## **Politics In Gaullist France Coping With Chaos:**

*Politics in Gaullist France* Charles Hauss, 1991 This is the first book length attempt to provide a political and historical synthesis of the quarter century 1958-81 the Gaullists were in power in France while putting the Fifth Republic they created into a broader comparative perspective The author analyzes the reasons for the success of the Gaullists in bringing France its first successful democratic government showing that Fifth Republic France and similar interventionist states succeeded precisely because the political model on which they based their actions conformed to the needs of the industrialized world from the late 1930s through the early 1970s He then demonstrates that the difficulties the Gaullists and their Socialist successors have faced may be symptomatic of the kinds of problems the entire advanced industrialized world will encounter as we move into the next century Divided into five parts the book begins by examining the enduring problems faced by the Third and Fourth Republics in France The second section covers the new constitution de Gaulle's behavior as president and the rationalization of the party system In Part Three the author explores how the Gaullists and their allies used the levers provided them by the constitution and by political reforms to take consistent systematic and long term steps to deal with problems that had confounded their predecessors for generations Turning to the regime's failures the author analyzes the persistent problems of centralization and alienation that continued to plague France despite the successes of the Fifth Republic The final section addresses the broader implications of the Gaullist experience for industrialized states in general An ideal supplemental text for courses in French politics and history this book offers important new insights into a critical period in that country's modern political development

*Politics in France* Charles Hauss, 2007-10-01 France has shifted toward more normal politics since the mid 1960s That's saying a lot for a country that has had three monarchies five republics two empires and a neo fascist regime in the years since its revolution in 1789 Hauss's lively and up to date new text looks beyond de Gaulle's revolution tracing France's historical development up to the present and describing with fresh insight its political culture parties interest groups and institutional system as well as its place in the EU and the larger global economic order Hauss offers lively analysis of recent events and issues including the May 2007 presidential elections hot button policy issues like immigration and the assimilation of non Westerners into the French cultural and political landscape and the impact of the EU on France's economic policies

*Politics in Gaullist France* Charles Hauss, 1991 This is the first book length attempt to provide a political and historical synthesis of the quarter century 1958-81 the Gaullists were in power in France while putting the Fifth Republic they created into a broader comparative perspective The author analyzes the reasons for the success of the Gaullists in bringing France its first successful democratic government showing that Fifth Republic France and similar interventionist states succeeded precisely because the political model on which they based their actions conformed to the needs of the industrialized world from the late 1930s through the early 1970s He then demonstrates that the difficulties the Gaullists and their Socialist successors have faced may be symptomatic of the kinds of

problems the entire advanced industrialized world will encounter as we move into the next century Divided into five parts the book begins by examining the enduring problems faced by the Third and Fourth Republics in France The second section covers the new constitution de Gaulle's behavior as president and the rationalization of the party system In Part Three the author explores how the Gaullists and their allies used the levers provided them by the constitution and by political reforms to take consistent systematic and long term steps to deal with problems that had confounded their predecessors for generations Turning to the regime's failures the author analyzes the persistent problems of centralization and alienation that continued to plague France despite the successes of the Fifth Republic The final section addresses the broader implications of the Gaullist experience for industrialized states in general An ideal supplemental text for courses in French politics and history this book offers important new insights into a critical period in that country's modern political development

*Politics in Europe* M. Donald Hancock, Christopher J. Carman, Marjorie Castle, David P. Conradt, Raffaella Y.

Nanetti, Robert Leonardi, William Safran, Stephen White, Michelle Hale Williams, Mary N. Hampton, 2018-05-29 *Politics in Europe* Seventh Edition introduces students to the power of the European Union as well as seven political systems the UK France Germany Italy Sweden Russia Poland within a common analytical framework that enables students to conduct both single case and cross national analysis Each case addresses the most relevant questions of comparative political analysis who governs on behalf of what values with the collaboration of what groups in the face of what kind of opposition and with what socioeconomic and political consequences Packed with captivating photos and robust country descriptions from regional specialists the Seventh Edition enables students to think critically about these questions and make meaningful cross national comparisons

