Politics And Modernization In South And Southeast Asia:

Politics and Modernization in South and Southeast Asia Robert N. Kearney, 1975 Anthology of essays on politics and modernization in South Asia and South East Asia includes case studies on India Pakistan and Bangladesh Malaysia Thailand and Indonesia and discusses the economy historical aspects demographic aspects sociological aspects interethnic relations etc Map references and statistical tables

Politics and Modernization in South and Southeast Asia, Edited by Robert N. Kearney Robert N. Kearney, 1975

Modernization in South-East Asia Hans-Dieter Evers, 1973 Largely the outcome of a conference on Modernization in South East Asia held under the auspices of the Institute of Southeast Asian Studies Singapore in 1971

Public Administration, Sixth Edition, A Comparative Perspective. Ferrel Heady, 2001-02-13 Continuing in the standard of excellence set by previous editions this sixth edition assesses the bureaucracies and development of governments around the world providing helpful and revealing analyses of the relationships between bureaucracies and political regimes With over 1000 literature references tables and drawings the book has been updated to reflect changes in the political systems of the former Soviet Union Eastern Europe and the developing world The editor clearly articulates recent developments in the shifting global political landscape and discusses how conditions in development administration and comparative public policy affect nation states

Asian Power and Politics Lucian W. Pye, Mary W. Pye, Lucian W Pye, 2009-06-30 In a major new book Lucian W Pye reconceptualizes Asian political development as a product of cultural attitudes about power and authority He contrasts the great traditions of Confucian East Asia with the Southeast Asian cultures and the South Asian traditions of Hinduism and Islam and explores the national differences within these larger civilizations Breaking with modern political theory Pye believes that power differs profoundly from one culture to another In Asia the masses of the people are group oriented and respectful of authority while their leaders are more concerned with dignity and upholding collective pride than with problem solving As culture decides the course of political development Pye shows how Asian societies confronted with the task of setting up modern nation states respond by fashioning paternalistic forms of power that satisfy their deep psychological craving for security This new paternalism may appear essentially authoritarian to Western eyes but Pye maintains that it is a valid response to the people's needs and will ensure community solidarity and strong group loyalties He predicts that we are certain to see emerging from Asia's accelerating transformation some new version of modern society that may avoid many of the forms of tension common to Western civilization but may also produce a whole new set of problems This book revitalizes Asian political studies on a plane that comprehends the large differences between Asia and the West and at the same time is sensitive to the subtle variations among the many Asian cultures Its comparative perspective will provide indispensable insights to anyone who wishes to think more deeply about the modern Asian states

Naval Modernisation in South-East Asia Geoffrey Till, Jane Chan, 2013-08-15 This edited volume analyses the naval arms race in South East Asia and reviews the content purposes and consequences of the naval policies and development of the main countries of the region The rise of naval capability in the countries of the Asia Pacific Region is increasingly recognised as a major indicator of the rise of Asia and its increasing importance in the world's political economic and strategic future Most coverage focusses solely on the navies of the big four the US China India and Japan however the region's other navies though much smaller are significant too Given the current focus on the South China Sea and the Obama administration's pivot to Asia naval development in South East Asia is of particular relevance This book first identifies the issues involved in defence acquisition in this area It then goes on to establish some templates of naval modernisation as a means of assessing the policies of individual countries in the region by looking at the naval policies of the big four Finally the general issue of naval modernisation in South East Asia is illustrated through a more detailed examination of some of the major issues common to all countries of the area These include the defence industrial perspective specific examinations of submarine and surface ship acquisition processes and a review of the balance to be struck between naval and coastguard forces in the area This book will be of much interest to students of naval power maritime security South East Asian politics strategic studies and IR in general

Modernization in South-East Asia H. D. Evers, 1975

The Sociology of Southeast Asia Victor T. King, 2008 One of the main problems faced by teachers and students who have a scholarly interest in Southeast Asia is the lack of general user friendly texts in the social sciences The absence of an introduction to the sociology of Southeast Asia is especially unfortunate This volume attempts to meet these needs This is then the first sole authored introductory sociology text on Southeast Asia that focuses on change and development in the region provides an overview of the important sociological and political economy writings and considers the key concepts and themes in the field since 1945 Some multiauthored works do exist but these either are outdated or focus on specialized topics Aimed primarily at undergraduates up to the final year it will also be a useful reference work for post graduates and researchers who lack such a general work

