Making Public Enterprises Work William T. Muhairwe,2009-11-15 Public enterprises remain the most dominant medium of service provision in both developing and developed countries During the 1990s and early 2000s the outcry about poor performance of public enterprises was overwhelming Nobody at that time and even now has managed to design a blue print solution And yet the fact that service provision through public enterprises is here to stay is the blunt truth In *Making Public Enterprises Work* From Despair to Promise A Turn Around Account Dr William Muhairwe the Managing Director of National Water and Sewerage Corporation of Uganda discusses the approaches used to turnaround an under performing state enterprise into a remarkable success story Drawing on decades of experience taming struggling institutions Dr Muhairwe enumerates practical steps taken to make a significant difference in service delivery for the benefit of any form of enterprise Combined with facts simplicity and fun this book presents a unique account of methods used for constructive engagement and dialogue with donors government officials workers suppliers and indeed the public customers
