Cuba and the Politics of Passion Damián J. Fernández, 2010-01-01 Cuban politics has long been remarkable for its passionate intensity and yet few scholars have explored the effect of emotions on political attitudes and action in Cuba or elsewhere This book thus offers an important new approach by bringing feelings back into the study of politics and showing how the politics of passion and affection have interacted to shape Cuban history throughout the twentieth century Damián Fernández characterizes the politics of passion as the pursuit of a moral absolute for the nation as a whole While such a pursuit rallied the Cuban people around charismatic leaders such as Fidel Castro Fernández finds that it also set the stage for disaffection and disconnection when the grand goal never fully materialized At the same time he reveals how the politics of affection taking care of family and friends outside the formal structures of government has paradoxically both undermined state regimes and helped them remain in power by creating an informal survival network that provides what the state cannot or will not

Politics and Passion Michael Walzer, 2006-01-01 Distinguished political philosopher Michael Walzer offers a critique of liberal theory to demonstrate that crucial realities have been submerged in the evolution of contemporary liberal thought He suggests ways in which liberal theory might be revised to make it more hospitable to the claims of equality

The Politics of Passion Gloria Wekker, 2006-04-25 Gloria Wekker analyzes the phenomenon of *mati* work an old practice among Afro Surinamese working class women in which marriage is rejected in favor of male and female sexual partners Wekker vividly describes the lives of these women who prefer to create alternative families of kin lovers and children and gives a fascinating account of women's sexuality that is not limited to either heterosexuality or same sex sexuality She offers new perspectives on the lives of Caribbean women transnational gay and lesbian movements and an Afro Surinamese tradition that challenges conventional Western notions of marriage gender identity and desire Bringing these

women's voices to the forefront she offers an extensive and groundbreaking analysis of the unique historical religious psychological economic linguistic cultural and political forces that have shaped their lives

Politics and the Passions, 1500-1850 Victoria Kahn, Neil Saccamano, Daniela Coli, 2009-01-10 Focusing on the new theories of human motivation that emerged during the transition from feudalism to the modern period this is the first book of new essays on the relationship between politics and the passions from Machiavelli to Bentham Contributors address the crisis of moral and philosophical discourse in the early modern period the necessity of inventing a new way of describing the relation between reflection and action and private and public selves the disciplinary regulation of the body and the ideological constitution of identity The collection as a whole asks whether a discourse of the passions might provide a critical perspective on the politics of subjectivity Whatever their specific approach to the question of ideology all the essays reconsider the legacy of the passions in modern political theory and the importance of the history of politics and the passions for modern political debates Contributors in addition to the editors are Nancy Armstrong Judith Butler Riccardo Caporali Howard Caygill Patrick Coleman Frances Ferguson John Guillory Timothy Hampton John P McCormick and Leonard Tennenhouse

Passions and Politics Paul Ginsborg, Sergio Labate, 2019-01-18 The dominant model of democratic politics emphasizes reason at the expense of the passions Passions have been treated as dangerous the opposite of reason and the enemy of virtue Paul Ginsborg and Sergio Labate challenge this model and put forward a very different view developing an account of modern democratic politics in which both passions and reason play a crucial role To do justice to the role of passions in politics we must pay close attention to the way in which they circulate among us then we must develop a suitable language to describe them an alphabet of the passions that enables us to understand how they combine with one another and connect with certain states of mind in order to shape political outcomes Adopting this approach enables the authors to shed new light on one of the major phenomena of our time the triumph of neoliberalism on a world scale Neoliberalism has worked so well because it has incorporated its own romantic and individualist version of the passions into its worldview seducing both individuals and families with the allure of consumption By developing a new model of democratic politics based on the interplay of passions and reason Ginsborg and Labate provide a much needed framework for understanding the crucial role that passions play in the unfolding of political life At a time when populist leaders are on the ascendancy and political processes are shaped as much by anger resentment and fear as they are by reason and argument this refocusing of political analysis on the role of the passions could not be more timely

American Politics Samuel P. Huntington, 1981 Huntington examines the persistent gap between the promise of American ideals and the performance of American politics He shows how Americans have always been united by the democratic creed of liberty equality and hostility to authority but how these ideals have been frustrated through institutions and hierarchies needed to govern a democracy

The Politics of Passion Dirk Wiemann, Lars Eckstein, 2013 The demise of the modern self centred subject does not engender a waning but a politicisation of affect The site of passion is now no longer

the individual's interiority but the contact zone of intersubjective encounters. The public and political status of the emotions thus becomes apparent, making visible how affects are embedded in and shaped by discursive regimes. Neither spontaneous nor overdetermined passion is therefore not the other of reason but a deeply social energy that fuels political, cultural, and everyday practices. *ltl The Politics of Passion* combines theoretical reframings of affect and emotion in global modernity with analyses of concrete instances of politics of passion from above or from below. By including debates and struggles in Western, Asian, and African contexts, the volume attends to the actual plurality of affective rationalities and politics beyond a Eurocentric framework. *Passions, Politics and the Limits of Society* Heikki Haara, Koen Stapelbroek, Mikko

