Politics Of Parenting:

The Politics of Parenthood Mary Frances Berry, 1994-03-01 A distinguished scholar presents a landmark historical perspective on parenthood in America This trailblazing book suggests that behind the rhetoric of maternal responsibility are issues of power resources and control Berry s book could be a significant impetus for corporate executives and political leaders conservatives and liberals and mothers and fathers to support parental involvement that is gender free The Washington Post Book World Parenting: Principles and Politics of Parenthood Sidney Cornelia Callahan, 1973

Mothers and Others Melanee Thomas, Amanda Bittner, 2017-09-22 When women in politics interact with reporters opponents and constituents they are forced to confront their parental status If they have children they are questioned about their competence in both their public and private lives If they don t they face criticism for not understanding or relating to key policy domains This damned if you do damned if you don t conundrum raises difficult questions about the intersection of gender parental status and politics Mothers and Others examines key areas of citizen engagement with the political system political careers the media and political behaviour to argue that being a parent is a gendered political identity that influences how why and to what extent women and men engage with politics The first major comparative analysis of the role of parenthood in politics Mothers and Others makes important observations about what we know and what we still need to find out

Politics of Parenting William Braxton Irvine, 2003-03 The Politics of Parenting completes the task begun in Irvine s *Doing Right by Children* in which he examined the moral obligations of parenthood and argued that parents should not act as owners of their children but as stewards who care for their children s best interests In this volume he considers the extent to which the government should force parents to do right by their children BOOK JACKET **Parenting** Sidney Cornelia Callahan, 1974 *Everything Voluntary* Skyler J. Collins, 2012-05-07 From the Introduction The mainstream political

education and parenting philosophies all have one thing in common promoting the domination of one group of people over another In politics this is the ruling class i e politicians and bureaucrats over the ruled In education and parenting this is teachers or parents over their children Someone s interest prevails over someone else s and in these arenas violent solutions prevail over peaceful ones The purpose of this book is to question the virtues of human relations based on violent coercion and to promote instead human relations based on mutual consent For it is under one type or the other that human interaction in all arenas of life necessarily fall From large scale social organization and maintenance to the small scale family unit it is the position of this editor that peace and prosperity are most likely achieved through relations based on mutual consent This book should prime the reader to develop an understanding and commitment to the political social and life philosophy called voluntarism Back Cover Endorsements A wonderful selection of first rate essays on one of the most important principles of civilized life cooperating with people instead of controlling taxing dragooning bullying or bombing them Bravo Skyler Collins Lawrence W Reed author of *Striking The Root* and president of the Foundation for Economic Education This collection is

especially valuable because it comes from the mind of someone who became convinced of the case for liberty and so we have here some of the most intellectually compelling literature of the modern libertarian world The application to family life presents a serious challenge even to those who embrace political and economic liberty but puzzle about how to apply these principles in their own life In this there is a collection about high thought and real action and that s a beautiful combination Jeffrey Tucker author of It s a Jetson s World and Bourbon for Breakfast executive editor of Laissez Faire Books and former editorial vice president of the Ludwig von Mises Institute This book contains a very useful well organized and carefully selected set of essays centered around the idea of human liberty what Hazlitt called cooperatism Foundations of Morality p xii and what the editor calls voluntaryism In addition to covering the basics of politics and economics the book contains a large number of essays devoted to education and parenting This decision makes perfect sense when we realize that our children and the ideas they are exposed to are the greatest hope for liberty in generations to come I highly recommend this excellent volume for beginners activists and seasoned libertarians Stephan Kinsella author of Against Intellectual Property and director of The Center for the Study of Innovative Freedom **The Other Divide** Yanna Krupnikov, John Barry Ryan, 2022-01-20 The key to understanding the current wave of American political division is the attention people pay to politics

