

Introduction to comparative politics, ch 7. Politics in Britain

- the government of UK was created in 1801 by merging England, Scotland, Wales and Ireland under a Parliament at Westminster in London
- Britain became democracy by evolution rather than revolution
- Britain has had two women prime ministers, Conservatives M. Thatcher and Theresa May, before America could elect a single women president
- Influence of British system of parliamentary democracy can be found in India, Australia, Canada, U.S.

CURRENT POLICY CHALLENGES

- In 2015, the Conservative Party led by PM David Cameron won an absolute majority of seats; Liberal Democrats collapsed and the official opposition party, Labour, suffered worst setback in more than three decades
- Cameron resigned as a prime minister 13 months later after failing to produce a majority vote in favor of the UK rejoining in the European Union
- Britain joined the EU in 1973, what was then a European Common Market
- PARLIAMENT IS SOVEREIGN: as long as the government of the day has the backing of a majority of members of parliament in the House of Commons, it can pass whatever laws it wants 1
- Westminster = where MPs, the prime minister and her Cabinet meet and work
- ups and downs of the British pound: significance of interdependence → the pound is managed by the official Bank of England, but because it is an international currency, statements by the PM do not determine its international value
- after the British vote to leave the EU, its value fell by more than 10 percent
- Gordon Brown; Labour party → became prime minister, but brought Labour to a big defeat in the 2010 general election
- George Osborne; the Conservative chancellor who succeeded Brown, gave priority to cutting the government's deficit in the expectation that this would promote growth in the private sector of the economy

Where does the Britain belong?

- Traditionally, answer is that Britain is a major world power having close ties with Commonwealth countries, the United States, and Europe
- COMMONWEALTH: after WWII, the British Empire was transformed in this free association of fifty-three sovereign states spanning five continents → the Commonwealth does not have the word British prefixed to its name; member states from Zambia to Jamaica, Australia and Bangladesh differ from each other in wealth, culture, and commitment to democracy; Commonwealth has no military or economic power, and its diplomatic influence is slight
- Zimbabwe left the Commonwealth (dictator Robert Mugabe)
- every British PM claims a special relationship with the U.S., House of Commons however recommended that the idea of a special relationship should be abandoned → Britain should be more willing to say no to the U.S. on those issues where two countries' interests and values diverge
- European countries are now Britain's major trading partner
- in the 80s, Margaret Thatcher successfully promoted the adoption of a single European market for trade in goods and services, but governments never showed a truly dedication
- Britain has kept the pond and rejected passport-free travel common in most continental European

Politics In Britain An Introduction

Politics In Britain An Introduction:

Politics in Britain Colin Leys, 1983 Politics in Britain Colin Leys, 1983 **Introduction to British Politics** Peter James Madgwick, 1970 **Government and Politics in Britain** J. E. Kingdom, 2003 *Government and Politics in Britain* John Kingdom, 2014-03-17

The long awaited fourth edition of this hugely popular textbook offers a uniquely comprehensive and illuminating introduction to government and politics in Britain today Set against the turbulent background of a world in economic ideological and religious flux the book analyses key developments in twenty first century British politics from the collapse of the longest serving Labour government to the challenges posed by coalition politics and the decline of public trust in the ruling class At the heart of the analysis is the issue of power what is it and who has it Fully revised and updated throughout its 24 chapters explore issues at the cutting edge of political change and debate in Britain including Challenges to the unity of the UK and increasing uncertainty over its world role Disillusionment with traditional politics Changing patterns of political communication Identity crises within the political parties Threats facing the traditional institutions of government Tensions posed by austerity social unrest and a growing gap between rich and poor Each chapter concludes with a summary a set of key terms and concepts questions for discussion weblinks and a guide to further reading plus suggestions for novels plays and films that will mix the business of study with pleasure and illustrate how politics affects most aspects of our lives Widely acknowledged for its sharply critical edge and capacity to enthuse students *Government and Politics in Britain* goes beyond mere facts to challenge conventional orthodoxies Blending penetrating analysis with a witty and thought provoking style it will be essential reading for all students new to this fascinating and important subject British Politics: A Critical Introduction Stuart McAnulla, 2006-02-06 This book provides students with a critical introduction to the British political system and the context of contemporary British policy making Too often the importance of interpretation to any understanding of British politics is neglected Attention to conveying factual information takes precedence over developing theoretical understandings This book is different in that it provides an account of British politics that is conceptually and theoretically driven It not only outlines the key features of British politics but which also provides critical perspectives on them McAnulla uses particular concepts and theories to illuminate the key dynamics of British politics i e to the ideas practices and relationships that sustain the political system Particular attention is devoted to understanding contemporary developments through an appreciation of the traditional dynamics of British politics **An Introduction to UK Politics** Joanie Willett, Arianna Giovannini, 2024-03-22 A bold and unique introduction to UK Politics This is the first textbook which breaks free from the conventional approaches that revolve around the Westminster bubble instead drawing upon the diverse challenges facing citizens and decision makers today Leading experts are brought together in this carefully edited collection that spans traditional and critical approaches An Introduction to UK Politics highlights central concerns facing British politics today from ongoing colonial legacies to Britain s inequality and the impact of decades of austerity Spotlighted throughout are

