An Alaska Anthology Stephen W. Haycox, Mary Childers Mangusso, 2011-06-01 Alaska with its Indian Eskimo and Aleut heritage its century of Russian colonization its peoples formidable struggles to wrest a living or a fortune from the North s isolated and harsh environment and its relatively recent achievement of statehood has long captured the popular imagination In An Alaska Anthology twenty five contemporary scholars explore the region s pivotal events significant themes and major players Native Russian Canadian and American The essays chosen for this anthology represent the very best writing on Alaska giving great depth to our understanding and appreciation of its history from the days of Russian American Company domination to the more recent threat of nuclear testing by the Atomic Energy Commission and the influence of oil money on inexperienced politicians Readers may be familiar with an earlier anthology Interpreting Alaska s History from which the present volume evolved to accommodate an explosion of research in the past decade While a number of the original pieces were found to be irreplaceable more than half of the essays are new The result is a fresh perspective on the subject and an invaluable resource for students teachers and scholars The Franchise and Politics in British North America 1755-1867

John Garner, 1969-12-15 To discuss the history of the franchise in Canada Mr Garner had to go back well before Confederation because 1867 did not mark the beginnings of a new franchise Until 1885 the federal government employed the provincial franchises at each federal election and the provinces in turn continued for some years the franchises that had served their colonial predecessors This then is the story of the development of the franchise in each of those British colonies which came to form the nucleus of the Dominion of Canada from the establishment of their representative assemblies until they joined Confederation **Canadian Studies in History and Government** ,1979 **The Emergence of the Federal Concept in Canada, 1839-1845** William G. Evans, Carlo Fanelli, 2018-07-23 Following the 2008 global financial crisis Canada appeared to escape the austerity implemented elsewhere but this was spin hiding the reality A closer look reveals that the provinces responsible for delivering essential public and social services such as education and healthcare shouldered the burden The Public Sector in an Age of Austerity examines public sector austerity in the provinces and territories specifically addressing how austerity was implemented what

forms austerity agendas took from regressive taxes and new user fees to public sector layoffs and privatization schemes and what if any political responses resulted Contributors focus on the period from 2007 to 2015 the global financial crisis and the period of fiscal consolidation that followed while also providing a longer historical context austerity is not a new phenomenon A granular examination of each jurisdiction identifies how changing fiscal conditions have affected the delivery of public services and restructured public finances highlighting the consequences such changes have had for public sector workers and users of public services The first book of its kind in Canada The Public Sector in an Age of Austerity challenges conventional wisdom by showing that Canada did not escape post crisis austerity and that its recovery has been vastly overstated *Books in Series* ,1980 *Canadian Political Parties, 1867-1968* Grace F.