**Comparative Politics : Domestic Responses to Global Challenges : a Canadian Perspective** Charles

Hauss, Miriam Catherine Smith, 2000 *Constructing the Gaullist Consensus* Tamara Keating, 2004 I am on a theater stage and I pretend to believe in it I am pretending that France is a great country It is a perpetual illusion Charles de Gaulle These words raised the relevant questions for this study Is the much lauded cross party consensus on France's great power status a myth intended to promote internal cohesion and the French identity How has this affected the Franco American security relationship Analyzing the National Assembly debates on the country's military program laws the author applies constructivist concepts to answer these questions Tamara Keating studied international relations at the universities of Passau Paris and Hamburg and is now working at the European Parliament

**Politics in Western Europe** M. Donald

Hancock, 1993 *The Right in France* Nicholas Atkin, Frank Tallett, 1998 Provides an overview of the French Right in its many guises The text includes essays on aspects of the Right from the revolution of 1789 covering themes such as gender empire race and ethnicity It also provides insights into territory such as Bonapartism Vichy and Gaullism The French Right is a constant evolving and continuing theme in all aspects of the political life of the French nation shaping much of this country's nation state from the Revolution to the present and is now a burning contemporary issue The authors show how the

influence of the French Right has entered into all areas of political economic social cultural religious and especially racial aspects of French life This revised and updated work edition reveals how the French Right has been a major factor in Bonapartism the Vichy experience and the World Wars Gaullism post Gaullism and the present resurgence of the Right under Le Pen This edition takes the story up to the present and demonstrates that the French Right despite electoral defeat remains a potent force and an underlying constant in French political experience *Comparative Politics* Rolf H. W. Thoen, Frank Lee Wilson, 2001 Thoen profiles seven countries Britain France Federal Republic of Germany the Russian Federation Japan the People's Republic of China and Nigeria **Le Comparative Politics** Charles Hauss, 2005-07 The Cold War, 1945-1991: Leaders and other important figures in the United States and Western Europe Benjamin Frankel, 1992 Presents a chronology of the Cold War from 1945 through 1991 and features alphabetically arranged entries that examine the major events concepts terms and themes that dominated the period *International Affairs Review*, 1996 The Best Books for Academic Libraries: World history, 2002 Books recommended for undergraduate and college libraries listed by Library of Congress Classification Numbers *Beyond Confrontation* Charles Hauss, 1996-05-14 This book is about conflict resolution and the ways that it can change the world **Historical Abstracts**, 1991 **Gaullism** Anthony Hartley, 2025-09-12 Gaullism 1972 is a historical analytical study of the social and political movement of Gaullism examining its political philosophy and practice and its originator Charles de Gaulle Starting with an analysis of de Gaulle's philosophy and the background of the Third Republic the book traces the development of Gaullism during the war years and the Fourth Republic details the founding of the Fifth Republic and its foreign and domestic policy and examines the problems that came to a dramatic crystallization in the riots of May 1968 *Perspectives on France* Philip J.-L. Westfall, 1984 *The Politics of Grandeur* Philip G. Cerny, 1980-03-06 De Gaulle was the first major Western leader to pursue a foreign policy designed consistently to break the vicious circle of the Cold War and the straitjacket of the nuclear balance of terror between Russia and the United States At the same time he sought to establish in France a new set of institutions designed to break another vicious circle that of the divisive conflicts between French social groups and political parties which led to weak governments and an ineffective state This book studies the link between these two aims both by examining de Gaulle's political aims and style in a political and cultural context and by looking first at French policy towards the Atlantic alliance and then at the impact of de Gaulle's foreign policy on domestic politics As a result many of the orthodox notions about de Gaulle are questioned *Exile* Christopher D. Brooks, 2010 **The Agony of France** Andrew Sangster, 2016-06-22 The Agony of France is written in three parts in a thematic style to enable easy referencing both for the student of history and the general reader The first part deals with the Defeat of France in 1940 examining scholarship over the last seventy years in order to extrapolate the major factors The second part explores Vichy France the political Collaboration and the various shades of collaborationism from the criminal and dedicated to that of sheer survival This part looks at the problems of a modern

Western democratic society suffering under a military occupation the role of the French Church during this period and the appalling circumstances surrounding anti-Semitism The third part explores the nature of French resistance the role of de Gaulle and finishes with the postwar recriminations and trials Unlike many Anglo-Saxon histories this book adopts a more sympathetic attitude towards the French plight and examines the nature of de Gaulle's myth building that France liberated itself The book demonstrates that historical mythology is part of every country's history when seeking its own redemption from the past It will be of use to the student of history as well as a wider readership interested in the circumstances surrounding Vichy rule in France