Parenting and the State in Britain and Europe, c. 1870-1950 Hester Barron, Claudia Siebrecht, 2016-12-29 This innovative collection draws on original research to explore the dynamic interactions between parents governments and their representatives across a range of European contexts from democratic Britain and Finland to Stalinist Russia and Fascist Italy The authors pay close attention to the various relationships and dynamics between parents and the state showing that the different parties were defined not solely by coercion or manipulation but also by collaboration and negotiation Parents were not passive recipients of government direction rituals and cultures of parenting could both affirm and undermine state politics Readers will find this collection crucial to understanding family life and the role of the state during a period when both underwent significant change

The Politics of Parenthood Laurel Elder, Steven Greene, 2012-08-01 Traces the rising emphasis on parenthood in contemporary American politics Certain events in ones life such as marriage joining the workforce and growing older can become important determinants of political attitudes and voting choice Each of these events has been the subject of considerable study but in The Politics of Parenthood Laurel Elder and Steven Greene look at the political impact of one of lifes most challenging adult experiences having and raising children Using a comprehensive array of both quantitative and qualitative analyses Elder and Greene systematically reveal for the first time how the very personal act of raising a family is also a politically defining experience one that shapes the political attitudes of Americans on a range of important policy issues They document how political parties presidential candidates and the news media have politicized parenthood and the family over not just one election year but the last several decades They conclude that the way the themes of parenthood and the family have evolved as partisan issues at the mass and elite levels has been driven by and

reflects fundamental shifts in American society and the structure of the American family **The Trouble with Snack Time** Jennifer Patico,2020-08-18 Uncovers the class and race dimensions of the cupcake wars In the wake of school lunch reform debates heated classroom cupcake wars and concerns over childhood obesity the diet of American children has become a crisis and the cause of much anxiety among parents Many food conscious parents are well educated progressive and white and while they may explicitly value race and class diversity they also worry about less educated or less well off parents offering their children food that is unhealthy Jennifer Patico embedded herself in an urban Atlanta charter school community spending time at school events after school meetings school lunchrooms and private homes Drawing on interviews and ethnographic observation she details the dilemma for parents stuck between a commitment to social inclusion and a desire for control of their children s eating Ultimately Patico argues that the attitudes of middle class parents toward food reflect an underlying neoliberal capitalist ethic in which their need to cultivate proper food consumption for their children can actually work to reinforce class privilege and exclusion Listening closely to adults and children s food concerns *The Trouble with Snack Time* explores those unintended effects and suggests how the crisis of children s food might be reimagined toward different ends **Families Valued** Jack Nelson-Pallmeyer,1996 **The SAGE Handbook of Political Sociology, 2v** William Outhwaite,Stephen Turner,2017-10-30 The SAGE Handbook of Political Sociology offers a comprehensive and contemporary look at this evolving field of study The focus is on political life itself and the chapters written by a highly respected and international team of authors cover the core themes which need to be understood in order to study political life from a sociological perspective or simply to understand the political world The two volumes are structured around five key areas PART 1 TRADITIONS AND PERSPECTIVES PART 2 CORE CONCEPTS PART 03 POLITICAL IDEOLOGIES AND MOVEMENTS PART 04 TOPICS PART 05 WORLD REGIONS This future oriented and cross disciplinary handbook is a landmark text for students and scholars interested in the social investigation of politics *The Parent as Citizen* Brian Duff,2011 How ideas about parenthood undermine politics *Unfuck Your Parenting* Bonnie Scott,Dr. Faith G. Harper,2024-11-11 How do you raise your kids to be functional adults with big hearts Young people need to learn to stand up against every kind of oppression respect boundaries and consent and gain self compassion while also navigating money friends sex and school How can you prepare children and teens to find joy and stability as they cope with uncertainty violence and disaster especially when your own coming of age lessons weren t so thoughtfully taught Parents and mental health professionals Dr Faith G Harper and Bonnie Scott have written a parenting guide for the 21st century that is a must read for people with children of any age from infancy to adulthood Drawing from their experiences raising diverse politically active young people this book will help you bring up a new generation with tools to change the world for the better all while maintaining your own separate identity and relationships and without losing your mind *The Saturday Review of Politics, Literature, Science and Art* ,1904 **Parenting the Crisis** Tracey Jensen,2018 This book examines how pathologising ideas