Southeast Asia Jonathan Rigg, 1997 Drawing on case studies from across Southeast Asia this work assesses poverty and the ways in which the poor are identified and viewed Progress and change in the rural and urban worlds are examined in detail focusing on the strengthening rural urban interaction as farmers make a living in the urban industrial sector and factories relocate into industrial areas Giving prominence to indigenous notions of development based on Buddhism Islam and the so called Asian Way the author critically assesses the conceptual foundations of the development ideas of post developmentalism and the miracle thesis

Soldiers and Politics in Southeast Asia J. Stephen Hoadley, 2017-09-05 By exploring the role of military officers and chronicling the sequences of events *Soldiers and Politics in Southeast Asia* offers insight into the conditions that fostered military governments specifically in Thailand Burma South Vietnam Indonesia and Cambodia Critically comparing these case studies

and statistics this volume provides readers with a deeper understanding of the causes and consequences of military involvement in the region's politics during the post colonial period covered. Two ideologically opposed positions evolved around the phenomenon of military insurgency. Technological conservatism generally favors military insurgency in previously civilian led governments. There was a presumption that it encourages stability, efficiency and anti communism. The revisionist position on the other hand was highly critical of technological conservatism especially with regard to its political fervor. J Stephen Hoadley asserts that the relevant question is not one of ideological choices rather it is whether a military or civilian led government is better suited for the political and economic development of a particular underdeveloped nation. Hoadley argues that there is little difference between military and civilian led governments in their abilities to establish stability and maintain law. The book concludes that neither conservative nor radical views are fully correct as to the effects of military led governments on development. *Soldiers and Politics in Southeast Asia* focuses exclusively on civil military politics in Southeast Asia in a critical period for the region and it should be read by all individuals interested in Southeast Asian politics and development long after Cold War issues have come to a close. *Politics and Society in Southeast Asia* Peter A.

Poole, 2014-11-18 The Asian financial crisis of 1997-1998 caused severe hardship in Southeast Asia and many countries tightened their regulation of banks and other financial institutions adopted more conservative fiscal policies and made themselves less vulnerable to Western market fluctuations by forming closer trade and investment ties with their neighbors. This book analyzes the major political and economic reforms that resulted from the Asian financial crisis looking particularly at how such reforms helped to prepare Asian countries for coping with the 2009 global recession. In each of the ten country chapters the historical background, social and political system, economic development and foreign relations of each country are analyzed and compared with those of neighboring countries. The concluding chapter looks ahead at the prospects for Southeast Asia in a more integrated Asian region. Instructors considering this book for use in a course may request an examination copy here. ***The Politics of Nation Building and Citizenship in Singapore*** Michael Hill, Kwen Fee Lian, 2013-06-17 The creation of a national identity has been a central feature of political life in Singapore. A broad strategy of multiculturalism together with the creation of Asian values has served the purpose of building a new national identity. *The Political Economy of Southeast Asia* Toby Carroll, Shahar Hameiri, Lee Jones, 2020-03-03 This is not only the best collection of essays on the political economy of Southeast Asia but also as a singular achievement of the Murdoch School, one of the rarest of books that demonstrates how knowledge production travels across generations, institutions and time periods thereby continually enriching itself. No course on Southeast Asia can afford to miss it as its core text. Professor Amitav Acharya, American University, USA. This book, the fourth in a path breaking series, demonstrates why a critical political economy approach is more crucial than ever for understanding Southeast Asia's transformation. Across a wide range of topics, the book explains how capitalist development and globalisation are reshaping the societies, economies and politics of a diverse group.

of countries casting light on the deep sources of economic and social power in the region This is a book that every student of Southeast Asia needs to read Professor Edward Aspinall Australian National University Australia This book does what a work on political economy should do challenge existing paradigms in order to gain a deeper understanding of the processes of social transformation This volume is distinctive in three ways First it eschews methodological nationalism and focuses on how the interaction of national regional and global forces are shaping and reshaping systems of governance mass politics economies labor capital relations migration and gender relations across the region Second it is a bold effort to show how the Murdoch School which focuses on the dynamic synergy of internal class relations and global capitalism provides a better explanatory framework for understanding social change in Southeast Asia than the rival developmental state and historical institutionalist approaches Third alongside established luminaries in the field it showcases the younger generation of political economists doing pathbreaking work on different dimensions of the political economy of the region Walden Bello State University of New York at Binghamton USA and Former Member of the Philippines House of Representatives This very timely fourth edition explores Southeast Asia's political economy within the context of hyperglobalisation and China's pronounced social structural impacts on international politics finance and economics over the past decade and a half The volume successfully adopts a cross cutting thematic approach while also conveying the diversity and divergences among the Southeast Asian states and economies This will be an important resource for scholars of International Relations and Comparative Politics who need to take an interest in a dynamic and increasingly significant part of Asia Professor Evelyn Goh Australian National University Australia This ambitious collection takes a consistent theoretical approach and applies it to a thematic comparative analysis across Southeast Asia The yield is impressive the social political and economic forces constituting the current conjuncture are not simply invoked they are thoroughly identified and explained By posing the deceptively simple questions of what is happening and why the authors demonstrate the reciprocal relation between theory building and empirical inquiry providing a model of engaged scholarship with global resonance Bravo Professor Tania Li University of Toronto Canada Counteracting the spaceless and flattened geography of much literature on uneven development this book delivers a forensic examination of the unevenness of geographical development in Southeast Asia and the relations of force shaping capital state nature and civil society This is the most compelling theoretical and empirical political economy book available on Southeast Asia Professor Adam David Morton University of Sydney Australia A vital book for all scholars students and practitioners concerned with political economy and development this volume combines cutting edge theory with rich and wide ranging empirical analysis It is terrific to see the continued success of this book with this fully revised fourth edition Professor Nicola Philips Kings College London UK The Political Economy of Southeast Asia has become a leading reference for students of the region With its breadth of geographic scope timely themes clarity of prose and rigour of analysis Carroll Hameiri and Jones have ensured that with this fourth edition the volume will continue its landmark status

