Politics Of Equality New Zealands Advent:

The Politics of Equality Leslie Lipson, 2011-03-01 In January 1939 Leslie Lipson became the foundation Professor of Political Science at Victoria and in the University of New Zealand as a whole During his seven years in Wellington he wrote *The Politics of Equality New Zealand s Adventures in Democracy* published in 1948 by the University of Chicago Press This was immediately recognised as a classic contribution to our political literature but it has long been out of print *Politics, Social Theory, Utopia and the World-System* C. el-Ojeili, 2012-01-25 It is common to hear that we live in unique turbulent and crisis ridden times and this turbulence transformation and crisis are said to be deeply significant perhaps threatening for the human sciences Responding to such claims this book provides an accessible engagement with pressing contemporary topics such as violence social movements equality identity and democracy Foregrounding the imagination of possibilities utopia the mapping of the present theory and the transformation of the world system historical and global questions the book surveys central issues and paradigms in contemporary political sociology urging a recommitment to certain concepts and traditions for guidance in thinking and acting in the world *Sport in Aotearoa New Zealand* Damion Sturm, Roslyn Kerr, 2021-12-28 This fascinating book investigates the sporting traditions successes systems terrains and contemporary issues that underpin sport in New Zealand also known by its M ori name of Aotearoa The book unpacks some of the cliches around the place prominence and impact of sport and recreation in Aotearoa New Zealand in order to better understand the country s sporting history cultures institutions and systems as well as the relationship between sport and different sections of society in the country Exploring traditional sports such as rugby and cricket indigenous M ori sport outdoor recreation and contemporary lifestyle and adventure sports such as marching and parkour the book examines the contested and conflicting societal geographical and managerial issues facing contemporary Aotearoa New Zealand sport Essential reading for anybody with a particular interest in sport in Aotearoa New Zealand this book is also illuminating reading for anybody working in the sociology of sport sport development sport management sport history or the wider history politics and culture of Aotearoa New Zealand or the South Pacific [The Politics of Social Democracy](#) Rob Manwaring, 2021-05-12 This book addresses the meaning of contemporary social democracy and how the centre left is navigating through its current identity crisis through a series of cases of social democratic and labour parties across Europe and the Anglosphere The book examines the ideological policy electoral and organisational dilemmas facing the centre left Taking in cases including those from the UK Austria France Germany Scandinavia Australia and New Zealand it outlines and explores the current and future trajectories of the family of centre left parties This text will be of key interest to students scholars and interested readers of labour and social democratic politics centre left political parties trade unions the future of the centre left and more broadly to those studying political parties European and comparative politics [The Queen's Other Realms](#) Peter John Boyce, 2008 Canada Australia and New Zealand inherited and adapted a monarchical framework of government even in the absence of a resident monarch

Although steady transfer of the royal prerogative to a popularly elected executive has enabled these three former dominions to be sometimes described as crowned republics or disguised republics there was no popular drive to abandon monarchy until the 1990s and even then the republican cause was based largely on issues of symbolism and national identity than on perceived core weaknesses in the political system This book traces the long and sometimes subtle process of localising monarchy in the vice regal office from the mid twentieth century onwards and compares the powers and functions of the Queen s surrogates with each other and with those of the monarch herself including their recourse to the so called reserve powers Among the key questions posed in this comparative study are Can the current monarchical system be refined to the point of countering republican sentiment Why has the republican argument gained more momentum in Australia than in Canada or New Zealand Can a republican model retain residual monarchic elements What is likely to be the lasting legacy of the Crown in these three strikingly similar political cultures The author s underlying loyalties are neither firmly monarchist nor firmly republican He is convinced however that the combined effects of a strong sense of national identity and an increasingly presidential style of political leadership within these three Westminster derived systems make it difficult for contemporary governors general or their state and provincial colleagues to fulfil two of their key roles to unite and inspire the people on the one hand and to be a credible constitutional watchdog on the other

Activism, Feminism, Politics and Parliament Margaret Wilson, 2021-08-13 Margaret Wilson has always lived a political life From her days as a child growing up in the Waikato in a Catholic family attuned to fairness an unlikely law student in the 1960s in a class with a few other women and an emerging socialist feminist who read radical texts and attended women s conventions her key concerns became cemented early the rights of women and equality for all under the law This is the story of one of New Zealand s most eminent political actors A policy focused campaigner reluctant to join a political tribe and uncomfortable with the combative attitudes and personal jockeying that politics seemed to entail Wilson nevertheless rose to become the president of the Labour Party during the turbulent mid 1980s Going on to become a central far sighted occasionally controversial minister in the Clark government Wilson held significant roles as Attorney General and Speaker of the House

Activism, Feminism, Politics and Parliament is a powerful analysis of political life in New Zealand over four decades From pay equity to a home grown Supreme Court employment relations legislation to paid parental leave the policies Wilson championed were based always in the long held principles of a true conviction politician

to New Zealand and a dedicated section on the South Pacific This Yearbook covers the period 1 January 2022 to 31 December 2022 *The Canadian Historical Review* ,1948 *A History of New Zealand Women* Barbara Brookes,2016-02-15 What would a history of New Zealand look like that rejected Thomas Carlyle s definition of history as the biography of great men and focused instead on the experiences of women One that shifted the angle of vision and examined the stages of this country s development from the points of view of wives daughters mothers grandmothers sisters and aunts That considered their lives as distinct from though often unwillingly influenced by those of history s great men In her ground breaking History of New Zealand Women Barbara Brookes provides just such a history This is more than an account of women in New Zealand from those who arrived on the first waka to the Grammy and Man Booker Prize winning young women of the current decade It is a comprehensive history of New Zealand seen through a female lens Brookes argues that while European men erected the political scaffolding to create a small nation women created the infrastructure necessary for colonial society to succeed Concepts of home marriage and family brought by settler women and integral to the developing state transformed the lives of M ori women The small scale of New Zealand society facilitated rapid change so that by the twenty first century women are no longer defined by family contexts In her long awaited book Barbara Brookes traces the factors that drove that change Her lively narrative draws on a wide variety of sources to map the importance in women s lives not just of legal and economic changes but of smaller joys such as the arrival of a piano from England or the freedom of riding a bicycle *New Zealand in Evolution, Industrial, Economical and Political ...* Guy Hardy Scholefield,1909 **Report on the Population, Migration and Buildings Statistics of New Zealand** New Zealand. Department of Statistics,1923 *Development and Crisis of the Welfare State* Evelyne Huber,John D. Stephens,2010-04-15 Evelyne Huber and John D Stephens offer the most systematic examination to date of the origins character effects and prospects of generous welfare states in advanced industrial democracies in the post World War II era They demonstrate that prolonged government by different parties results in markedly different welfare states with strong differences in levels of poverty and inequality Combining quantitative studies with historical qualitative research the authors look closely at nine countries that achieved high degrees of social protection through different types of welfare regimes social democratic states Christian democratic states and wage earner states In their analysis the authors emphasize the distribution of influence between political parties and labor movements and also focus on the underestimated importance of gender as a basis for mobilization Building on their previous research Huber and Stephens show how high wages and generous welfare states are still possible in an age of globalization and trade competition
