## **Politics Of China The Eras Of Mao And Deng:**

**The Politics of China** Roderick MacFarquhar, 1997-01-13 The essays that make up this volume offer the reader a full introduction to and analysis of the politics of the People's Republic of China from 1949 to the mid 1990s

**The Politics of China** Roderick MacFarquhar, 1997-01-13 Bringing together substantial essays by leading scholars this volume offers a comprehensive introduction to and analysis of the politics of the People's Republic of China from 1949 to the mid 1990s The first four chapters are drawn from The Cambridge History of China Volumes 14 and 15 The last two chapters have been written specifically for the second edition Richard Baum's chapter covers the events of the 1980s and Joseph Fewsmith's concluding essay extends the coverage into the 1990s

**Chinese Politics from Mao to Deng** Victor C. Falkenheim, 1989

**Burying Mao** Richard Baum, 2018-06-05 For almost two decades after Mao Zedong's death an epic no holds barred contest was waged in China between orthodox Marxists and reformers With Deng Xiaoping's strong support the reformers ultimately won but they and China paid a heavy price Here Richard Baum provides a lively comprehensive guide to the intricate theater of post Mao Chinese politics He tells the intriguing story of an escalating intergenerational clash of ideas and values between the aging revolutionaries of the Maoist era and their younger more pragmatic successors Baum deftly analyzes the anatomy of the reformers ultimate victory in his brilliant reconstruction of the twists and turns of the reform process

*The End of the Maoist Era: Chinese Politics During the Twilight of the Cultural Revolution, 1972-1976* Frederick C Teiwes, Warren Sun, 2014-12-18 This book launches an ambitious reexamination of the elite politics behind one of the most remarkable transformations in the late twentieth century As the first part of a new interpretation of the evolution of Chinese politics during the years 1972-82 it provides a detailed study of the end of the Maoist era demonstrating Mao's continuing dominance even as his ability to control events ebbed away The tensions within the gang of four the different treatment of Zhou Enlai and Deng Xiaoping and the largely unexamined role of younger radicals are analyzed to reveal a view of the dynamic of elite politics that is at odds with accepted scholarship The authors draw upon newly available documentary sources and extensive interviews with Chinese participants and historians to develop their challenging interpretation of one of the most poorly understood periods in the history of the People's Republic of China

**The Nature of Chinese Politics: From Mao to Jiang** Jonathan Unger, 2016-09-16 This book describes and analyzes how politics among the Chinese leadership has operated and evolved from the period of Mao's court up to the present day Part I explores politics under Mao and Deng For this section the five leading western analysts of elite Chinese politics Lowell Dittmer Lucian Pye Frederick Teiwes Andrew Nathan and Tsou Tang have contributed major papers that measure the empirical evidence against political science theory recent Chinese history and Chinese political culture Part II explores and analyzes the ongoing changes in Chinese politics during Jiang's tenure and includes analyzes by almost all the leading English language scholars in the field

**Chinese Politics in the Xi Jinping Era** Cheng Li, 2016-10-18 Chinese politics are at a crossroads as President Xi Jinping

amasses personal power and tests the constraints of collective leadership In the years since he became general secretary of the Chinese Communist Party in 2012 Xi Jinping has surprised many people in China and around the world with his bold anti corruption campaign and his aggressive consolidation of power Given these new developments we must rethink how we analyze Chinese politics an urgent task as China now has more influence on the global economy and regional security than at any other time in modern history Chinese Politics in the Xi Jinping Era examines how the structure and dynamics of party leadership have evolved since the late 1990s and argues that inner party democracy the concept of collective leadership that emphasizes deal making based on accepted rules and norms may pave the way for greater transformation within China s political system Xi s legacy will largely depend on whether he encourages or obstructs this trend of political institutionalization in the governance of the world s most populous and increasingly pluralistic country Cheng Li also addresses the recruitment and composition of the political elite a central concern in Chinese politics China analysts will benefit from the meticulously detailed biographical information of the 376 members of the 18th Central Committee including tables and charts detailing their family background education occupation career patterns and mentor patron ties

**The Politics of the Core Leader in China** Xuezhi Guo,2019-05-09 This is the first full length scholarly study of the Chinese core leader and his role in the Chinese Communist Party s elite politics

**China in the Era of Deng Xiaoping: A Decade of Reform** M.Y.M. Kau,Susan H. Marsh,Michael Ying-mao Kau,2016-09-16 This is a reference on the ten years 1978 to 1987 of Deng Xiaoping s power in China It also offers the views of Sinologists of the time The concluding section examines policy implications arising from Deng s rule for the four great East Asian powers

**Continuities Between Mao Zedong's China and Deng Xiaoping's China** Julian Ostendorf,2011-07 Essay from the year 2011 in the subject History Asia grade 2 0 University of Warwick Department of History course China since 1900 language English abstract Das Essay untersucht die politische Entwicklung China seit Gr ndung der PRC unter Mao Zedong bis zur ffnung Chinas und seiner Modernisierung unter Deng Xiaoping Dazu werden die Rolle des Staates bzw der Kommunistischen Partei die zentrale Frage der Wirtschaftspolitik sowie die Rolle Chinas in den internationalen Beziehungen und seine Strategie in einer sich ndernden weltpolitischen Lage untersucht

**Reform, Legitimacy And Dilemmas: China's Politics And Society** Gungwu Wang,Yongnian Zheng,2001-02-06 How has China s post Deng leadership governed the country How have the changing social and political environments shifted the bases of political legitimacy What strategies has Jiang Zemin adopted to cope with new circumstances in order to strengthen his leadership What are the challenges these new reform measures have generated for the leadership And how have domestic concerns constrained the leadership s intention in China s foreign relations These are some of the questions which this volume attempts to address The authors agree that Jiang Zemin is not a man without any political initiative He has struggled to establish his own style of leadership and to strengthen the legitimacy of his leadership by setting forth new rules and institutions for political games and by finding new measures to cope with new

challenges This collection of articles shows the success Jiang and his colleagues have had in strengthening their leadership how the different reform measures have strengthened Jiang's rule and how the ongoing reform has created new challenges for his regime

