The Palestinian Authority in the West Bank Michelle Pace, Somdeep Sen, 2018-12-19 The Palestinian Authority in the West Bank explores the manner in which the Palestinian Authority's performative acts affect and shape the lives and subjective identities of those in its vicinity in the occupied West Bank The nature of Palestinians statelessness has to contend with the rituals of statecraft that the Palestinian Authority PA and its Palestinian functionaries engage in These rituals are also economically maintained by an international donor community and are vehemently challenged by Palestinian activists antagonistic to the prevalence of the statist agenda in Palestine Conceptually the understanding of the PA s theater of statecraft is inspired by Judith Butler's conception of performativity as one that encompasses several repetitive and ritual performative acts The authors explore what they refer to as the fuzzy state personified in the form and conduct of the PA looks like for those living it from the vantage point of PA institutions NGOs international representative offices and activists Methodologically the book adopts an ethnographic approach by way of interviews and observations in the occupied West Bank and East Jerusalem The Palestinian Authority in the West Bank makes an important and long due intervention by integrating performance studies and politics to suggest an understanding of the theatrics of woeful statecraft in Palestine The book is an essential resource for students and scholars interested in the study of the state International Relations and Politics Palestine Studies and the Middle East **The Politics of International Intervention** Mandy Turner, Florian P. Kühn, 2015-09-16 This book critically explores the practices of peacebuilding and the politics of the communities experiencing intervention The contributions to this volume have a dual focus First they analyse the practices of western intervention and peacebuilding and the prejudices and politics that drive them Second they explore how communities

experience and deal with this intervention as well as an understanding of how their political and economic priorities can often diverge markedly from those of the intervener This is achieved through theoretical and thematic chapters and an extensive number of in depth empirical case studies Utilising a variety of conceptual frameworks and disciplines the book seeks to understand why something so normatively desirable the pursuit of and building of peace has turned out so badly From Cambodia to Afghanistan Irag to Mali interventions in the pursuit of peace have not achieved the results desired by the interveners But rather they have created further instability and violence The contributors to this book explore why This book will be of much interest to students academics and practitioners of peacebuilding peacekeeping international intervention statebuilding security studies and IR in general Scandinavian Diplomacy and the Israeli-Palestinian Conflict Nir Levitan, 2023-04-12 This book scrutinises how three small Scandinavian countries Norway Sweden and Denmark developed a unique foreign policy that brought Israel and the Palestinians to the negotiating table Bringing together the field of soft power diplomacy with the field of conflict mediation the text analyses the specific type of peace diplomacy offered by Scandinavia It identifies the different methods and policies of the three Scandinavian countries as well as the strengths and weaknesses of their mediation strategies Close examination of the historical record through primary and secondary sources in five languages reveals how Scandinavian involvement worked over almost three decades and to what extent it shaped the content of the Oslo peace talks The author documents how the Scandinavian countries employed soft power diplomacy to enlist the aid of more powerful countries and international institutions to compensate for their limited authority and legitimacy and how they used the Middle East peace process to strengthen their own national interests financial standing and international status The book will appeal to scholars diplomats politicians educators and students interested in Scandinavian foreign policy and the Israeli Palestinian conflict Violence, Nonviolence, and the Palestinian National Movement Wendy Pearlman, 2011-10-24 Why do some national movements use violent protest and others nonviolent protest Wendy Pearlman shows that much of the answer lies inside movements themselves Nonviolent protest requires coordination and restraint which only a cohesive movement can provide When by contrast a movement is fragmented factional competition generates new incentives for violence and authority structures are too weak to constrain escalation Pearlman reveals these patterns across one hundred years in the Palestinian national movement with comparisons to South Africa and Northern Ireland To those who ask why there is no Palestinian Gandhi Pearlman demonstrates that nonviolence is not simply a matter of leadership Nor is violence attributable only to religion emotions or stark instrumentality Instead a movement s organizational structure mediates the strategies that it employs By taking readers on a journey from civil disobedience to suicide bombings this book offers fresh insight into the dynamics of conflict and mobilization Routledge Handbook on the Israeli-Palestinian Conflict Joel Peters, David Newman, 2013-03-05 The Israeli Palestinian conflict is one of the most prominent issues in world politics today Few other issues have dominated the world's headlines and have attracted such attention from

Shapiro, 2015-07-21 How do terrorist groups control their members Do the tools groups use to monitor their operatives and enforce discipline create security vulnerabilities that governments can exploit This title examines the great variation in how terrorist groups are structured Between Resistance, Sharia Law, and Demo-Islamic Politics Michael Schulz, 2020-11-03 Despite the fact that many researchers have focused on Hamas armed resistance activities surprisingly few have theorised about the political choices and dilemmas that Hamas has faced in the context of the changing overarching conflict between Israelis and Palestinians This study aims to show theoretically how context dependent Hamas is when formulating its resistance and Demo Islamic practise and that this occurs in interrelations with key actors of the conflict This study also presents important new empirical data that in part also challenges previous research Hamas is one of the very few Islamist organisations that has reached a governance position via democratic and fair elections Thus Hamas can serve as a case study of how Islamist may act in quasi democratic surroundings At the same time Hamas is a key actor in the overarching conflict which has several unique characteristics Hamas armed resistance is described as an instrument for the Jihad against the Israeli occupation However the Dawa work at the grassroots level can also be seen as a resistance practice that can be identified as constructive resistance. The internal discussion in Hamas as to what strategies to apply as will be shown are also formed and impacted by various interrelations with external actors of the conflict The Palestinian public in particular is a key actor that influences Hamas in various ways although Fatah PLO Israel and other external actors also have their specific roles to play The Encyclopedia of the Arab-Israeli Conflict Spencer C.