Immanen, 2020-08-24 The 1st part of the volume engages with the theme of inclusion and exclusion in the history of ideas from different perspectives. The 2nd part of the volume discusses debates on natural law, human nature, and political economy in early modern Europe. Its contributions explore the sorts of political and moral visions that were relevant in post-Hobbesian moral philosophy and the development of economic thought. **Passions in Economy, Politics, and the Media** Wolfgang Palaver, Petra Steinmair-Pösel, 2005 Passions play an important role in economy, politics, and the media. Recent discussions of the economy, for instance, do no longer hesitate to stress the importance of a passion like envy functioning as a driving force in this field. Also, the world of advertising illustrates the importance of passions in the economy. Modern forms of politics, on the contrary, claimed to be detached from passions and to rely solely on rationality. Recent developments since the end of the cold war, however, have clearly challenged this self-understanding of modern politics. Not even politics can escape the world of passions. In our days, both the economy and politics depend on the media, another example of a highly passionate realm. Passions also have an important religious dimension. One of the central questions of any great religion is how to deal with passions. This book offers an interdisciplinary approach to the phenomenon of passions in the fields of economy, politics, and the media, drawing on Re **The Politics of the Crucified** John C. Peet, 2021-07-30 Jesus died not peacefully in bed but on the cross, the instrument of execution used by the Romans to keep potential disturbers of the established political order in their place. Until the pioneering work of Jürgen Moltmann, the cross has been the elephant in the room in Christian political theology. This book explores the difference Jesus's crucifixion makes or should make to Christian political theology by examining the crucifixion in the theologies of the Mennonite John Howard Yoder and the liberation theologians Leonardo Boff and Jon Sobrino. In the light of the cross and of the kenotic God revealed by the cross, questions of political power are explored, and a kenotic political ethic outlined. In conclusion, suggestions are made as to how the contemporary church can live out a cruciform or cross-shaped political spirituality and ecclesiology. **Dirty Sexy Politics** Meghan McCain, 2024-09-24 Meghan McCain came to prominence as the straight-talking progressive daughter of the 2008 Republican presidential candidate Senator John McCain. And her profile has only risen since the election ended in favor of the other guy. What makes Meghan so appealing? As a new role model for young, creative, and vocal members of the GOP, she's

unafraid to mix it up and speak her mind In *Dirty Sexy Politics* she takes a hard look at the future of her party She doesn't shy away from serious issues and her raucous humor and down to earth style keep her positions accessible In this witty candid and boisterous book Meghan takes us deep behind the scenes of the campaign trail She steals campaign signs in New Hampshire tastes the nightlife in Nashville and has a strange encounter with Laura and Jenna Bush at the White House Along the way she falls in love with America while seeing how far the Republican Party has veered from its core values of freedom honesty and individuality In *Dirty Sexy Politics* Meghan McCain gives us a true insider's account of life on a campaign trail

Politics, Religion and Classical Political Economy in Britain J. Lipkes, 1998-12-09 The book examines tensions in classical political economy by describing and analysing changes in J S Mill's economic and religious thought late in life and assesses the influence of Mill's disciplines on these shifts Mill's followers surprisingly were divided into two opposing camps Influenced by the heterodox group opponents of Ricardian political economy and by pressing political concerns Mill modified his principles in ways he would not earlier have countenanced This resulted in inconsistencies and evasions in his final essays which greatly upset the orthodox contingent *Literature, Electricity and Politics 1740-1840* Mary Fairclough, 2017-03-27 This book investigates the science of electricity in the long eighteenth century and its textual life in literary and political writings Electricity was celebrated as a symbol of enlightened progress but its operation and its utility were unsettlingly obscure As a result debates about the nature of electricity dovetailed with discussions of the relation between body and soul the nature of sexual attraction the properties of revolutionary communication and the mysteries of vitality This study explores the complex textual manifestations of electricity between 1740 and 1840 in which commentators describe it both as a material force and as a purely figurative one The book analyses attempts by both elite and popular practitioners of electricity to elucidate the mysteries of electricity and traces the figurative uses of electrical language in the works of writers including Mary Robinson Edmund Burke Erasmus Darwin John Thelwall Mary Shelley and Richard Carlile *Saturday Review of Politics, Literature, Science and Art*, 1896 **The Saturday Review of Politics, Literature, Science and Art**, 1861 **Essays in Christian Politics and Kindred Subjects** William Temple, 1927 **The Saturday Review of Politics, Literature, Science, Art, and Finance**, 1871 *Passion, Pot, and Politics* Gerald M.
