## **Politics In The Netherlands How Much Change:**

**Politics in the Netherlands** Hans Daalder, Galen A. Irwin, 1989 First Published in 1989 Routledge is an imprint of Taylor Francis an informa company

**Governance and Politics of the Netherlands** Rudy B. Andeweg, Galen A. Irwin, Tom Louwerse, 2020-08-27 The new fifth edition of this leading textbook provides a clear and comprehensive account of governance and politics in the Netherlands The book has been revised throughout to provide full coverage of recent developments and events including the latest proposals for constitutional reform The Netherlands has often been characterized as a place of political calm with a culture of cooperation and compromise in dealing with key political issues Now at a time when climate change and immigration are high on the political agenda the electorate is growing ever more unpredictable and political fragmentation makes forming majority coalitions increasingly difficult it is vital to question how the Dutch system will continue to achieve consensus With this in mind the authors take a comparative and analytical approach as they examine the features of the country's political system that have long made it a subject of study for political scientists Governance and Politics of the Netherlands provides both students and scholars with a complete and reliable introduction to a country whose small size belies its importance in comparative political analysis New to this Edition Fully revised and updated throughout to reflect the latest developments events and issues Cites the most recent data sources e.g national election study and parliamentary study Discusses latest proposals for constitutional reform

**Politics in the Dutch Economy** Bart Snels, 2018-12-20 First published in 1999 this volume surveys economic theories of political mechanisms as well as political theories of the influence of the institutional context in which decisions about social economic policies are being made In the first half of the seventeenth century the Dutch Republic emerged as one of Europe's leading maritime powers The political and military leadership of this small country was based on large scale borrowing from an increasingly wealthy middle class of merchants manufacturers and regents This volume presents the first comprehensive account of the political economy of the Dutch republic from the sixteenth to the early nineteenth century Building on earlier scholarship and extensive new evidence it tackles two main issues the effect of political revolution on property rights and public finance and the ability of the nation to renegotiate issues of taxation and government borrowing in changing political circumstances

**The Political Mobilization of the European Left, 1860-1980** Stefano Bartolini, 2000-08-28 In an in depth comparative analysis Stefano Bartolini studies the history of socialism and working class politics in Western Europe While examining the social contexts organizational structures and political developments of thirteen socialist experiences from the 1860s to the 1980s he reconstructs the steps through which social conflict was translated and structured into an opposition as well as how it developed its different organizational and ideological forms and how it managed more or less successfully to mobilize its reference groups politically

Party Elites in Divided Societies Kris Deschouwer, Kurt Richard Luther, 2004-01-14 Working from the basis of Arend Lijphart's 1968 work on divided societies the authors go on to look at

such cultures and subcultures thirty years on bringing in new evidence and analysis to bear on the issue They also examine the essential role of party politics within and between these D framing comparisons with a number of countries from Belgium to Israel

**Changing Party Systems in Western Europe** David Broughton, Mark Donovan, 1999-01-04 This is an analysis of the changing pressures and demands placed on party systems in 11 countries in Western Europe since 1945 This book includes studies of the party system in Britain France Italy and Germany as well as studies of Spain Portugal Ireland Sweden Austria Belgium and the Netherlands Five major themes are examined in each chapter First the broad development of the party system is accompanied by a discussion of how different party system typologies have been applied to each country Secondly a detailed discussion of the historical background to party system developments is provided dealing with the main divisions derived from the typology of Lipset and Rokkan Thirdly the most important contextual variables are considered in terms of the electoral environment within which the party system operates Next consideration is given to the degree of unfreezing of the party system since 1945 and the changing balance between stability and change Finally major questions of change and adaptation are examined updating the text

Religion and Mass Electoral Behaviour in Europe David Broughton, Hans-Martien ten Napel, 2000-12-14 The onset of a new millennium has given renewed impetus to the study of religion and its place in the secular world Religion and Mass Electoral Behaviour in Europe is an innovative cutting edge study which focuses on the question of whether and how religion continues to influence and shape electoral behaviour across Europe With exceptional detail this book presents empirical data drawn from a range of country case studies to provide examples of different religious experiences and relationships

**The European Mainstream and the Populist Radical Right** Pontus Odmalm, Eve Hepburn, 2017-03-31 Are populist radical right PRR parties the only alternatives for voters seeking restrictive and assimilationist outcomes Or is a mainstream choice available Popular opinion and social media commentaries often criticize mainstream parties for facing in the same liberal and multicultural direction Literature on parties and elections equally suggests a convergence of policy positions and the disappearance of any significant differences between parties This edited volume is an attempt to challenge such perceptions and conclusions By systematically coding manifestos for seventeen mainstream and six PRR parties in Western Europe the book explores positional differences between mainstream and niche contenders over three key elections between 2002 and 2015 The findings indicate more choice than initially expected but these restrictive and assimilationist options are usually in close proximity to each other and typically less intense than those of the PRR This can help explain the continuous growth of the PRR despite the presence of a mainstream alternative Yet party system dynamics also matter Contributing authors thus investigate a number of arguments in the precarious relationship between mainstream parties the electorate and the PRR as well as between different mainstream parties

