the fields of politics family life and slavery in the antebellum South Moving beyond the standard often shortsighted studies that describe Tyler as simply a defender of the Old South's dominant ideology of states rights and strict construction of the Constitution Leahy offers a nuanced portrayal of a president who favored a middle of the road bipartisan approach to the nation's problems This strategy did not make Tyler popular with either the Whigs or the opposition Democrats while he was in office or with historians and biographers ever since Moreover his most significant achievement as president the annexation of Texas exacerbated sectional tensions and put the United States on the road to civil war

Party Ideologies in America, 1828-1996 John Gerring, 2001-02-05 This book first published in 1998 presents historical analysis of the ideologies of major American parties from the early nineteenth century onwards

John Pendleton Kennedy Andrew R. Black, 2016-07-11 John Pendleton Kennedy 1795-1870 achieved a multidimensional career as a successful novelist historian and politician He published widely and represented his district in the Maryland legislature before being elected to Congress several times and serving as secretary of the navy during the Fillmore administration He devoted much of his life to the American Whig party and campaigned zealously for Henry Clay during his multiple runs for president His friends in literary circles included Charles Dickens Washington Irving and Edgar Allan Poe According to biographer Andrew Black scholars from various fields have never completely captured this broadly talented antebellum figure with literary critics ignoring Kennedy's political work historians overlooking his literary achievements and neither exploring their close interrelationship In fact Black argues literature and politics were inseparable for Kennedy as his literary productions were infused with the principles and beliefs that coalesced into the Whig party in the 1830s and led to its victory over Jacksonian Democrats the following decade Black's comprehensive biography amends this fractured scholarship employing Kennedy's published work and other writing to investigate the culture of the Whig party itself Using Kennedy's best known novel the enigmatic *Swallow Barn* or *A Sojourn in the Old Dominion* 1832 Black illustrates how the author grappled unsuccessfully with race and slavery The novel's unstable narrative and dissonant content reflect the fatal indecisiveness both of its author and his party in dealing with these volatile issues Black further argues that it was precisely this failure that caused the political collapse of the Whigs and paved the way for the Civil War

Henry Clay James C. Klotter, 2018-07-02 Charismatic charming and one of the best orators of his era Henry Clay achieved success at many levels Yet Clay still saw presidential greatness remain a fingertip away Why This book uses new sources to provide a focused nuanced description of Clay's programs and politics and to explain why the man they called The Great Rejected never won the presidency but did win the accolades of history

The Road to Disunion William W. Freehling, 1991-12-05 Far from a monolithic block of diehard slave states the South in the eight decades before the Civil War was in William Freehling's words a world so lushly various as to be a storyteller's dream It was a world where Deep South cotton planters clashed with South Carolina rice growers where the egalitarian spirit sweeping the North seeped down through border states already uncertain

about slavery where even sections of the same state for instance coastal and mountain Virginia divided bitterly on key issues It was the world of Jefferson Davis John C Calhoun Andrew Jackson and Thomas Jefferson and also of Gullah Jack Nat Turner and Frederick Douglass Now in the first volume of his long awaited monumental study of the South s road to disunion historian William Freehling offers a sweeping political and social history of the antebellum South from 1776 to 1854 All the dramatic events leading to secession are here the Missouri Compromise the Nullification Controversy the Gag Rule the Pearl Harbor of the slavery controversy the Annexation of Texas the Compromise of 1850 and the Kansas Nebraska Act Freehling vividly recounts each crisis illuminating complex issues and sketching colorful portraits of major figures Along the way he reveals the surprising extent to which slavery influenced national politics before 1850 and he provides important reinterpretations of American republicanism Jeffersonian states rights Jacksonian democracy and the causes of the American Civil War But for all Freehling s brilliant insight into American antebellum politics Secessionists at Bay is at bottom the saga of the rich social tapestry of the pre war South He takes us to old Charleston Natchez and Nashville to the big house of a typical plantation and we feel anew the tensions between the slaveowner and his family the poor whites and the planters the established South and the newer South and especially between the slave and his master Cuffee and Massa Freehling brings the Old South back to life in all its color cruelty and diversity It is a memorable portrait certain to be a key analysis of this crucial era in American history

Race and Ethnicity in America Russell M. Lawson, Benjamin A. Lawson, 2019-10-11

Divided into four volumes Race and Ethnicity in America provides a complete overview of the history of racial and ethnic relations in America from pre contact to the present The five hundred years since Europeans made contact with the indigenous peoples of America have been dominated by racial and ethnic tensions During the colonial period from 1500 to 1776 slavery and servitude of whites blacks and Indians formed the foundation for race and ethnic relations After the American Revolution slavery labor inequalities and immigration led to racial and ethnic tensions after the Civil War labor inequalities immigration and the fight for civil rights dominated America s racial and ethnic experience From the 1960s to the present the unfulfilled promise of civil rights for all ethnic and racial groups in America has been the most important sociopolitical issue in America Race and Ethnicity in America tells this story of the fight for equality in America The first volume spans pre contact to the American Revolution the second the American Revolution to the Civil War the third Reconstruction to the Civil Rights Movement and the fourth the Civil Rights Movement to the present All volumes explore the culture society labor war and politics and cultural expressions of racial and ethnic groups

