## **Politics Of War A Study Of The Rationality Of Violence:**

*The Politics of War* Charles Reynolds, 1989-01-01      **Churchill and Hitler** David Jablonsky, 1994 This collection of essays examines the development of Churchill and Hitler as strategic leaders and analyses in particular the impact of their formative years on their leadership styles operational codes views on civilmilitary relations and approaches to the conduct of war at strategic operational and tactical levels Ultimately victory depended on the calculated use of all the means of national power military political psychological and economic to achieve the national end These essays demonstrate it was Churchill who best understood that calculation      **Strategic Rationality is Not Enough** David Jablonsky, 1991      *Evaluating the Political Rationality of Terrorist Groups* Eric van Um, 2015-11-10 This book improves our understanding of terrorists motivations and rationality and may ultimately also indicate how to respond to the phenomenon of terrorism In his research studies Eric van Um explores the political rationality of terrorist groups The political rationality model builds on rational choice theory It demands that terrorist groups take into account the costs and benefits of their available options and choose the option promising them the highest political utility Testing the explanatory power of this model is relevant as rational choice approaches have become very prominent in terrorism research But at the same time their empirical power remains highly contested Increased knowledge of the political rationality model not only promises added value for terrorism research itself but also for social sciences more generally      *Women and the Lebanese Civil War* Jennifer Philippa Eggert, 2021-11-09 This book analyses the reasons for women s participation in the various Lebanese and Palestinian militias involved in the Lebanese Civil War 1975 1990 Whilst most existing accounts of the Civil War in Lebanon either overlook the roles and experiences of women entirely or focus on women as victims or peacemakers only *Women and the Lebanese Civil War* highlights that women were involved as militants and often also as fighters in all of the militias partaking in the war Analysing individual motivations organisational characteristics security related aspects and societal factors the book explains why women were included as fighters in some of the militias but not in others Based on extensive fieldwork in Lebanon the book is the first comprehensive study of female perpetrators and supporters of political violence during the Lebanese Civil War Beyond the case of Lebanon it questions widespread assumptions about the roles of women at times of violent conflict and war      **English Plus, Issues in Bilingual Education** Courtney B. Cazden, Catherine E. Snow, 1990 This volume presents background information research reports and case studies of exemplary programs in bilingual education in the United States The title is taken from a recent study of the National Coalition of Advocates for Students on the problems faced by immigrant children who are entitled to education but fail to find the support and services inside the school The authors argue that business as usual in English only is not enough but additional language support is essential for equality of educational opportunity Three case studies exemplify the diversity in language use in the United States and in educational programs that fit that diversity There is diversity in the communities served recent immigrant established language minority

or indigenous Native American diversity in what special resources especially teachers and texts are created and used and diversity in the use of language or languages in instruction ISSN 0002 7162 12 00 pbk