*Handbook of the Politics of China* David S.G. **Politics in China** William A. Joseph,2019-04-25 On October 1 2019 the People's Republic of China PRC will celebrate the 70th anniversary of its founding And what an eventful and tumultuous seven decades it has been During that time under the leadership of the Chinese Communist Party CCP China has been transformed from one of world's poorest countries into one of its fastest growing economies and from a weak state barely able to govern or protect its own territory to a rising power that is challenging the United States for global influence But in the late 1950s the PRC experienced the most deadly famine in human history caused largely by the actions and inactions of its leaders Not long after there was a collapse of government authority that pushed the country to the brink of and in some places actually into civil war and anarchy And in 1989 the CCP unleashed the army to brutally crush demonstrations by students and others calling for political reform China is now for the most part peaceful prospering and proud The CCP maintains a firm grip on power through a combination of harsh repression and popular support largely based on its recent record of promoting rapid economic growth Yet the party and country face serious challenges on many fronts

including a slowing economy environmental desecration pervasive corruption extreme inequalities ethnic unrest and a rising tide of social protest Politics in China provides an accessible yet authoritative introduction to how the world's most populous nation and rapidly rising global power is governed today The third edition has been extensively revised thoroughly updated and includes a new chapter on the internet and politics in China The book's chapters provide overviews of major periods in China's modern political history from the mid nineteenth century to the present examinations of key topics in contemporary Chinese politics and analyses of developments in four important areas located on China's geographic periphery Tibet Xinjiang Hong Kong and Taiwan

**Politics in China** William A. Joseph, 2010 Sixty years ago China was one of the poorest countries in the world populated mostly by rural peasants and still suffering from more than a century of internal turmoil and international humiliation Today China is a rapidly modernizing economic dynamo with growing global influence Politics in China is an authoritative introduction to how this transformation occurred and how China is governed today Written by an international team of highly regarded China scholars each chapter offers an accessible overview of a key topic in Chinese politics The opening section provides readers with a firm grounding in China's modern political history from the fall of the last imperial dynasty through era of communist rule under Mao Zedong Deng Xiaoping and their successors The next section covers the political system with chapters on Communist Party ideology the structure of the political system and the policies behind the country's spectacular economic performance The book then focuses on several major issues in China today politics in the countryside and the cities the arts the environment public health and population policy The final chapters cover politics in four important areas located on China's geographic periphery Tibet Xinjiang Hong Kong and Taiwan Comprehensive and fully up to date in its coverage Politics in China is essential not only for students studying contemporary China but for any reader interested in learning how this rising power has evolved in recent times and the workings of its current political system

**Politics in China Since 1949** Robert Weatherley, 2007-01-24 Since the victory of the 1949 revolution the incumbency of the Chinese Communist Party has been characterized by an almost relentless struggle to legitimize its monopoly on political power During the Mao era attempts to derive legitimacy focused primarily on mass participation in political affairs a blend of Marxist and nationalist ideology and the charismatic authority of Mao Zedong The dramatic failure of the Cultural Revolution forced the post Mao leadership to discard these discredited paradigms of legitimacy and move towards an almost exclusively performance based concept founded on market economic reform The reforms during the 1980s generated a number of unwelcome but inevitable side effects such as official corruption high unemployment and significant socio economic inequality These factors culminated ultimately in the 1989 demonstrations in Tiananmen Square and throughout China Since Tiananmen the party has sought to diversify the basis of its legitimacy by adhering more closely to constitutional procedures in decision making and to a certain extent by reinventing itself as a conservative nationalist party This probing study of post communist revolution Chinese politics sets out to discover if there is

a plausible alternative to the electoral mode or if legitimacy is the exclusive domain of the multi party system      **Politics in China** Ian Derbyshire,1991      **China's Elite Politics** Zhiyue Bo,2010 A sequel to the author s trailblazer China s Elite Politics Political Transition and Power Balancing published by World Scientific in 2007 this book tackles the issue of governance in China It provides up to date information on China s political elites and evaluates their ability to deal with crises through four case studies Snowstorm in the South the Tibet issue the Sichuan Earthquake and the Beijing 2008 Olympic Games Along with China s Elite Politics Political Transition and Power Balancing this book provides rich empirical information on and insightful theoretical understanding of national level politics in China and serves as a good reference source for students of Chinese politics      Burying Mao Richard Baum,Princeton University Press,1996      **China's Leaders** David Shambaugh,2021-06-25 Since the founding of the People s Republic of China over 70 years ago five paramount leaders have shaped the fates and fortunes of the nation and the ruling Chinese Communist Party Mao Zedong Deng Xiaoping Jiang Zemin Hu Jintao and Xi Jinping Under their leaderships China has undergone an extraordinary transformation from an undeveloped and insular country to a comprehensive world power In this definitive study renowned Sinologist David Shambaugh offers a refreshing account of China s dramatic post revolutionary history through the prism of those who ruled it Exploring the persona formative socialization psychology and professional experiences of each leader Shambaugh shows how their differing leadership styles and tactics of rule shaped China domestically and internationally Mao was a populist tyrant Deng a pragmatic Leninist Jiang a bureaucratic politician Hu a technocratic apparatchik and Xi a modern emperor Covering the full scope of these leaders personalities and power this is an illuminating guide to China s modern history and understanding how China has become the superpower of today Also available as an audiobook