Warfare in the USA 1784-1861 Samuel Watson, 2017-11-22 This unprecedented compilation provides the fullest examination anywhere available of the crucial social political and strategic and policy level issues of American military history between the Revolution and the Civil War civil military relations and the military s place in American society and politics westward expansion and the diverse peacetime missions assigned the military especially constabulary missions and operations force structure mobilization and

the formation of military strategy in support of national objectives and military preparedness administration reform and professionalization The introduction links all of these issues pointing to the increasing scale scope and organization and the growing dominance of national forces in American military institutions and operations during this important period

Lincoln's Speeches Reconsidered John Channing Briggs,2005-06-16 In this close examination John Channing Briggs reveals how the process of studying writing and delivering speeches helped Lincoln develop the ideas with which he would so profoundly change history *Conservatism and Southern Intellectuals, 1789-1861* Adam L. Tate,2005 The Roots of American Individualism Alex Zakaras,2024-08-20 A panoramic history of American individualism from its nineteenth century origins to today s bitterly divided politics Individualism is a defining feature of American public life Its influence is pervasive today with liberals and conservatives alike promising to expand personal freedom and defend individual rights against unwanted intrusion be it from big government big corporations or intolerant majorities The Roots of American Individualism traces the origins of individualist ideas to the turbulent political controversies of the Jacksonian era 1820 1850 and explores their enduring influence on American politics and culture Alex Zakaras plunges readers into the spirited and rancorous political debates of Andrew Jackson s America drawing on the stump speeches newspaper editorials magazine articles and sermons that captivated mass audiences and shaped partisan identities He shows how these debates popularized three powerful myths that celebrated the young nation as an exceptional land of liberty the myth of the independent proprietor the myth of the rights bearer and the myth of the self made man The Roots of American Individualism reveals how generations of politicians pundits and provocateurs have invoked these myths for competing political purposes Time and again the myths were used to determine who would enjoy equal rights and freedoms and who would not They also conjured up heavily idealized apolitical visions of social harmony and boundless opportunity typically centered on the free market that have distorted American political thought to this day **Conspiracy Theories in American History** Peter Knight,2003-12-11 The first comprehensive history of conspiracies and conspiracy theories in the United States Conspiracy Theories in American History An Encyclopedia is the first comprehensive research based scholarly study of the pervasiveness of our deeply ingrained culture of conspiracy From the Puritan witch trials to the Masons from the Red Scare to Watergate Whitewater and the War on Terror this encyclopedia covers conspiracy theories across the breadth of U S history examining the individuals organizations and ideas behind them Its over 300 alphabetical entries cover both the documented records of actual conspiracies and the cultural and political significance of specific conspiracy speculations Neither promoting nor dismissing any theory the entries move beyond the usual biased rhetoric to provide a clear sighted dispassionate look at each conspiracy real or imagined Readers will come to understand the political and social contexts in which these theories arose the mindsets and motivations of the people promoting them the real impact of society s reactions to conspiracy fears warranted or not and the verdict when verifiable that history has passed on each case Encyclopedia of U.S. Campaigns,

Elections, and Electoral Behavior Kenneth F. Warren, 2008-04-04 Overall a first rate resource and yes pleasantly readable School Library Journal The Encyclopedia of U S Campaigns Elections and Electoral Behavior covers virtually everything one would want to know about American political campaigns With more than 450 entries these two comprehensive volumes present a significant array topics of campaigns elections and electoral behavior The encyclopedia s diverse content shows that although the subject matter of campaigns elections and electoral behavior is inherently related each topic has a distinct focus Key Features Presents topics in a straightforward easy to understand manner intentionally avoiding unnecessary technical language Includes entries written by electoral behavior scholars from around the country Focuses on American campaigns elections and electoral behavior but also provides a culturally and politically diverse perspective of American democratic practices and institutions Offers a rich campaign history by looking at many colorful candidates corrupt yet intriguing political machines rapidly changing technologies campaign organizations and strategies Provides a description and scholarly analysis for all presidential elections including state and general elections Presents and simplifies complicated election laws that govern federal state and local elections Examines various efforts throughout the decades to reform elections especially from social upheaval and the resulting political realignments Includes extensive electoral research into the development of political opinions attitudes and ideologies in American voters Key Themes Ballot Issue Campaigns Campaigns Elections and the Law Corruption in American Campaigns and Elections Electoral Behavior of Various Groups Local Campaigns and Elections Media s Role in American Campaigns and Elections People Political Parties Interest Groups and American Campaigns and Elections Political Theory and Democratic Elections in America Polls Public Opinion and Campaigns and Elections Presidential Campaigns and Elections Reforming American Campaigns and Elections Running Political Campaigns Management Organization and Strategies Social and Psychological Dynamics of Electoral Behavior State and Congressional Campaigns and Elections History and State Profiles The Encyclopedia of U S Campaigns Elections and Electoral Behavior is an especially useful reference published to coincide with the 2008 presidential election This informative yet intriguing resource is a welcome addition to any academic or public library
