**Blogging the Political** Antoinette Pole, 2010-02-12 The popular blog tracking site technorati.com reports the existence of well over one hundred million blogs Despite the medium's ubiquity the impact of political blogging on politics and civic engagement has not been systematically examined In an era of depressed civic engagement where access to the media by common citizens is limited blogs have the power to change the political landscape Blogging the Political catalogs the individuals engaged in political blogging explains why they started blogging and examines what they hope to gain from it The larger question at hand is

**Anticipatory Policymaking** Rob A. DeLeo, 2015-09-16 Public policy analysts and political pundits alike tend to describe the policymaking process as a reactive sequence in which government develops solutions for clearly evident and identifiable problems While this depiction holds true in many cases it fails to account for instances in which public policy is enacted in anticipation of a potential future problem Whereas traditional policy concerns manifest themselves through ongoing harms anticipatory problems are projected to occur sometime in the future and it is the prospect of their potentially catastrophic impact that generates intense speculation and concern in the present Anticipatory Policymaking When Government Acts to Prevent Problems and Why It Is So Difficult provides an in depth examination of the complex process through which United States government institutions anticipate emerging threats Using contemporary debates over the risks associated with nanotechnology pandemic influenza and global warming as case study material Rob A DeLeo highlights the distinctive features of proactive governance By challenging the pervasive assumption of reactive policymaking DeLeo provides a dynamic approach for conceptualizing the political dimensions of anticipatory policy change

**Domestic Policy Discourse in the US and the UK in the 'New World Order'** Lori Maguire, 2010-08-11 With the end of the Cold War many commentators expected a renewed emphasis on domestic policy as a result of this major change in foreign policy Until the attacks of 11 September 2001 this is exactly what happened The new world order in domestic terms celebrated the triumph of capitalism and free markets At this time Milton Friedman s economic ideas were all the rage and Keynes completely out of fashion The economic problems of the 1970s in combination with the manifest failure of communist economies had largely discredited the traditional notion of the Left and party rhetoric reflected this Both the Democrats and Labour had begun in the 1980s faced with the success of Reagan and Thatcher a process of redefinition people talked of New Democrats and New Labour During the campaign of 1992 Clinton insisted on the need for a modern mainstream agenda and used key terms often associated with conservatism like expansion of opportunity choice responsibility and reinventing government Labour especially after Tony Blair became leader in 1994 followed the same path Both the Conservatives and the Republicans had pushed to the right in the late 1970s and continued this trend in the following years Although their electoral fortunes varied they increasingly found themselves divided between moderate and more rightwing members In Britain this division focused on Europe while in the US it usually concerned social and ethical questions By 2010 the Conservatives had attained some cohesion under David Cameron but the Republicans were openly feuding This book s originality lies in its scope in its comparative aspect and its inclusion of first person accounts as well as scholarly studies In particular the book includes one of the first major analyses of the health care debate from Clinton s failed attempt to the conclusion of Obama s successful one Highly up to date and topical it also discusses discourse related to the recent economic crisis the so called Climategate scandal the UK elections of 2010 the gay rights debates in the US Islamophobia and the Arizona immigration law