The book which brings together prominent experts in the field will not only be of immense interest to scholars studying Southeast Asia but also those seeking to understand the multifaceted nature of the political economy of uneven development in contemporary capitalism Professor Susanne Soederberg Queen's University Canada The Asia Research Centre at Murdoch University has long produced leading analyses of the social economic and political developments in Southeast Asia This volume carries on that wonderful tradition It brings together top class scholars to challenge our assumptions about one of the most dynamic parts of the world This collection is a crucial read for anyone interested in understanding trends in Southeast Asia's development today and into the future Professor Richard Stubbs McMaster University Canada This fourth volume in a distinguished series provides a welcome and timely update of the Murdoch School's distinctive approach to understanding the evolving political economy of Southeast Asia Its theoretical depth and wide empirical scope will be of great value to scholars students and practitioners seeking a systematic understanding of the political economy dynamics in the Asian region and more broadly of states and regions embedded in a complex unstable global political economy Professor Andrew Walter University of Melbourne This all new fourth edition of The Political Economy of Southeast Asia constitutes a state of the art comprehensive analysis of the political economic social and ecological development of one of the world's most dynamic regions With contributions from world leading experts the volume is unified by a single theoretical approach the Murdoch School of political economy which foregrounds struggles over power and resources and the evolving global context of hyperglobalisation Themes considered include gender populism the transformation of the state regional governance aid and the environment The volume will be of interest to scholars and students across multiple disciplines including political economy development studies international relations and area studies The findings of contributors will also be of value to civil society policymakers and anyone interested in Southeast Asia and its development

Handbook of Defence Politics Isaiah "Ike" Wilson III, James J.F. Forrest, 2011-03-28 Issues of defence politics and policy have long been at the forefront of political agendas and defining of international affairs However the dramatic changes to the global system that have taken place since the end of the Cold War and particularly since the terror attacks on the USA on 11 September 2001 have amplified the world's attention toward political and policy issues of national regional and global security The focus of this volume is on examining the fundamental causes of and defence policy responses to this new post 9/11 security environment Edited by Isaiah Ike Wilson III and James J F Forest of the US Military Academy West Point USA this volume is international in scope with pieces written by experts in the field offering a collection of up to date and balanced insights on key contemporary issues of concern to defence policymakers The book will be an invaluable reference tool for academics and students researchers in international relations policymakers media professionals and government officials

Dictionary of the Modern Politics of Southeast Asia Michael Leifer, 2013-05-13 Comprehensively revised and thoroughly updated to take full account of the many changes in South east Asia Contains over thirty new entries Includes biographical entries on

the principal political personalities past and present Fully cross referenced and indexed Encyclopedia of Government and Politics M. E. Hawkesworth, Maurice Kogan, 2004 This is a brand new edition of the critically acclaimed Encyclopedia of Government and Politics which has been fully revised and updated to provide a systematic account of politics and political studies at the beginning of the new millennium Providing a penetrating analysis of government and politics at a global regional and nation state level the Encyclopedia assesses both traditional and contemporary approaches and projects the paths of future research The articles provide a degree of critical analysis far beyond a simple descriptive outline of the subject Internationally respected contributors have been carefully selected to present contending approaches to related topics both to clarify the political implications of the various methodologies and to enrich the portrayal of political life With its expanded revised and updated coverage Encyclopedia of Government and Politics is more than ever an indispensable tool for students teachers professional analysts and policy makers