timely examples and latest research drawing on topics spanning policy responses to climate change and the role of social class in educational outcomes to the latest calls for increased devolution and shifting public opinion on UK Foreign Policy This textbook is packed with features including Case Studies to encourage critical thinking by presenting different perspectives on key events Theory Boxes which explore concepts in action Spotlight on Research showcases seminal and controversial publications to spark debate Annotated Reading Lists guide students to further readings Unique to this text is a central focus on the role identities and inequalities play in contemporary British Politics It offers students the tools to conduct analysis into the shifting dynamics in this major new action focused problem based and engaging introduction And centrally the book offers a compelling call to action that is how we all have the capacity to shape British politics every day An Introduction to UK Politics is essential reading for any undergraduate student studying UK or British Politics Joanie Willett Associate Professor in Politics University of Exeter UK Arianna Giovannini Professor of Political Sociology University of Urbino Italy

British Politics: A Very Short Introduction Anthony Wright, 2013-05-30 This book presents an introduction to the evolution and history of the British political system

British Politics: A Very Short Introduction Tony Wright, 2003-05-22 Tony Wright's Very Short Introduction to British Politics is an interpretative essay on the British political system rather than merely an abbreviated textbook on how it currently works He identifies key characteristics and ideas of the British tradition and investigates what makes British politics distinctive while emphasizing throughout the book how these characteristics are reflected in the way the political system actually functions Each chapter is organized around a key theme such as the constitution or political accountability which is first established and then explored with examples and illustrations This in turn provides a perspective for a discussion of how the system is changing looking in particular at devolution and Britain's place in Europe

Policy Making in Britain Peter Dorey, 2014-04-22 Introducing you to the public policy making process in Britain today this book adopts an empirical approach to the study of policy making by relating theory to actual developments in Britain since the 1980s It covers Ideas Problem Definition Issues and Agenda Setting Key Individuals Key Institutions Parliament and Public Policy Implementation The shift from Government to Governance including marketization and devolution The increasing role of the private and voluntary sectors in policy delivery Internationalisation and Europeanization of policies and policy making Evaluation audits and the New Public Management Each chapter is enriched by recent real life case studies and boxes illustrating key arguments concepts and empirical developments Taking into account the 2010 election and beyond the book addresses current issues developments and debates The result is a contemporary and engaging text that will be required reading for all students of British politics public policy and public administration

British Politics Today Bill Jones, Dennis Kavanagh, 2003 Over the last thirty five years British politics has undergone something of a revolution the collapse of strong class allegiance to parties the recovery of an economy once perceived to be in terminal decline the near twenty year rule of the Tories and the extraordinary emergence and

establishment of the Blairite New Labour Party Together with these changes we have also seen the reshaping of the civil service the establishment of devolved assemblies the reform of the Lords the decline of ideology the apparent crushing of the Conservative Party and the ubiquity of media management as a tool of political persuasion This text outlines and contextualizes these major changes and more [An Introductory History of British Broadcasting](#) Andrew Crisell,2005-06-29

[An Introductory History of British Broadcasting](#) is a concise and accessible history of British radio and television It begins with the birth of radio at the beginning of the twentieth century and discusses key moments in media history from the first wireless broadcast in 1920 through to recent developments in digital broadcasting and the internet Distinguishing broadcasting from other kinds of mass media and evaluating the way in which audiences have experienced the medium Andrew Crisell considers the nature and evolution of broadcasting the growth of broadcasting institutions and the relation of broadcasting to a wider political and social context This fully updated and expanded second edition includes the latest developments in digital broadcasting and the internet broadcasting in a multimedia era and its prospects for the future the concept of public service broadcasting and its changing role in an era of interactivity multiple channels and pay per view an evaluation of recent political pressures on the BBC and ITV duopoly a timeline of key broadcasting events and annotated advice on further reading *Politics UK* Bill Jones,Philip Norton,2014-06-20

The revised and updated eighth edition of the bestselling textbook *Politics UK* is an indispensable introduction to British politics It provides a thorough and accessible overview of the institutions and processes of British government a good grounding in British political history and an incisive introduction to the issues facing Britain today With contributed chapters from respected scholars in the field and contemporary articles on real world politics from well known political commentators this textbook is an essential guide for students of British politics The eighth edition welcomes brand new material from eight new contributors to complement the rigorously updated and highly valued chapters retained from the previous edition The eighth edition includes Britain in context boxes offering contrasting international perspectives of themes in British politics A comprehensive who's who of politics in the form of Profile boxes featuring key political figures And another thing pieces short articles written by distinguished commentators including Jonathan Powell Michael Moran and Mark Garnett Fully updated chapters plus new material providing excellent coverage of contemporary political events including The Leveson Inquiry the aftermath of the 2011 riots and the House of Lords reform A vibrant and accessible new design to excite and engage students as the work through a variety of political topics A new epilogue to the book offering a critical perspective of the trials and tribulations of the Coalition Government including an overview of the major differences that divide the coalition partners *British Government and Politics* Duncan Watts,2012-02-22