**The Referendum Experience in Europe** Pier Vincenzo Uleri, Michael Gallagher, 2016-07-27 The referendum has become established as part of the decision making process in many European countries Experts from each

country survey the historical experience and current debates in Austria Denmark Finland France Ireland Italy the Netherlands Norway Russia and eastern Europe Sweden Switzerland and the United Kingdom The impact of the referendum experience upon European politics is assessed and the merits of the use of the referendum are evaluated with a discussion on the implications for political parties party systems and representative government

**Conservative Parties and the Birth of Democracy** Daniel Ziblatt, 2017-04-17 How do democracies form and what makes them die Daniel Ziblatt revisits this timely and classic question in a wide ranging historical narrative that traces the evolution of modern political democracy in Europe from its modest beginnings in 1830s Britain to Adolf Hitler's 1933 seizure of power in Weimar Germany Based on rich historical and quantitative evidence the book offers a major reinterpretation of European history and the question of how stable political democracy is achieved The barriers to inclusive political rule Ziblatt finds were not inevitably overcome by unstoppable tides of socioeconomic change a simple triumph of a growing middle class or even by working class collective action Instead political democracy's fate surprisingly hinged on how conservative political parties the historical defenders of power wealth and privilege recast themselves and coped with the rise of their own radical right With striking modern parallels the book has vital implications for today's new and old democracies under siege

**Party Responses to Social Movements** Daniela R. Piccio, 2019-03-11 Across the West the explosion of social movement activity since the late 1960s has constituted a participatory revolution that has posed profound challenges for formal political parties Through an analysis of new interviews institutional documents and a host of other largely unexploited sources Daniela R Piccio provides a rich and empirically grounded exploration of the wide ranging responses to these movements Focusing on Italy and the Netherlands since the 1970s Party Responses to Social Movements demonstrates how political parties have incorporated the demands of movements to a surprising extent even as both have grappled with fundamental and inevitable tensions between their respective roles and aims

**Europe Since 1945** Bernard A. Cook, 2001 Employing 286 scholars this two volume encyclopedia contains entries on post World War II European political history and groups significant events and persons the economy religion education the arts women's issues writers and more

**Social Capitalism** Kees van Kersbergen, 2003-09-02 First published in 2004 Routledge is an imprint of Taylor Francis an informa company

**The European Union and National Defence Policy** Jolyon Howorth, Anand Menon, 2005-08-18 Filling a surprising gap in existing studies this book addresses many of the unanswered questions surrounding the role of European integration in shaping national defence policy The impressive array of contributors consider the pressures on state policy emanating from the process of integration The book is divided into three distinct parts an outline of the tortuous history of attempts to link defence with European integration a study of the four larger member states France Germany Italy and the UK as well as a chapter on The Netherlands an analysis

of the effects of the nuclear weapons and arms procurement policies This the second book in The State and the European Union series sheds light on an increasingly important and topical aspect of contemporary European security and will be essential reading for those studying European Politics Public Policy and International Relations *Power-Sharing and Consociational Theory* Brighid Brooks Kelly, 2019-03-25 Fifty years ago academics and policymakers throughout the world agreed that it was impossible for certain sets of historically antagonistic groups to coexist peacefully on a long term basis This book examines the system of consociation which was identified by Arend Lijphart and ended that pessimistic consensus Lijphart s specific observations concerning the impact of consociation are assessed quantitatively and qualitatively facilitated through careful operationalization of his descriptions of consociation s four components grand coalition minority veto proportionality and segmental autonomy Insights derived from a dataset representing the experiences of eighty eight countries are examined further through case study analysis of the seven societies most often discussed in relation to consociation Austria Belgium Canada the Netherlands Northern Ireland South Africa and Switzerland The components of consociation are found to promote lasting peace in divided societies most successfully when combined with additional incentives for the encouragement of cross cutting cleavages and shared loyalties **Comparative European Party**

**Systems** Alan Siaroff, 2002-09-11 This book provides a comprehensive analysis of the party systems of the whole continent of Europe This work also includes case studies of the Baltic States and Balkan democracies and goes as far east as Russia Ukraine Georgia and Turkey The Handbook of Election News Coverage Around the World Jesper Strömbäck, Lynda Lee Kaid, 2009-09-10 The Handbook of Election Coverage Around the World focuses on the news coverage of national elections in democracies around the globe It brings together and compares election news coverage within a single framework offering a systematic consideration of various factors Considering the prominence and power of the press in the election process this volume will offer unique breadth in its global consideration of the topic The volume will appeal to scholars in political communication political science mass media and society and others studying elections and media coverage around the world

State and Nation in Multi-ethnic Societies Uri Ra'anan, 1991 Asks whether there are lessons to be drawn for contemporary multi ethnic societies from the experience of the Austro Hungarian monarchy in its last decades Also asks if ideas about the state nation relationship from that period of Austrian Social Democracy can have applicability today *How Parties Organize* Richard S Katz, Peter Mair, 1994-11-15 This book takes a close look inside political parties bringing together the findings of an international team of leading scholars Building on a unique set of cross national data on party organizations the contributors set out to explain how parties organize how they have changed and how they have adapted to the changing political and organizational circumstances in which they find themselves The contributors are recognized authorities on the party systems of their countries and have all been involved in gathering data on party membership party finance and the internal structure of power They add to the analysis of these original data an expert knowledge of the wider

political patterns in their countries and thus provide insight into the development of parties and party systems from the perspective of party organizations themselves. *How Parties Organize* offers the most systematic and comparable analysis of party organization in contemporary Europe and the United States.