British Politics: The Basics Bill Jones, 2015-12-14 Over the last two decades British politics has undergone a remarkable transformation While some components of the system have been eroded such as voter turnout and membership of the big parties other parts have flourished such as nationalist parties the insurgent UKIP as well as the new media British Politics The Basics analyses these changes and places them within the context of the evolution of British society from absolute monarchy to representative democracy It considers each of the major components of British politics such as the Monarchy and the House of Lords the Commons voting behaviour parties and pressure groups the Prime Minister and Cabinet devolution local government and foreign policy Its contents include coverage of recent events such as the Scottish Referendum and the 2015 General Election This readable and comprehensive introduction will be of key interest to A level students undergraduates and those new to the study of British politics

Exploring British Politics Mark Garnett, Peter Dorey, Patrick Diamond, 2023-08-07 Exploring British Politics is a concise comprehensive and accessible guide to the subject Fully updated and revised the new edition covers developments since 2016 in the role of the executive parliament the civil service political parties general elections party ideology and membership as well as examining turmoil and leadership battles within the Labour and Conservative parties the politics of growing inequality public action and reaction demographic trends and their political consequences and the future of the UK itself Stimulating critical analysis and lively debate it provides new perspectives on two key themes the health of British democracy and the transition from traditional models of government to more flexible forms of governance Key features include Comprehensive analysis of the 2019 general election Brexit developments since the 2016 Referendum to today's ongoing impacts and the shadow cast by the COVID 19 global pandemic and its implications Topical coverage of the fall of the Truss leadership the new Johnson and Sunak era the rise and fall of the Change UK party the economic crisis the role of special advisers new social movements such as Extinction Rebellion and Black Lives Matter and much more Extensive guides to further reading at the end of each

chapter Richly illustrated through examples and data often visually represented Whilst the book provides an essential historical background contemporary issues are to the fore throughout and readers are encouraged to assess critically received wisdoms and develop their own thoughts and ideas Whether studying the subject for the first time or revisiting it Exploring British Politics is the ideal undergraduate text **Politics and Society in Britain** Michael Moran,1985

Principles and Politics in Contemporary Britain Mark Garnett,2013-10-28 This book shows the importance of political ideas in policy making and demonstrates the extent to which pragmatic considerations preclude the imposition of rigid ideological programmes It charts the decline of the postwar British consensus the changing face of both the Conservative and Labour parties under the long shadow of Thatcherism and the growing emergence of single issue policies such as environmentalism and feminism With an extensive bibliography and suggested seminar and essay topics Principles and Politics can be used on any course which focuses on contemporary British politics as well as having general appeal to those interested in looking at the contemporary political and ideological debate in the context of wider issues and trends This second edition is completely revised and updated The Oxford Handbook of British Politics Matthew Flinders,Andrew Gamble,Colin Hay,Michael Kenny,2009-07-16 The study of British politics has been reinvigorated in recent years as a generation of new scholars seeks to build upon a distinct disciplinary heritage while also exploring new empirical territory and finds much support and encouragement from previous generations in forging new grounds in relation to theory and methods It is in this context that The Oxford Handbook of British Politics has been conceived The central ambition of the Handbook is not just to illustrate both the breadth and depth of scholarship that is to be found within the field It also seeks to demonstrate the vibrancy and critical self reflection that has cultivated a much sharper and engaging and notably less insular approach to the terrain it seeks to explore and understand In this emphasis on critical engagement disciplinary evolution and a commitment to shaping rather than re stating the discipline The Oxford Handbook of British Politics is consciously distinctive In showcasing the diversity now found in the analysis of British politics the Handbook is built upon three foundations The first principle that underpins the volume is a broad understanding of the political It covers a much broader range of topics themes and issues than would commonly be found within a book on British politics This emphasis on an inclusive approach also characterises the second principle that has shaped this collection namely diversity in relation to commissioned authors The final principle focuses on the distinctiveness of the study of British politics Each chapter seeks to reflect on what is distinctive both in terms of the empirical nature of the issue of concern and the theories and methods that have been deployed to unravel the nature and causes of the debate The result is a unique volume that draws upon the intellectual strengths of the study of British politics reflects the innate diversity and inclusiveness of the discipline isolates certain distinctive issues and then reflects on their broader international relevance and finally looks to the future by pointing towards emerging or overlooked areas of research
